1,7, University of Göttingen, language: English, abstract: First, the effects of narration in Matilda's childhood, mainly when Mr Watts reads the novel to the children in the classroom and she gets to know Pip, will be examined. The matters focussed on will be the way Matilda constantly compares herself to Pip, the protagonist of Dickens' Great Expectations, as well as how the embedding of the novel into her life influences the relationship she has to her parents and the way the impact of the novel changes when she becomes an adult will be analyzed. Here Matilda's efforts to define the concept of home and how her

development in general is dependent on her engagement with Dickens and his work will be looked at. In a third part, now connecting the young girl on the island and the grown-up woman, an analysis on how Matilda utilises Great Expectations throughout her life in order to first try to protect herself from trauma and later on how she tries to heal her trauma, particularly by writing an autobiographical account of her life, will follow.

A powerful allegorical tale about humanity and dignity and the ease with which we can justify brutality. Two mysterious strangers turn up at a hotel in a small country town. Where have they come from? Who are they? What catastrophe are they fleeing? The townspeople want answers, but the strangers are unable to speak of their trauma. Before long, wary hospitality shifts to suspicion and fear, and the care of the men slides into appalling cruelty. Lloyd Jones's fable-like novel *The Cage* is a profound and unsettling novel.

What exactly is goodness? Where is it found in the literary imagination? Perhaps because it is overshadowed by the more easily defined evil, goodness

often escapes our attention. Recalling many literary examples, from Ahab to Coetzee's Michael K, Morrison seeks the essence of goodness and ponders its significant place in her writing. She considers the concept in relation to unforgettable characters from her own works of fiction and arrives at conclusions that are both eloquent and edifying. In a lively interview conducted for this book, Morrison further elaborates on her lecture's ideas, discussing goodness not only in literature but in society and history—particularly black history, which has responded

to centuries of brutality with profound creativity. Morrison's essay is followed by a series of responses by scholars in the fields of religion, ethics, history, and literature to her thoughts on goodness and evil, mercy and love, racism and self-destruction, language and liberation, together with close examination of literary and theoretical expressions from her works. Each of these contributions, written by a scholar of religion, considers the legacy of slavery and how it continues to shape our memories, our complicities, our outcries, our lives, our communities, our literature,

In addition, the contributors engage the religious orientation in Morrison's novels so that readers who encounter her many memorable characters such as Sula, Beloved, or Frank Money will learn and appreciate how Morrison's notions of goodness and mercy also reflect her understanding of the sacred and the human spirit.
