Balancing family life and education can be difficult, and what can make it even more challenging is furthering your education while working around the military career of your spouse. This book combines knowledge and expertise to assist in navigating the maze of possible options and in developing a plan of attack for their educational goals.

This series of five study guides prepares a student for all the CLEP general examinations. There are separate books for each of the examinations: English Composition, Natural Science, Humanities, Social Science & Mathematics. There is no better way to study for the CLEP examinations. Each book is complete. There is a subject matter review covering all the material on the examination. This allows a student to refresh knowledge that they have acquired during their life. Each book contains extensive exercises for a student to practice his knowledge. The best way to learn is by solving problems. Finally, each book has a sample test so that a student is able to see if he is ready to take the examination. The books can also be used in conjunction with Comex Systems, Inc.'s video tapes that help people prepare for the CLEP general examinations. Many libraries, military installations & colleges throughout the world have copies of the tapes available for students to use. Remember to think of Comex Systems, Inc. when you are considering test preparation materials. Our twenty-five years of experience & teacher tested materials make us the right choice.
