The hilarious, clever, and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda!* It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda–related humiliations, Harvey manages to get Dwight suspended from school for being a “troublemaker.” Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight’s presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight’s suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *Darth Paper Strikes Back* **STARRED REIVEW** “Angleberger’s just-as-funny follow-up to *The Strange Case of Origami Yoda* delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough *Star Wars* references (and laughs) to satisfy fans and win new ones.”—Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.”—Washington Post “As with this story’s predecessor, the well-observed middle-school dynamics (and

Angleberger's sharp sense of humor) are greatly amplified by the book's design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It's a natural step up from the Wimpy Kid series, with more text and narrative complexity, but just as much on-target humor and all-around fun." —Publishers Weekly "This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception Origami Yoda has received, kids will be clamoring for this sequel. They won't be disappointed." —School Library Journal "The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami Yoda*. A sequel to equal the funny and clever novel/comics debut of the Origami Yoda, as Dwight's friends try to save him from reform school.—Shelf Awareness "With the same deft touch that made *The Strange Case of Origami Yoda* a pleasure, Angleberger takes readers through the ups and downs of adolescence." —Portland Book Review "Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News

Game of Thrones superstar EMILIA CLARKE returns with an OVERSIZED THREE-ISSUE MINISERIES! Maya's powers (and popularity!) explode! Bath time's at 7 p.m., bedtime's at 8 p.m., and crime fighting never sleeps when a villain out of Maya's shadowy past comes to collect. Can she catch criminals and be home before the school run?!

As teenagers today navigate increasingly fluid identities and choices, there is a demand for an accessible, interactive tool to help share knowledge about sex and sexual health; one that demystifies the facts and speaks frankly about experiences whose lessons often fall into the grey areas. Since 2008, Miller and Bley have held an open call for young people to create comics that address a variety of topics involved with sex education. We have since produced several issues of a sex-ed comic called Not Your Mother's Meatloaf. The work is chosen from a vastly varied group of submissions and attempts to challenge hetero and gender normative practices in sex education. The comics address topics like body image, safer sex, consent, and relationships, from positions that have historically been left out of sex education. These graphically illustrated personal narratives address different themes, such as "Firsts," "Bodies," "Health," "Age," and "Endings." The book will bring together the best of the material from the Not Your Mother's Meatloaf comics, along with new graphic stories and writing by the editors providing personal and sociological background.

Metaphase is an all-ages graphic novel written by Chip Reece with artwork by Kelly Williams. The story is inspired by the author's real-life superhero son, who has Down syndrome. Lash is one of the greatest superheroes of all time, but his life is forever changed when his son, Ollie, is born with all the physical vulnerabilities that come along with having heart defects and Down syndrome. As Ollie gets older he becomes tired of his dad's over-protection and unwillingness to include him in his superhero adventures. Ollie has lived his life listening to the world tell him he will be limited in what he can do and with the added frustration of being compared to

a dad with unlimited abilities. Fueled by his desire to be "super", Ollie turns to Meta-Makers - a company that claims it can give anyone superpowers through chromosome tampering.

Unfortunately, Ollie's decision may be disastrous for the greatest hero of all time... his dad!

Permitted and Prohibited Desires

A Zits Retrospective You Should Definitely Buy for Your Mom

"Equal parts great American road-trip narrative and coming-of-age novel, this brilliant story from a debut novelist is a treat for the diehard nerds and fans among us." -Refinery29 Valerie Torrey took her son, Alex, and fled Los Angeles six years ago--leaving both her role on a cult sci-fi TV show and her costar husband after a tragedy blew their small family apart. Now Val must reunite nine-year-old Alex with his estranged father, so they set out on a road trip from New York, Val making appearances at comic book conventions along the way. As they travel west, encountering superheroes, monsters, time travelers, and robots, Val and Alex are drawn into the orbit of the

comic-con regulars. For Alex, this world is a magical place where fiction becomes reality, but as they get closer to their destination, he begins to realize that the story his mother is telling him about their journey might have a very different ending than he imagined. A knowing and affectionate portrait of the pleasures and perils of fandom, A Hundred Thousand Worlds is also a tribute to the fierce and complicated love between a mother and son--and to the way the stories we create come to shape us.

Told in two voices, cellist Jubilee and anxiety-ridden Ridley meet at a comic con where both of their families have booths, and begin a relationship they must hide from their parents.

Once a year, giant robots from outer space come to Earth and bond with young cadets from the elite Sky Corps Academy to defend the world from the terrifying aliens known as the Sharg. It's a great honor to be chosen, but this year...well, the wrong kid was picked. Greg Pak (Totally Awesome Hulk) and Takeshi Miyazawa (Ms. Marvel) team up for an action-packed adventure perfect

for fans of Amadeus Cho and Pacific Rim!

*Dude! You gotta' buy this for your mom!" -Jeremy
Duncan More Jeremy and Mom A popular
psychologist says that teenage boys fire their
mothers. It's an age when nurturing moms
who've spent years cuddling, tucking, and
rocking their little boys suddenly find themselves
on the outside trying to see in. Most moms and
sons do not make the transition gracefully. Jerry
Scott and Jim Borgman are trying something
different with this collection of their
phenomenally successful comic strip, Zits. They
have combed through more than 10 years of
strips and selected more than 200 of the most
popular of the Mom/Son themed strips into one*

book. The idea is to provide a more focused look at the dynamic that drives almost all of the mountain of Zits e-mail and letters we receive every month," says Scott. Borgman adds, "If moms can stop what they're doing long enough to discover this book, we think they'll find a lot of comfort (and laughs) in seeing that their struggles with their grunting, slouching, uncommunicative, sloppy, and ultimately incomprehensible sons are universal."

In the closing days of the second World War, the Justice Society of America prevented the villainous Wizard from unleashing a deadly magical evil upon the world. But it didn't prevent him from making a deal with the devil... a deal that may now doom the JSA! In New York, Mister Terrific barely survives an attack by the Tigress. Across town, Power Girl is grounded by the power of Count Vertigo. In Keystone City, Jakeem Thunder and his magical Thunderbolt face off against Blackbriar Thorn. In Blue Valley, Stargirl feels the power of the Geomancer. Why have the villains of the Injustice Society of America suddenly declared war? The answer spans the globe, as in faraway Casablanca, a collector of antiquities is murdered by a mysterious woman thief for what appears to be a minor Roman relic. And on a German waterfront, an old man kills a young man to steal a World War I artifact. These events and others soon point legendary heroes Green Lantern, Flash, Wildcat, and their JSA

teammates to the Wizard and a threat they believed they had destroyed in the last days of World War II. But now the Spear of Destiny, the powerful mystical weapon once wielded by Adolph Hitler himself, has again surfaced... bringing with it an evil from out of the JSA's past and the promise of a fate worse than death! Now Mister Terrific, Power Girl, and the other members of the world's first super team must break an evil half century old pact... or be doomed forever to a living hell.

The New York Times-bestselling graphic memoir about Alison Bechdel, author of Fun Home, becoming the artist her mother wanted to be. Alison Bechdel's Fun Home was a pop culture and literary phenomenon. Now, a second thrilling tale of filial sleuthery, this time about her mother: voracious reader, music lover, passionate amateur actor. Also a woman, unhappily married to a closeted gay man, whose artistic aspirations simmered under the surface of Bechdel's childhood...and who stopped touching or kissing her daughter good night, forever, when she was seven. Poignantly, hilariously, Bechdel embarks on a quest for answers concerning the mother-daughter gulf. It's a richly layered search that leads readers from the fascinating life and work of the iconic twentieth-century psychoanalyst Donald Winnicott, to one explosively illuminating Dr. Seuss illustration, to Bechdel's own (serially monogamous) adult love life. And, finally, back to

Mother—to a truce, fragile and real-time, that will move and astonish all adult children of gifted mothers. A New York Times, USA Today, Time, Slate, and Barnes & Noble Best Book of the Year “As complicated, brainy, inventive and satisfying as the finest prose memoirs.”—New York Times Book Review “A work of the most humane kind of genius, bravely going right to the heart of things: why we are who we are. It's also incredibly funny. And visually stunning. And page-turningly addictive. And heartbreaking.”—Jonathan Safran Foer “Many of us are living out the un-lived lives of our mothers. Alison Bechdel has written a graphic novel about this; sort of like a comic book by Virginia Woolf. You won't believe it until you read it—and you must!”—Gloria Steinem Zap — The Interviews

Comics are followed by over 54K fans. Brenda's parenting comics are hilarious and therapeutic. Let's be real, you feel better if you see others struggling too (hehe). This book contains 100+ comics; including fan favorites and brand new cartoons. This high-quality hardcover coffee-table book offers a unique peek at the comic conventions before they were big pop culture events, when the giants of the industry mingled casually with their peers and fans. It features some 600 candid photos of comics creators taken in the 1990s, along with commentary and anecdotes about each person. The candid photos depict not only Golden and Silver Age comic book greats and mainstream creators of the period, but also publishers and editors, underground and alternative cartoonists, big-name fans, comic strip cartoonists, animation directors and voice actors, science fiction and fantasy authors, and movie and TV celebrities.

First released in 2002, this provocative, critically acclaimed novel is now a major motion picture starring

Bel Powley, Kristen Wiig, and Alexander Skarsgård. "I don't remember being born. I was a very ugly child. My appearance has not improved so I guess it was a lucky break when he was attracted by my youthfulness." So begins the wrenching diary of Minnie Goetze, a fifteen-year-old girl longing for love and acceptance and struggling with her own precocious sexuality. After losing her virginity to her mother's boyfriend, Minnie pursues a string of sexual encounters (with both boys and girls) while experimenting with drugs and developing her talents as an artist. Unsupervised and unguided by her aloof and narcissistic mother, Minnie plunges into a defenseless, yet fearless adolescence. While set in the libertine atmosphere of 1970s San Francisco, Minnie's journey to understand herself and her world is universal: this is the story of a young woman troubled by the discontinuity between what she thinks and feels and what she observes in those around her. Acclaimed cartoonist and author Phoebe Gloeckner serves up a deft blend of visual and verbal narrative in her

complex presentation of a pivotal year in a girl's life, recounted in diary pages and illustrations, with full narrative sequences in comics form. The *Diary of a Teenage Girl* offers a searing comment on adult society as seen through the eyes of a young woman on the verge of joining it. This edition has been updated by the author with an introduction reflecting on the book's critical reception and value as diary or novel, historical document or work of art. Also included in this revised edition are supplementary photographs and illustrations from the author's childhood, including some of her own diary entries. "Phoebe Gloeckner... is creating some of the edgiest work about young women's lives in any medium."—*The New York Times* "One of the most brutally honest, shocking, tender and beautiful portrayals of growing up female in America."—*Salon* "It's the most honest depiction of sexuality in a long, long time; as a meditation on adolescence, it picks up a literary ball that's been only fitfully carried after Salinger."—*Nerve.com*

Read Book Mom Son Comic

Father and Son is one of the most beloved comic strips ever drawn—an uproarious, timeless ode to the pleasures, pitfalls, and endless absurdity of family life. Father and Son is a slyly heartwarming, dizzyingly inventive classic in the tradition of Calvin and Hobbes and The Simpsons. Created in 1934 by the German political cartoonist Erich Ohser (using the pseudonym E.O. Plauen after being blacklisted for his opposition to the Nazi regime), the gruff, loving, mustachioed father and his sweet but troublemaking son embark on adventures both everyday and extraordinary: family photoshoots and summer vacations, shipwrecks and battles with gangsters, a Christmas feast with forest animals and a trip to the zoo. Drawn almost entirely without dialogue, the strips overflow with slapstick, fantasy, and anarchic visual puns. Father and Son remains an uproarious, timeless ode to the pleasures, pitfalls, and endless absurdity of family life. This NYRC edition is an extra-wide hardcover with raised cover image, and features new English hand-lettering.

Not Your Mother's Meatloaf

*From international bestselling author Liz Climo comes *You're Mom*, a hilarious and relatable collection of original comics about motherhood. Moms: they are there for us through the good, the bad, the scary, the sticky, and everything in between. They also read us a lot of picture books along the way, and now there's a picture book just for them. Liz Climo brings her trademark wit and adorable drawings to *You're Mom*: a funny, honest, and sweet homage to motherhood. Detailing the ups and downs of mothering, along with the many paths to becoming a mom and the different types of motherhood, Climo pairs humorous observations with clever illustrations of baby animals and their mothers. With more than*

100 beautiful drawings, You're Mom is a book for the new mom, the seasoned mom, anyone in a mom-like role, or anyone who has ever loved a mom. It's a thank you to those taking on the challenging role of parenting - and it's also short and sweet, which means you can read it and then hopefully get some sleep!

Mothers and Sons: Centering Mother Knowledge makes a case for the need to de-gender the framing and study of parental legacy. The actualization of an entire collection on this dyad foregrounding motherhood without particularizing the absence of fatherhood is in itself revolutionary. This assemblage of analytical, narrative and creative renderings offers cross-disciplinary conceptualizations of maternal experiences across difference and mothering sons at intersections. The authors' mother knowledge, or that of their subjects, delivers new insights into the appellations mother, son, motherhood and sonhood. This provocative study of gender and sexuality in contemporary Japan investigates elements of Japanese popular culture including erotic comic books, stories of mother-son incest, lunchboxes—or obentos—that mothers ritualistically prepare for schoolchildren, and children's cartoons. Anne Allison brings recent feminist psychoanalytic and Marxist theory to bear on representations of sexuality, motherhood, and gender in these and other aspects of Japanese culture. Based on five years of fieldwork

in a middle-class Tokyo neighborhood, this theoretically informed, accessible ethnographic study provides a provocative analysis of how sexuality, dominance, and desire are reproduced and enacted in late-capitalistic Japan.

cartoonists behind Zap Comix, featuring: Supreme 1960s counterculture/underground artist Robert Crumb on how acid unleashed a flood of Zap characters from his unconscious; Marxist brawler Spain Rodriguez on how he made the transition from the Road Vultures biker gang to the exclusive Zap cartoonists' club; Yale alumnus Victor Moscoso and Christian surfer Rick Griffin on how their poster-art psychedelia formed the backdrop of the 1960s San Francisco music scene; Savage Id-choreographer S. Clay Wilson on how his dreams insist on being drawn; Painter and Juxtapoz-founder Robert Williams on how Zap #4 led to 150 news-dealer arrests; Fabulous, Furry, Freaky Gilbert Shelton on the importance of research; Church of the Subgenius founder Paul Mavrides on getting a contact high during the notorious Zap jam sessions; and much more. Blank Comic Books for Kids 9 to 12! Create Your Own Comics with This Comic Book Journal Notebook! Cute Gift

An outrageously funny book about middle-aged women that reexamines romance, lust, and gender norms Lee Soyeon, Myeong-ok, and Yeonjeong are all mothers in their mid-fifties. And they've had it. They can no longer bear the dead weight of their partners or the endless grind of menial jobs where their bosses control everything, down to how much water they can drink. Although Lee Soyeon divorced her husband years ago after his gambling drove their family into bankruptcy, she finds herself in another tired and dishonest decade-long relationship with Jongseok, a slimy waiter at a nightclub. Meanwhile, Myeong-ok is having an illicit affair with a younger man, and Yeonjeong, whose husband suffers from erectile dysfunction, has her eye on an acquaintance from the gym. Bored with conventional romantic dalliances, these women embrace outrageous sexual adventures and mishaps, ending up in nightclubs, motels, and even the occasional back-alley brawl. With this boisterous and darkly funny manhwa, Yeong-shin Ma defies the norms of the traditional Korean family narrative, offering instead the

refreshingly honest and unfiltered story of a group of middle-aged moms who yearn for something more than what the mediocre men in their lives can provide. Despite their less-than-desirable jobs, salaries, husbands, and boyfriends, these women brazenly bulldoze their way through life with the sexual vulnerability and lust typically attributed to twenty-somethings.

Each year, approximately 1.5 million people in the United States and Canada are diagnosed with cancer. This is one family's story. Winner of the 2005 Eisner Award in the category of Best Digital Comic for the original Web version, Mom's Cancer is now available as a graphic novel. An honest, unflinching, and sometimes humorous look at the practical and emotional effect that serious illness can have on patients and their families, Mom's Cancer is a story of hope—uniquely told in words and illustrations. Brian Fies is a freelance journalist whose mother was diagnosed with lung cancer. As he and his two sisters struggled with the effects of her illness and her ongoing recovery from treatment, Brian processed the experience in his journal, which took the form of words and pictures. The story that came to be known as “Mom's Cancer” first gained notice on the internet. It was posted anonymously, with the intention of sharing information and insights gained from his family's experience. Thanks to the words and illustrations of Brian Fies, readers have already responded that they were surprised and gratified to realize that they weren't alone. Abrams ComicArts is proud to bring this story to a whole new audience.
