Perfect for fans of the dystopian settings of The Hunger Games and Divergent, the gripping second installment of the Slated trilogy is a riveting psychological thriller set in a future where violent teens have their memory erased as an alternative to jail. Kyla has been Slated—her personality wiped blank, her memories lost to her forever. Or so she thought. She shouldn’t be able to remember anything. But increasingly she can—and she’s discovering that there are a lot of dark secrets locked away in her memories. When a mysterious man from her past comes back into her life and wants her help, she thinks she’s on her way to finding the truth. But this new knowledge lands her in the middle of a tug-of-war between two dangerous adversaries, and despite her misgivings about both of them, she’s forced to choose a side for her own protection.

The second book in the spine-tingling Dark Matter trilogy. Finding the cause of a deadly epidemic and a cure has never been more urgent--or uncertain. Shay, one of the rare survivors of the epidemic sweeping the UK, has surrendered herself to the Army because she believes she's a carrier of the deadly disease. Along with other survivors, she unwillingly becomes a test subject in an effort to find a cure. When the lab where she's being held is attacked, Shay and a few others escape--with the help of Dr. Alex Cross, Kai's hated stepfather and Callie's father. Alex is the leader of the cult-like group Multiverse. Their agenda is murky, but genetic engineering might be one of their goals. Meanwhile, a heartbroken Kai is determined to find Shay. He's discovered survivors aren't carriers, and Shay sacrificed herself for nothing. Teaming up with other survivors who are being hunted, Kai races to rescue Shay before it's too late. His sister, Callie, the true carrier of the epidemic, continues to hide her secret, and a wave of infection follows in her wake as she travels across the country. As mysteries deepen, the teens must decide whom to trust, and their friendships are tested. Is Callie who she says she is? Should Shay trust the man her mother ran away from--a man Kai hates? Will Kai ever forgive Shay for her betrayal?

Now she must abandon everything and everyone she's ever known—the guardians who raised her, the boy she's forbidden to love—to move to India and convince the world that Amarra is still alive. What Eva finds is a grief-stricken family; parents unsure how to handle this echo they thought they wanted; and Ray, who knew every detail, every contour of Amarra. And when Eva is unexpectedly dealt a fatal blow that will change her existence forever, she is forced to choose: Stay and live out her years as a copy or leave and risk it all for the freedom to be an original. To be Eva. From debut novelist Sangu Mandanna comes the dazzling story of a girl who was always told what she had to be—until she found the strength to decide for herself.
