

Miracles From The Vault By Thompson

An ever-growing body of scientific research demonstrates the importance of holistic treatments that focus on the mind-body connection for good health. In this regard, the folk remedies of the ancient peoples often prove astonishingly effective. This practical guide helps readers apply the remarkable healing power of many of the foods and herbs described in the Old and New Testaments to common ailments. From the use of red wine to cure bacteria and viruses, to the arthritis-easing and wrinkle-removing properties of olive oil, this treasury of practical and inspirational healing secrets includes: The sacred medicinal drink that prevents blood clots, relieves pain, and melts fat off artery walls Real-life examples that demonstrate the curative power of plant oils, figs, grapes, red wine The amazing health-giving power of a blessed grain Information on how doctors and patients have treated canker sores, high blood pressure, tuberculosis, cancer, and heart disease

The Forge School is the most prestigious arts school in the country. The secret to its success: every moment of the students' lives is televised as part of the insanely popular Forge Show, and the students' schedule includes twelve hours of induced sleep meant to enhance creativity. But when first year student Rosie Sinclair skips her sleeping pill, she discovers there is something off about Forge. In fact, she suspects that there are sinister things going on deep below the reaches of the cameras in the school. What's worse is, she starts to notice that the ridges of her consciousness do not feel quite right. And soon, she unearths the ghastly secret that the Forge School is hiding—and what it truly means to dream there. From Caragh M. O'Brien, author of the Birthmarked trilogy comes the first book in a new series, The Vault of Dreamers, a fast-paced, psychologically thrilling novel about what happens when your dreams are not your own.

Max Freedom Long was a preeminent western scholar on the Huna, the psychological philosophies of the ancient polynesian culture that incorporated 'miraculous' events such as hands on healing, fire/hot lava walking, spirit communication and management, and psychic occurrences. This text is a compilation of his case studies and field work. Chapters include The Practical Use Of The Magic Of The Miracle, How The Kahunas Controlled Winds, Weather And The Sharks By Magic, The High Self And The Healing In Psychic Science, The Significance Of Seeing Into The Future In The Psychometric Phenomena And In Dreams, The Incredible Force Used In Magic, Where It Comes From, And Some Of Its Uses, and, Fire-Walking As An Introduction To Magic.

When it comes to disease, who beats the odds — and why? When it comes to spontaneous healing, skepticism abounds. Doctors are taught that “miraculous” recoveries are flukes, and as a result they don't study those cases or take them into account when treating patients. Enter Dr. Jeff Rediger, who has spent over 15 years studying spontaneous healing, pioneering the use of scientific tools to investigate recoveries from incurable illnesses. Dr. Rediger's research has taken him from America's top hospitals to healing centers around the world—and along the way he's uncovered insights into why some people beat the odds. In Cured, Dr. Rediger digs down to the root causes of illness, showing how to create an environment that sets the stage for healing. He reveals the patterns behind healing and lays out the physical and mental principles associated with recovery: first, we need to physically heal our diet and our immune systems. Next, we need to mentally heal our stress response and our identities. Through rigorous research, Dr. Rediger shows that much of our physical reality is created in our minds. Our perception changes our experience, even to the point of changing our physical bodies—and thus the healing of our identity may be our greatest tool to recovery. Ultimately, miracles only contradict what we know of nature at this point in time. Cured leads the way in explaining the science behind these miracles, and provides a first-of-its-kind guidebook to both healing and preventing disease.

Miracles and Material Life

As sightings of the Virgin Mary have increased around the world over the last couple of decades, the Vatican has placed increased importance on a group of theologians, scientists and physicians whose job is to investigate them. These are the miracle detectives. Randall Sullivan's book follows these investigators on the trail of the Virgin Mary from the Vatican City in Rome to Oregon, Arizona, Venezuela, Switzerland, Ireland, Japan and Kenya. What he discovers is that every road and each mystery leads back to a tiny village in Bosnia. There, against the background of the ongoing war, eight young visionaries have been receiving what they say are the final apparitions of the Madonna. These appearances, which began in 1981 in a small village in the former Yugoslavia, have been more thoroughly examined than any purported miraculous phenomenon in history. To date, the results defy explanation. This is an amazing story of religious mysticism, as well as a testing of the author's own faith and beliefs.

Twelve original holiday stories from the top children's writers in the country! What an incredible gift book for Dear Canada fans! The twelve stories in this treasury are set around Christmas time and feature the young girls from a dozen previous Dear Canada books. Readers will be thrilled to reconnect with their favourites and get a glimpse of each character's life a year or so after the events in the actual diary are over. Anyone new to the Dear Canada series will be introduced to characters so compelling,

they'll want to read more.

"Miracles from Heaven is a powerful, healing story about family, love, faith, and hope. It amazed me and it will inspire readers everywhere.---T.D. Jakes, bestselling author of Destiny In a remarkable true story of faith and blessings, a mother tells of her sickly young daughter, how she survived a dangerous accident, her visit to Heaven and the inexplicable disappearance of the symptoms of her chronic disease. Annabel Beam spent most of her childhood in and out of hospitals with a rare and incurable digestive disorder that prevented her from ever living a normal, healthy life. One sunny day when she was able to go outside and play with her sisters, she fell three stories headfirst inside an old, hollowed-out tree, a fall that may well have caused death or paralysis. Implausibly, she survived without a scratch. While unconscious inside the tree, with rescue workers struggling to get to her, she visited heaven. After being released from the hospital, she defied science and was inexplicably cured of her chronic ailment. Miracles from Heaven will change how we look at the world around us and reinforce our belief in God and the afterlife.

#1 New York Times Bestseller Oprah's Book Club Selection The "extraordinary . . . monumental masterpiece" (Booklist) that changed the course of Ken Follett's already phenomenal career—and begins where its prequel, The Evening and the Morning, ended. "Follett risks all and comes out a clear winner," extolled Publishers Weekly on the release of The Pillars of the Earth. A departure for the bestselling thriller writer, the historical epic stunned readers and critics alike with its ambitious scope and gripping humanity. Today, it stands as a testament to Follett's unassailable command of the written word and to his universal appeal. The Pillars of the Earth tells the story of Philip, prior of Kingsbridge, a devout and resourceful monk driven to build the greatest Gothic cathedral the world has known . . . of Tom, the mason who becomes his architect—a man divided in his soul . . . of the beautiful, elusive Lady Aliena, haunted by a secret shame . . . and of a struggle between good and evil that will turn church against state and brother against brother. A spellbinding epic tale of ambition, anarchy, and absolute power set against the sprawling medieval canvas of twelfth-century England, this is Ken Follett's historical masterpiece.

The Happiest People on Earth

A Memoir of Miracles, Hope, and Healing

The Beauty of Love

The Miracle Detective

James Rollins, the New York Times bestselling master of nail-biting suspense and historical mystery, combines cutting-edge biotechnology with a centuries-old secret in an apocalyptic story that reveals where humankind is truly headed The Doomsday Key At Princeton University, a famed geneticist dies inside a biohazard lab. In Rome, a Vatican archaeologist is found dead in St. Peter's Basilica. In Africa, a U.S. senator's son is slain outside a Red Cross camp. The three murders on three continents bear a horrifying connection: all the victims are marked by a Druidic pagan cross burned into their flesh. The bizarre murders thrust Commander Gray Pierce and Sigma Force into a race against time to solve a riddle going back centuries, to a ghastly crime against humanity hidden within a cryptic medieval codex. The first clue is discovered inside a mummified corpse buried in an English peat bog—a gruesome secret that threatens America and the world. Aided by two women from his past—one his exlover, the other his new partner—Gray must piece together the horrifying truth. But the revelations come at a high cost, and to save the future, Gray will have to sacrifice one of the women at his side. That alone might not be enough, as the true path to salvation is revealed in a dark prophecy of doom. Sigma Force confronts humankind's greatest threat in an adventure that races from the Roman Coliseum to the icy peaks of Norway, from the ruins of medieval abbeys to the lost tombs of Celtic kings. The ultimate nightmare is locked within a talisman buried by a dead saint—an ancient artifact known as the Doomsday Key.

For the first time a Naturopathic Doctor opens his vault to unveil the complete list of home remedies used by professionals Holistic Practitioners... All Natural Cures and Home Remedies That Will Give You RELIEF From Your Symptoms NOW Proven In Clinical Trials! "Don't go anywhere, because this could be the most important information about your health you'll ever read!" After researching 1,000's of natural cures and home remedies, spending months sifting through hundreds of reports and studies, and putting my findings to the test on real people in my natural healing clinic... I can say that the majority of natural "cures" are completely bogus. But the ones that are effective seem to work like magic! And many of them can give you almost instant relief from your symptoms. Now, you can get access to my vault of natural cures and home remedies that you can find in your own kitchen cupboard - backed by thousands of hours of scientific research... Example 1: Did you know that if every woman in the United States would get just one nutrient every day breast cancer rates would drop 50 Percent? Example 2: Did you know that you can make a natural laxative that works many times better for constipation than any over the counter laxatives? Just eat four prunes twice a day and you will have the most effective and gentlest home remedy for constipation. Example 3: Did you know that 6 cherries have the same effect as 1 aspirin? Plus cherries are filled with antioxidants! From: Charles Silverman N.D. Certified Naturopathic and Home Remedies Expert Dear Friend, We live in the internet age, where it's easy for just about anyone to give you their two cents on how to live a healthier life. Today, with several thousand chapters around the world, the Fellowship reaches more than a billion people a year with the life-changing message of Christ's love. This book brings the story of its founder and those around him into vivid colour and will inspire all those who read it.

In the Absence of Miracles

Miracles: A Very Short Introduction

The Occult Sciences

Miracle in the Andes

The Rule of Mirrors

The Miracle Morning

This new fantasy-adventure series from N. D. Wilson, bestselling author of 100 Cupboards, pits a misfit twelve-year-old against a maniacal villain with a deadly vendetta. This one-of-a kind story is must read for fans of Brandon Mull and Soman Chainani, and the start of a thrilling tale from a masterful storyteller. Sam Miracle's life is made up of dreams, dreams where he's a courageous, legendary hero instead of a foster kid with two bad arms that can barely move. Sometimes these dreams feel so real, they seem like forgotten memories. And sometimes they make him believe that his arms might come alive again. But Sam is about to discover that the world he knows and the world he imagines are separated by only one thing: time. And that separation is only an illusion. The laws of time can be bent and shifted by people with special magic that allows them to travel through the past, present, and future. But not all of these "time walkers" can be trusted. One is out to protect Sam so that he can accept his greatest destiny, and another is out to kill him so that a prophecy will never be fulfilled. However, it's an adventurous girl named Glory and two peculiar snakes who show Sam the way through the dark paths of yesterday to help him make sure there will be a tomorrow for every last person on earth.

An engaging, inspiring exploration of the surprising value of setbacks—and how we can use them to succeed As an award-winning sports journalist, Sam Weinman has long studied the ripple effects of losing. But as a father of two competitive boys, he struggled to convince them that failing—whether losing a hockey game or bombing a math test—can actually be a critical part of success. So he sought out the perspectives of men and women who have turned significant setbacks into meaningful comebacks—and sometimes even new careers—to illustrate how we can not only overcome defeat but grow stronger from the experience. Blending firsthand interviews and advice from professional athletes, business executives, politicians, and Hollywood stars with expert analysis from leading psychologists and coaches, Win at Losing reveals how renowned figures—from Emmy Award-winning actress Susan Lucci to golfer Greg Norman and politician Michael Dukakis—have prevailed and even triumphed in the aftermath of loss, humiliation, and rejection. In showcasing the ways our most difficult moments can be turned into powerful growth opportunities, this lively and moving guide asks readers to redefine what constitutes success and failure, and offers an essential blueprint for harnessing the power of setbacks to achieve what we want in life.

Well known for the important role he played in the American Restoration Movement, Alexander Campbell was one of the most respected and influential religious figures of 19th-century America. Although Campbell's legacy as a religious leader and theologian has been widely acknowledged and documented, his contributions as a philosopher of religion have been largely neglected. The Philosophy of Religion of Alexander Campbell reintroduces readers to Campbell as a philosopher of religion and explores the philosophical basis for the views underlying his religious movement. It begins with a highly readable discussion of Campbell's role in antebellum American religion and proceeds to an exploration of his philosophical influences. J. Caleb Clanton then reconstructs, explains, and evaluates Campbell's philosophy of religion. He critically examines Campbell's unique, revealed-idea argument for the existence of God—that is, if God did not exist, we could not form the distinct idea of God. Clanton goes on to explore Campbell's defense of miracles, including the resurrection of Christ, and his responses to the problem of evil and the problem of divine hiddenness. The final and most speculative chapter collects and synthesizes from scattered writings Campbell's view on morality and religion—namely that there is no morality without God—which has proven difficult to defend on philosophical grounds. With this book, the author makes a unique and important contribution to the literature of the Stone-Campbell movement. Clanton presents Campbell's views strictly in philosophical terms and evaluates them from a philosophical perspective without regard to religious apologetics. In doing so, he illuminates previously unexplored dimensions of Campbell and his work, both historically and theologically, and clearly validates Campbell's inclusion in contemporary discussions of the philosophy of religion. J. Caleb Clanton is Associate Professor of Philosophy and University Research Professor at Lipscomb University in Nashville.

Sevea reveals a universe of miracle-workers in Islamic Malaya, connecting the supernatural to material life, socioeconomic activities and production.

The Life and Morals of Jesus of Nazareth A Little Girl and Her Amazing Story of Healing

The entire country was watching when Rosie Sinclair was expelled from Forge, the prestigious arts school that doubles as a reality TV show. This fast-paced, psychologically thrilling sequel to "The Vault of Dreamers" follows Rosie after her consciousness has been split in two, as she struggles to balance a new identity with her old.

NEW YORK TIMES BESTSELLER • A harrowing, moving memoir of the 1972 plane crash that left its survivors stranded on a glacier in the Andes—and one man's quest to lead them all home—now in a special edition for 2022, commemorating the fiftieth anniversary of the crash, featuring a new introduction by the author "In straightforward, staggeringly honest prose, Nando Parrado tells us what it took—and what it actually felt like—to survive high in the Andes for seventy-two days after having been given up for dead."—Jon Krakauer, author of *Into the Wild* "In the first hours there was nothing, no fear or sadness, just a black and perfect silence." Nando Parrado was unconscious for three days before he woke to discover that the plane carrying his rugby team to Chile had crashed deep in the Andes, killing many of his teammates, his mother, and his sister. Stranded with the few remaining survivors on a lifeless glacier and thinking constantly of his father's grief, Parrado resolved that he could not simply wait to die. So Parrado, an ordinary young man with no particular disposition for leadership or heroism, led an expedition up the treacherous slopes of a snowcapped mountain and across forty-five miles of frozen wilderness in an attempt to save his friends' lives as well as his own. Decades after the disaster, Parrado tells his story with remarkable candor and depth of feeling. *Miracle in the Andes*, a first-person account of the crash and its aftermath, is more than a riveting tale of true-life adventure; it is a revealing look at life at the edge of death and a meditation on the limitless redemptive power of love.

A young man discovers a family secret that turns his world upside down in this dark, emotive, shocking psychological thriller by number-one bestselling author Michael J. Malone. 'A tense, immersive thriller that kept me guessing' Ian Rankin 'Malone is the master of twists, turns and the unexpected, with the skill to keep things grounded. So much so, that the reader can picture themselves in the very circumstances described. Superb storytelling from a master of his craft' Herald Scotland 'Beautiful, lyrical prose takes the reader through a perfectly constructed, often harrowing tale' Denzil Meyrick

John Docherty's mother has just been taken into a nursing home following a massive stroke and she's unlikely to be able to live independently again. With no other option than to sell the family home, John sets about packing up everything in the house. In sifting through the detritus of his family's past he's forced to revisit, and revise his childhood. For in a box, in the attic, he finds undeniable truth that he had a brother who disappeared when he himself was only a toddler. A brother no one ever mentioned. A brother he knew absolutely nothing about. A discovery that sets John on a journey from which he may never recover. For sometimes in that space where memory should reside there is nothing but silence, smoke and ash. And in the absence of truth, in the absence of a miracle, we turn to prayer. And to violence. Shocking, chilling and heartbreakingly emotive, *In the Absence of Miracles* is domestic noir at its most powerful, and a sensitively wrought portrait of a family whose shameful lies hide the very darkest of secrets.

'With each turn of the page, a more shocking detail is revealed and some of the people John thought might help him are not who they seem ... The domestic noir tale is one that many families will be able to relate to ... There is barely enough time to catch your' Scotsman 'Challenging and emotional, *In the Absence of Miracles* enthralls as it corkscrews to a shocking, yet ultimately rewarding end' LoveReading 'Malone's latest is an unsettling, multi-layered and expertly paced domestic noir drama that delves into one family's dark secrets, shame and lies' CultureFly 'Malone is a poet, there are wonderful lyrical passages here and very skilful storytelling. Some issues are not spoken about enough, Malone raises a couple of those issues and sensitively but realistically addresses them...' New Books Magazine 'Engrossing, hard-hitting – even shocking – with a light poetic frosting. Another superb read!' Douglas Skelton 'A chilling tale of secrets, lies and the ultimate betrayal' Theresa Talbot 'Emotional. Brave. Dark. Raw. Utterly beautiful' Louise Beech 'A breathtakingly good book; powerful yet tender and an emotional master class in how to write about harrowing and difficult issues. An absolute must-read' Hair Past a Freckle 'A very emotional and devastating read ... I felt richer for having read it' Jen Med's Book Reviews

WINNER OF THE EDGAR AWARD FOR BEST FIRST NOVEL The "gripping... page-turner" (Time) hitting all the best of summer reading lists, *Miracle Creek* is perfect for book clubs and fans of Liane Moriarty and Celeste Ng How far will you go to protect your family? Will you keep their secrets? Ignore their lies? In a small town in Virginia, a group of people know each other because they're part of a special treatment center, a hyperbaric chamber that may cure a range of conditions from infertility to autism. But then the chamber explodes, two people die, and it's clear the explosion wasn't an accident. A powerful showdown unfolds as the story moves across characters who are all maybe keeping secrets, hiding betrayals. Chapter by chapter, we shift alliances and gather evidence: Was it the careless mother of a patient? Was it the owners, hoping to cash in on a big insurance payment and send their daughter to college? Could it have been a protester, trying to prove the treatment isn't safe? "A stunning debut about parents, children and the unwavering hope of a better life, even when all hope seems lost" (Washington Post), *Miracle Creek* uncovers the worst prejudice and best intentions, tense rivalries and the challenges of parenting a child with special needs. It's "a quick-paced murder mystery that plumbs the power and perils of community" (O Magazine) as it carefully pieces together the tense atmosphere of a courtroom drama and the complexities of life as an immigrant family. Drawing on the author's own experiences as a Korean-American, former trial lawyer, and mother of a "miracle submarine" patient, this is a novel steeped in suspense and igniting discussion. Recommended by Erin Morgenstern, Jean Kwok, Jennifer Weiner, Scott Turow, Laura Lippman, and more-- *Miracle Creek* is a brave, moving debut from an unforgettable new voice.

Stem Cells: An Insider's Guide

Jesus turned water into wine, Mohammad split the moon into two, and Buddha walked and spoke immediately upon birth. According to recent statistics, even in the present age of advanced science and technology, most people believe in miracles. In fact, newspapers and television regularly report alleged miracles, such as recoveries from incurable diseases, extremely unlikely coincidences, and religious signs and messages on unexpected objects. In this book the award-winning author and philosopher Yujin Nagasawa addresses some of our most fundamental questions concerning miracles. What exactly is a miracle? What types of miracles are believed in the world's great religions? What do recent scientific findings tell us about miracles? Can we rationally believe that miracles have really taken place? Can there be acts that are more religiously significant than miracles? Drawing on a vast variety of fascinating examples from across the major religions, Nagasawa discusses the lively debate on miracles that ranges from reported miracles in ancient scriptures in the East and West to cutting-edge scientific research on belief formation. Throughout, he drives us to ask ourselves if and how we can still believe in miracles in the twenty-first century. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

A cloth bag containing 20 paperback copies of the title that may also include a folder with sign out sheets.

Stem Cells: An Insider's Guide is an exciting new book that takes readers inside the world of stem cells guided by international stem cell expert, Dr. Paul Knoepfler. Stem cells are catalyzing a revolution in medicine. The book also tackles the exciting and hotly debated area of stem cell treatments that are capturing the public's imagination. In the future they may also transform how we age and reproduce. However, there are serious risks and ethical challenges, too. The author's goal with this insider's guide is to give readers the information needed to distinguish between the ubiquitous hype and legitimate hope found throughout the stem cell world. The book answers the most common questions that people have about stem cells. Can stem cells help my family with a serious medical problem such as Alzheimer's, Multiple Sclerosis, or Autism? Are such treatments safe? Can stem cells make me look younger or even literally stay physically young? These questions and many more are answered here. A number of ethical issues related to stem cells that spark debates are discussed, including risky treatments, cloning and embryonic stem cells. The author breaks new ground in a number of ways such as by suggesting reforms to the FDA, providing a new theory of aging based on stem cells, and including a revolutionary Stem Cell Patient Bill of Rights. More generally, the book is your guide to where the stem cell field will be in the near future as well as a thoughtful perspective on how stem cell therapies will ultimately change your life and our world.

Outlaws of Time: The Legend of Sam Miracle

Mister Miracle: The Source of Freedom (2021) #4

The Pillars of the Earth

•Details the author's time living with the Navajo people as a teacher, shepherd, and doctor and her profound experiences with the people, animals, and spirits •Shows how she learned the Navajo language to bridge the cultural divide •Reveals the miracles she witnessed, including her own miracle when the elders prayed for healing of a tumor on her neck •Shares her fearsome encounters with a mountain lion and a shape-shifting "skin walker" and how she fulfilled a prophecy by returning as a doctor In 1971, Erica Elliott arrived on the Navajo Reservation as a newly minted schoolteacher, knowing nothing about her students or their culture. After a discouraging first week, she almost leaves in despair, unable to communicate with the children or understand cultural cues. But once she starts learning the language, the people begin to trust her, welcoming her into their homes and their hearts. As she is drawn into the mystical world of Navajo life, she has a series of profound experiences with the people, animals, and spirits of Canyon de Chelly that change her life forever. In this compelling memoir, the author details her time living with the Navajo, the Diné people, and her experiences with their enchanting land, healing ceremonies, and rich traditions. She shares how her love for her students transformed her life as well as the lives of the children. She reveals the miracles she witnessed during this time, including her own miracle when the elders prayed for healing of a tumor on her neck. She survives fearsome encounters with a mountain lion and a shape-shifting "skin walker." She learns how to herd sheep, make fry bread, and weave traditional rugs, experiencing for herself the life of a traditional Navajo woman. Fulfilling a Navajo grandmother's prophecy, the author returns years later to serve the Navajo people as a medical doctor in an underfunded clinic, delivering numerous babies and treating sick people day and night. She also reveals how, when a medicine man offers to thank her with a ceremony, more miracles unfold. Sharing her life-changing deep dive into Navajo culture, Erica Elliott's inspiring story reveals the transformation possible from immersion in a spiritually rich culture as well as the power of reaching out to others with joy, respect, and an open heart.

Jefferson regarded Jesus as a moral guide rather than a divinity. In his unique interpretation of the Bible, he highlights Christ's ethical teachings, discarding the scriptures' supernatural elements, to reflect the deist view of religion.

Fans of both Percy Jackson and Indiana Jones will be captivated by the lost civilizations, ancient secrets, and buried treasure found in the second book of the Ashtown Burials series, action-packed adventure by N. D. Wilson, the author of Leepike Ridge and the 100 Cupboards trilogy. It's been almost a year since Cyrus and Antigone Smith earned their places as Journeymen at Ashtown, home of an ancient order of explorers that has long guarded the world's secrets and treasures. While their studies go well, Cy and Tigs are not well liked since losing the Dragon's Tooth to the nefarious Dr. Phoenix. The Tooth is the only object in the world capable of killing the long-lived transmortals, and Phoenix has been tracking them down one-by-one, and murdering them. The surviving transmortals, led by legendary warrior Gilgamesh of Uruk, descend on Ashtown in force, demanding justice. Cy and Tigs find themselves on the run in a desperate search to locate Phoenix and regain the Tooth. In the process, they uncover an evil even more dangerous than Phoenix, one that has been waiting for centuries to emerge.

As N'Vir and the Core seek to conquer New Genesis, Shilo and Oberon cross the galaxy to stop N'Vir's plans. Outnumbered and outgunned, Shilo meets another unexpected ally who can fill in the final pieces of the puzzle of what it means to be Mister Miracle. But a tragic secret from the far future could be an obstacle that not even the New Gods can overcome.

It's been right here in front of us all along, but this book has finally brought it to life. Are you ready? The next chapter of YOUR life-the most extraordinary life you've ever imagined-is about to begin. It's time to WAKE UP to your full potential...

JORGE and LAURA POSADA were accustomed to being on top of the world. After a romantic courtship, the lives of these newlyweds were filled with unimaginable success and joy. But all of that changed when their first-born son was diagnosed with craniosynostosis, a birth defect that causes an abnormally shaped skull. Their priorities swiftly changed, as Jorge and Laura navigated their way through the challenges of their son's diagnosis and eventual treatment, which has included eight major surgeries. Laura stayed home with her son, while Jorge suffered in silence as he tried to stay strong under the pressure to perform as a Yankees baseball player. Amid their fear, confusion, and anxiety as young parents, they decided to keep their son's sickness a secret to protect him from a media frenzy, but in time they realized it was this very celebrity status that would allow them to make a difference—not only for patients with craniosynostosis but for people suffering from any type of illness. They decided to open the Jorge Posada Foundation to help kids with the same condition, a decision that gave new meaning to their lives. Before being a celebrity athlete or a lawyer, Jorge and Laura are a father and a mother, a husband and a wife—and the fortitude and foundations of their family values have helped them face even the worst of days. The Beauty of Love is more than a memoir about dealing with childhood illness—it is a heartfelt and uplifting illustration of how a couple can endure stress and strife and come out stronger on the other side.
