Mark's gospel has an urgency to it that's hard to ignore. It's as if he is breathless, trying to get the information out as quickly as he can. A few decades have passed since Jesus' ministry, and with persecution intensifying, some believers were tempted to compromise or simply give up on being a follower of the Messiah. So, Mark needed to take the early Christians back to the basics and get them ready to move! In this six-session study (DVD/video streaming not included), pastor Jeff Manion takes you and your group through the gospel of Mark to answer such urgent questions about the Christian faith as: Who is this Jesus? What does he expect of me? Is suffering a normal part of the Christian life? What will encourage and strengthen my trust in Jesus? These questions are not born of a lack of faith but serve to strengthen and stabilize our relationship with the Savior. So, lace up your running shoes. Open your heart and mind. And come with your questions! Get ready to move as Mark's Gospel reveals what it means to follow Jesus. 40 Days Through the Book series: Each of the studies in this series, taught by a different pastor or Bible teacher on a specific book of the Bible, is designed to help you more actively engage with God's Word by understanding its background and culture and applying it in a fresh way to your life. Throughout each study, you'll be encouraged to read through the corresponding book in the New Testament at least once during the course of 40 days. Designed for use with the Mark: In the Company of Christ Video Study available on DVD or streaming video, sold separately.

The Bible is the inspired Word of God, and over the centuries it has changed people's lives and led them to God. Yet sometimes it can be a difficult book to understand. The culture in which the Bible was written is so different from our own that at times we struggle to understand what it means or how it is relevant to our modern lives. In A Brief Survey of the Bible, Bible professors John Walton and Mark Strauss give you the background you need to successfully understand even the difficult parts of the Word of God. They provide an overview of the Bible's key themes, show what the teachings meant to the people at the time, and explain how those teachings apply to your life today. By the end, you will have a greater understanding of Scripture, know how all the books work together, and understand what God has done to make a way for you to come to him. This Guide reads the Gospel of Mark as a 1st-century CE story about Jesus, for his followers, and against tyranny or the abusive use of power. First, the book shows students how the Gospel uses the form of a traditional laudatory biography (a 'Life') to reshape the memory of the shame-ridden trials and suffering of Jesus. Such a biography portrayed Jesus' descent (as a son of God), his deeds, and his heroic death, dispelling any notion that the teacher Jesus was a charlatan or huckster. Second, Smith demonstrates how the Gospel devotes a great deal of space to Jesus' training of his disciples - as he calls, commissions, and corrects them in preparation for the difficult moments of their journey. Third, Smith highlights the Gospel's special characterizations of Jesus - as a prophetic envoy, a man of authority, and a philosophical hero - contrasting Jesus' use of power with the abusive use of power by Rome's representatives (Herod Antipas and Pilate).

This book is designed for use as both a text and study guide for those students taking the licensing test in plumbing. Because of the large number of residential dwellings under construction and planned for the near future, this is a growing area. Well trained and knowledgeable plumbers are urgently needed in most of the individual United States and Canada. The field of plumbers, pipefitters, and steamfitters is predicted to grow about 12% each year until 2024, faster than most professions. The onslaught of new buildings is behind this surge. Here, in one book, the entire plumbing trade is covered in one accessible source. Consideration is given to cover all states' exam requirements. Tools and instruments are included to familiarize the licensing candidates with labor-saving devices and their correct utilization. While there are hundreds of practice exam questions, there is no guarantee that these questions and answers will appear on the actual test, or that the reader will pass the exam by simply reading this book. The main emphasis is on getting the tradesman accustomed to testing and knowledgeable about the plumbing trade in general. While there used to be several good resources for those studying to become licensed plumbers, these are quite old and rather outdated. This textbook/study guide will fill a void in this increasingly important trade. Features Includes valuable tips and illustrations of the various tools and equipment used in the trade. Practice questions with answers (at least 400 in the book, and several hundred more on an affiliated website) will be included at the end of each chapter, organized

according to the various aspects of the trade. Some suggestions for taking tests and studying for exams are also discussed, along with tips for instructors who are preparing lesson plans and curricula for teaching plumbing certification. An affiliated website will have additional test questions, videos, and color photographs of the more eye-catching scenarios in the book. In this six-session video study, author and pastor Jeff Manion guides participants through the Gospel of Mark, revealing what the Gospel writer's words meant to his readers and what they mean to us today.

The growing concern over the number of accidental firearm shootings, especially those involving children, prompted passage of the initial handgun safety law which went into effect in 1994. The stated intent of the California Legislature in enacting the current FSC law is for persons who obtain firearms to have a basic familiarity with those firearms, including, but not limited to, the safe handling and storage of those firearms. The statutory authority for this program is contained in Penal Code sections 26840 and 31610 through 31700. These statutes mandate DOJ to develop, implement and maintain the FSC Program. Pursuant to Penal Code section 26840, a firearms dealer cannot deliver a firearm unless the person receiving the firearm presents a valid FSC, which is obtained by passing a written test on firearm safety. Prior to taking delivery of a firearm from a licensed firearms dealer, the purchaser/recipient must also successfully perform a safe handling demonstration with that firearm..
