Moneyball The Art Of Winning An Unfair Game Michael Lewis

Why is Royal Challengers Bangalore one of the worst-performing teams in the Indian Premier League (IPL), despite having batsman like A.B. de Villiers and Chris Gayle, and being captained by Virat Kohli? On the other hand, why is Chennai Super Kings (CSK) one of the best-performing teams, despite boasting fewer superstars and an ageing M.S. Dhoni as captain? The secret could lie in the teams' captaincy styles. But more

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

importantly, it lies in the way T20 teams plan, strategize and build themselves around a core group, which CSK has done. In Cricket 2.0: Inside the T20 Revolution, Tim Wigmore and Freddie Wilde take us on a whirlwind tour of the cricket format that has taken the world by storm. From its inception, when T20 was accepted by a narrow vote of the Marylebone Cricket Club, to its current global popularity, from its original superstar Chris Gayle to newcomers like Rashid Khan and Sandeep Lamichhane, T20 has become a phenomenon that has resurrected the game of cricket. From the sunny beaches of Trinidad and Tobago, which gave

Michael Lewis

the world a West Indian team feared by its contemporaries, to the raucous stadiums of the IPL, today one of the world's most valuable sport tournaments, from India's original rejection of T20 to ultimately embracing it, signalling a shift in world cricket, Wigmore and Wilde break down how T20 has changed the game entirely, and why it may be the future of cricket.

“ Lewis shows again why he is the leading journalist of his generation. ” —Kyle Smith, Forbes
The tsunami of cheap credit that rolled across the planet between 2002 and 2008 was more than a simple financial phenomenon: it was temptation, offering entire

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

societies the chance to reveal aspects of their characters they could not normally afford to indulge. Icelanders wanted to stop fishing and become investment bankers. The Greeks wanted to turn their country into a pinata stuffed with cash and allow as many citizens as possible to take a whack at it. The Germans wanted to be even more German; the Irish wanted to stop being Irish. Michael Lewis's investigation of bubbles beyond our shores is so brilliantly, sadly hilarious that it leads the American reader to a comfortable complacency: oh, those foolish foreigners. But when he turns a merciless eye on California and Washington, DC, we see that the

Michael Lewis

narrative is a trap baited with humor, and we understand the reckoning that awaits the greatest and greediest of debtor nations. The St. Louis Cardinals have experienced the kind of success that is rare in baseball. Regarded by many as the premier organization in Major League Baseball, they not only win, but do so with an apparently bottomless pool of talent, one that is mostly homegrown. Despite years of phenomenal achievements, including going to the World Series in 2004 and again in 2006, the Cardinals reinvented themselves using the "Cardinal Way," a term that has come to represent many things to fans,

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

media, and other organizations, from an ironclad code of conduct to the team's cutting-edge use of statistic and analytics, and a farm system that has transformed baseball. Baseball journalist Howard Megdal takes fans behind the scenes and off the field, interviewing dozens of key players within the Cardinals organization, including owner Bill DeWitt and the general manager John Mozeliak. Megdal reveals how the players are assessed and groomed using an unrivaled player development system that has created a franchise that is the envy of the baseball world. In the spirit of Moneyball, The Cardinals Way tells an in-depth, fascinating story

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

about a consistently good franchise, the business of sports in the twenty-first century and a team that has learned how to level the playing field, turning in season after successful season.

Every spring, millions of Americans prepare to take part in one of the oddest, most obsessive, and most engrossing rituals in the sports pantheon: Rotisserie baseball, a fantasy game where armchair fans match wits by building their own teams. In 2004, Sam Walker, a sports columnist for the Wall Street Journal, decided to explore this phenomenon by talking his way into Tout Wars, a league reserved for the nation ' s top experts. The result is one of the

Michael Lewis

successful and winning baseball team without spending enormous sums of money.

The classic warts-and-all portrait of the 1980s financial scene. The 1980s was the most outrageous and turbulent era in the financial market since the crash of '29, not only on Wall Street but around the world.

Michael Lewis, as a trainee at Salomon Brothers in New York and as an investment banker and later financial journalist, was uniquely positioned to chronicle the ambition and folly that fueled the decade.

Dissenters are often portrayed as selfish and disloyal, but Sunstein shows that those who reject pressures imposed by others perform valuable social functions, often at their own expense.

New York Times Bestseller What are

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

the consequences if the people given control over our government have no idea how it works? "The election happened," remembers Elizabeth Sherwood-Randall, then deputy secretary of the Department of Energy. "And then there was radio silence." Across all departments, similar stories were playing out: Trump appointees were few and far between; those that did show up were shockingly uninformed about the functions of their new workplace. Some even threw away the briefing books that had been prepared for them. Michael Lewis' s brilliant narrative takes us into the engine rooms of a government under attack by its own leaders. In Agriculture the funding of vital programs like food stamps and school lunches is being slashed. The Commerce Department

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

may not have enough staff to conduct the 2020 Census properly. Over at Energy, where international nuclear risk is managed, it ' s not clear there will be enough inspectors to track and locate black market uranium before terrorists do. Willful ignorance plays a role in these looming disasters. If your ambition is to maximize short-term gains without regard to the long-term cost, you are better off not knowing those costs. If you want to preserve your personal immunity to the hard problems, it ' s better never to really understand those problems. There is upside to ignorance, and downside to knowledge. Knowledge makes life messier. It makes it a bit more difficult for a person who wishes to shrink the world to a worldview. If there are dangerous fools in this book, there are also heroes, unsung, of course. They

Michael Lewis

Moneyball is a quest for the secret of success in baseball. In a narrative full of fabulous characters and brilliant excursions into the unexpected, Michael Lewis follows the low-budget Oakland A's, visionary general manager Billy Beane, and the strange brotherhood of amateur baseball theorists. They are all in search of new baseball knowledge—insights that will give the little guy who is willing to discard old wisdom the edge over big money. Presents the life of the legendary boxer who began his career as Cassius Clay,

Michael Lewis

examination of how soccer clubs might actually start making profits, why that's undesirable, and how soccer's never had it so good.

“Winner of the 2018 CASEY Award for Best Baseball Book of the Year.” The former ESPN columnist and analytics pioneer dramatically recreates an action-packed 2017 game between the Oakland A’s and eventual World Series Champion Houston Astros to reveal the myriad ways in which Major League Baseball has changed over the last few decades. On September 8, 2017, the Oakland A’s faced off against the Houston Astros in

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

a game that would signal the passing of the Moneyball mantle. Though this was only one regular season game, the match-up of these two teams demonstrated how Major League Baseball has changed since the early days of Athletics general manager Billy Beane and the publication of Michael Lewis' classic book. Over the past twenty years, power and analytics have taken over the game, driving carefully calibrated teams like the Astros to victory. Seemingly every pitcher now throws mid-90s heat and studiously compares their mechanics

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

against the ideal. Every batter in the lineup can crack homers and knows their launch angles. Teams are relying on unorthodox strategies, including using power-losing—purposely tanking a few seasons to get the best players in the draft. As he chronicles each inning and the unfolding drama as these two teams continually trade the lead—culminating in a 9-8 Oakland victory in the bottom of the ninth—Neyer considers the players and managers, the front office machinations, the role of sabermetrics, and the current thinking about what it takes to build a great team, to

Picking Winners

In 2002, Tabitha Soren began photographing the draft class for the Oakland A's--their lives on the road, and the grueling work behind the scenes required to make it to the major leagues. Soren has continued to

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

photograph them ever since, documenting their divergent paths through success, heartbreak, and, sometimes, even fame. Accompanied by five linked short stories by Dave Eggers, *Fantasy Life* explores the enduring spirit of this quintessential American fantasy of making it in the major leagues. Longlisted for the National Book Award New York Times Bestseller A former Wall Street quant sounds an alarm on the mathematical models that pervade modern life -- and threaten to rip apart our social fabric We live in the age of the algorithm. Increasingly, the

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

decisions that affect our lives--where we go to school, whether we get a car loan, how much we pay for health insurance--are being made not by humans, but by mathematical models. In theory, this should lead to greater fairness:

Everyone is judged according to the same rules, and bias is eliminated. But as Cathy O'Neil reveals in this urgent and necessary book, the opposite is true. The models being used today are opaque, unregulated, and uncontestable, even when they're wrong. Most troubling, they reinforce discrimination: If a poor student can't get a loan

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

because a lending model deems him too risky (by virtue of his zip code), he's then cut off from the kind of education that could pull him out of poverty, and a vicious spiral ensues. Models are propping up the lucky and punishing the downtrodden, creating a "toxic cocktail for democracy." Welcome to the dark side of Big Data. Tracing the arc of a person's life, O'Neil exposes the black box models that shape our future, both as individuals and as a society. These "weapons of math destruction" score teachers and students, sort resumes, grant (or deny) loans, evaluate workers,

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

target voters, set parole, and monitor our health. O'Neil calls on modelers to take more responsibility for their algorithms and on policy makers to regulate their use. But in the end, it's up to us to become more savvy about the models that govern our lives. This important book empowers us to ask the tough questions, uncover the truth, and demand change. -- Longlist for National Book Award (Non-Fiction) -- Goodreads, semi-finalist for the 2016 Goodreads Choice Awards (Science and Technology) -- Kirkus, Best Books of 2016 -- New York Times, 100 Notable Books of

The New York Times bestseller
about what would happen if two
statistics-minded outsiders were
allowed to run a professional
baseball team It's the ultimate in
fantasy baseball: You get to pick
the roster, set the lineup, and
decide on strategies -- with real
players, in a real ballpark, in a
real playoff race. That's what
baseball analysts Ben Lindbergh
and Sam Miller got to do when
an independent minor-league

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

team in California, the Sonoma Stompers, offered them the chance to run its baseball operations according to the most advanced statistics. Their story in *The Only Rule is it Has to Work* is unlike any other baseball tale you've ever read. We tag along as Lindbergh and Miller apply their number-crunching insights to all aspects of assembling and running a team, following one cardinal rule for judging each innovation they try: it has to work. We meet colorful figures like general manager Theo Fightmaster and boundary-breakers like the first openly gay player in professional baseball.

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

Even José Canseco makes a cameo appearance. Will their knowledge of numbers help Lindbergh and Miller bring the Stompers a championship, or will they fall on their faces? Will the team have a competitive advantage or is the sport's folk wisdom true after all? Will the players attract the attention of big-league scouts, or are they on a fast track to oblivion? It's a wild ride, by turns provocative and absurd, as Lindbergh and Miller tell a story that will speak to numbers geeks and traditionalists alike. And they prove that you don't need a bat or a glove to make a genuine

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

contribution to the game.

“A delight for baseball lovers” (Kirkus Reviews) and “one of the most significant baseball books of the year” (Bob Costas) *Ahead of the Curve* uses stories from baseball’s present and past to examine why we sometimes choose ignorance over information, and how tradition can trump logic. Forget batting average. Kill the “Win.” Say goodbye to starting pitchers. And please, please stop bunting. MLB Network anchor and commentator Brian Kenny provides “an excellent, entertaining read for the all-around baseball fan” (Library

Michael Lewis

Journal) and shows how baseball has been revolutionized—not destroyed—by analytical thinking. Most people who resist logical thought in baseball preach “tradition” and “respecting the game.” But many of baseball’s traditions go back to the nineteenth century, when the pitcher’s job was to provide the batter with a ball he could hit and fielders played without gloves. Instead of fearing change, Brian Kenny wants fans to think critically, reject outmoded groupthink, and embrace the changes that have come with the sabermetric era. In his entertaining and enlightening

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

book, Kenny discusses why the pitching win-loss record, the Triple Crown, fielding errors, and so-called battling titles should be ignored. He also points out how fossilized sportswriters have been electing the wrong MVPs and ignoring legitimate candidates for the Hall of Fame; why managers are hired based on their looks; and how the most important position in baseball may just be "Director of Decision Sciences." Prepare to have your brain and your assumptions challenged. Guided by data and a deep love of the game, Brian Kenny takes a cutting-edge look at where baseball is and where it

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

is going (Tom Verducci, Sports Illustrated). Illustrated with unique anecdotes from those who have reshaped the game, Ahead of the Curve is a great story about the game in the age of information and technology (Billy Beane).

greatest players in history, with a foreword by George Will. Longer than Moby-Dick and nearly as ambitious, The Baseball 100 is a one-of-a-kind work by award-winning sportswriter and lifelong student of the game Joe Posnanski that tells the story of the sport through the remarkable lives of its 100 greatest players. In the book's introduction, Pulitzer Prize-winning commentator George F. Will marvels, "Posnanski must already have lived more than 200 years. How else could he have acquired such a stock of illuminating facts and

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

entertaining stories about the rich history of this endlessly fascinating sport?” Baseball’s legends come alive in these pages, which are not merely rankings but vibrant profiles of the game’s all-time greats.

Posnanski dives into the biographies of iconic Hall of Famers, unfairly forgotten All-Stars, talents of today, and more. He doesn’t rely just on records and statistics—he lovingly retraces players’ origins, illuminates their characters, and places their accomplishments in the context of baseball’s past and present. Just how good a pitcher is Clayton Kershaw in

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

the twenty-first- century game compared to Greg Maddux dueling with the juiced hitters of the nineties? How do the career and influence of Hank Aaron compare to Babe Ruth's? Which player in the top ten most deserves to be resurrected from history? No compendium of baseball's legendary geniuses could be complete without the players of the segregated Negro Leagues, men whose extraordinary careers were largely overlooked by sportswriters at the time and unjustly lost to history. Posnanski writes about the efforts of former Negro

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

Leaguers to restore sidelined Black athletes to their due honor, and draws upon the deep troves of the Negro Leagues Baseball Museum and extensive interviews with the likes of Buck O'Neil to illuminate the accomplishments of players such as pitchers Satchel Paige and Smokey Joe Williams; outfielders Oscar Charleston, Monte Irvin, and Cool Papa Bell; first baseman Buck Leonard; shortstop Pop Lloyd; catcher Josh Gibson; and many, many more. The Baseball 100 treats readers to the whole rich pageant of baseball history in a single

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

volume. Chapter by chapter, Posnanski invites readers to examine common lore with brand-new eyes and learn stories that have long gone unheard. The epic and often emotional reading experience mirrors Posnanski's personal odyssey to capture the history and glory of baseball like no one else, fueled by his boundless love for the sport. Engrossing, surprising, and heartfelt, The Baseball 100 is a magisterial tribute to the game of baseball and the stars who have played it.

When Bill James published his original Historical Baseball Abstract in 1985, he produced

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

an immediate classic, hailed by the Chicago Tribune as the "holy book of baseball." Now, baseball's beloved "Sultan of Stats" (The Boston Globe) is back with a fully revised and updated edition for the new millennium. Like the original, The New Bill James Historical Baseball Abstract is really several books in one. The Game provides a century's worth of American baseball history, told one decade at a time, with energetic facts and figures about How, Where, and by Whom the game was played. In The Players, you'll find listings of the top 100 players at each position in the major

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

leagues, along with James's signature stats-based ratings method called "Win Shares," a way of quantifying individual performance and calculating the offensive and defensive contributions of catchers, pitchers, infielders, and outfielders. And there's more: the Reference section covers Win Shares for each season and each player, and even offers a Win Share team comparison. A must-have for baseball fans and historians alike, *The New Bill James Historical Baseball Abstract* is as essential, entertaining, and enlightening as the sport itself.

Michael Lewis

Your family beats Wall Street in the series Billy Beane did the impossible. He knew he could not afford to buy replacements for Damon, Giambi and Isringhousen, so he hired a unknown Yale economist wonk who had a system. Brad Pitt (Moneyball) explains his take on the system to his scouts. To win we need runs, so on-base percentage is critical. Does not matter how they get there-walks are good. He hires new players who have high ratios. Scouts complain the new are not "baseball material" or too old or can't play positions or girl friend is ugly. The "professionals" think

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

he is nuts. One is fired. Since the manager, Art Howe, doesn't buy it, he does not use the new players. Billy trades Art's players away so the manager is forced to use Billy's. Billy actually explains to the team how they can win by using their strengths-just get on base. Belichick's "Do your job" In his book, Michael Lewis tells us how the economics of baseball work and how Billy Beane, as a failed player, made history by NOT following the professionals' 'expert' knowledge. How can your family beat Wall Street 'professionals' over time? We

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

take the Billy Beane approach. First, we acknowledge that we have a small budget for investing. We can't afford the hedge funds, offshore tax shelters, and expensive Wall Street money managers taking 2-3% a year.

The New York Times bestseller. "His book is a wake-up call at a time when many believe the net was a flash in the pan."—BusinessWeek With his knowing eye and wicked pen, Michael Lewis reveals how the Internet boom has encouraged changes in the way we live, work, and think. In the midst of one of the greatest status revolutions in the

Get Free Moneyball The Art Of
Winning An Unfair Game

Michael Lewis

history of the world, the Internet has become a weapon in the hands of revolutionaries. Old priesthoods are crumbling. In the new order, the amateur is king: fourteen-year-olds manipulate the stock market and nineteen-year-olds take down the music industry. Unseen forces undermine all forms of collectivism, from the family to the mass market: one black box has the power to end television as we know it, and another one may dictate significant changes in our practice of democracy. The Cardinals Way

At Westish College, a small school on the shore of Lake Michigan, baseball star Henry Skrimshander seems destined for big league stardom. But when a routine throw goes disastrously off course, the fates of five

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

people are upended. Henry's fight against self-doubt threatens to ruin his future. College president Guert Affenlight, a longtime bachelor, has fallen unexpectedly and helplessly in love. Owen Dunne, Henry's gay roommate and teammate, becomes caught up in a dangerous affair. Mike Schwartz, the Harpooners' team captain and Henry's best friend, realizes he has guided Henry's career at the expense of his own. And Pella Affenlight, Guert's daughter, returns to Westish after escaping an ill-fated marriage, determined to start a new life. As the season counts down to its

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

climactic final game, these five are forced to confront their deepest hopes, anxieties, and secrets. In the process they forge new bonds, and help one another find their true paths.

Written with boundless intelligence and filled with the tenderness of youth, *The Art of Fielding* is an expansive, warmhearted novel about ambition and its limits, about family and friendship and love, and about commitment--to oneself and to others.

"The best baseball book I've read in years." – Sam Walker

• "An exhilarating story of innovation." – Ben Reiter •

"Swing Kings feels like a

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

spiritual successor to Moneyball." – Baseball Prospectus From the Wall Street Journal's national baseball writer, the captivating story of the home run boom, following a group of players who rose from obscurity to stardom and the rogue swing coaches who helped them usher the game into a new age. We are in a historic era for the home run. The 2019 season saw the most homers ever, obliterating a record set just two years before. It is a shift that has transformed the way the game is played, contributing to more strikeouts, longer games, and what feels like the

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

logical conclusion of the analytics era. In *Swing Kings*, Wall Street Journal national baseball writer Jared Diamond reveals that the secret behind this unprecedented shift isn't steroids or the stitching of the baseballs, it's the most elemental explanation of all: the swing. In this lively narrative romp, he tracks a group of baseball's biggest stars—including Aaron Judge, J.D. Martinez, and Justin Turner—who remade their swings under the tutelage of a band of renegade coaches, and remade the game in the process. These coaches, many of them baseball washouts who have

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

reinvented themselves as swing gurus, for years were one of the game's best-kept secrets. Among their ranks are a swimming pool contractor, the owner of a billiards hall, and an ex-hippie whose swing insights draw from surfing and the technique of Japanese samurai. Now, as Diamond artfully charts, this motley cast has moved from the baseball margins to its center of power. They are changing the way hitting is taught to players of all ages, and major league clubs are scrambling for their services, hiring them in record numbers as coaches and consultants. And Diamond

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

himself, whose baseball career ended in high school, enlists the tutelage of each swing coach he profiles, with an aim toward starring in the annual Boston-New York media game at Yankee Stadium. Swing Kings is both a rollicking history of baseball's recent past and a deeply reported, character-driven account of a battle between opponents as old as time: old and new, change and stasis, the establishment and those who break from it. Jared Diamond has written a masterful chronicle of America's pastime at the crossroads. "Brilliant. . . . Lewis has given us a spectacular

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

account of two great men who faced up to uncertainty and the limits of human reason.”

—William Easterly, Wall Street Journal Forty years ago, Israeli psychologists Daniel Kahneman and Amos Tversky wrote a series of breathtakingly original papers that invented the field of behavioral economics. One of the greatest partnerships in the history of science, Kahneman and Tversky’s extraordinary friendship incited a revolution in Big Data studies, advanced evidence-based medicine, led to a new approach to government regulation, and made much of Michael Lewis’s own work

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

possible. In *The Undoing Project*, Lewis shows how their Nobel Prize-winning theory of the mind altered our perception of reality. *Moneyball* meets *Freakonomics* in this myth-busting guide to understanding—and winning—the most popular sport on the planet.

Innovation is coming to soccer, and at the center of it all are the numbers—a way of thinking about the game that ignores the obvious in favor of how things actually are. In *The Numbers Game*, Chris Anderson, a former professional goalkeeper turned soccer statistics guru, teams up with behavioral analyst David

Michael Lewis

at all gives them the right to stay forever." There was a turning point in Michael Lewis's life, in a baseball game when he was fourteen years old. The irascible and often terrifying Coach Fitz put the ball in his hand with the game on the line and managed to convey such confident trust in Lewis's ability that the boy had no choice but to live up to it. "I didn't have words for it then, but I do now: I am about to show the world, and myself, what I can do." The coach's message was not simply about winning but about self-respect, sacrifice, courage, and endurance. In some ways, and now thirty years later, Lewis still finds himself trying to measure up to what Coach Fitz

#1 New York Times bestselling author John C. Maxwell believes that any setback, whether professional or personal, can be turned into a step forward when you possess the right tools to turn a loss into a gain.

Drawing on nearly fifty years of leadership experience, Dr. Maxwell provides a roadmap for winning by examining the eleven elements that constitute the DNA of learners who succeed in the face of problems, failure, and losses. 1. Humility - The Spirit of Learning 2. Reality - The Foundation of Learning 3. Responsibility - The First Step of Learning 4. Improvement - The Focus of Learning 5. Hope - The Motivation

of Learning 6. *Teachability - The Pathway of Learning* 7. *Adversity - The Catalyst of Learning* 8. *Problems - The Opportunities of Learning* 9. *Bad Experiences - The Perspective for Learning* 10. *Change - The Price of Learning* 11. *Maturity - The Value of Learning*

Learning is not easy during down times, it takes discipline to do the right thing when something goes wrong. As John Maxwell often points out--experience isn't the best teacher; evaluated experience is.

The New York Times bestseller: "Hilarious. No mushy tribute to the joys of fatherhood, Lewis' book addresses the good, the bad, and the merely baffling about having kids."—*Boston Globe* When Michael

Michael Lewis

Lewis became a father, he decided to keep a written record of what actually happened immediately after the birth of each of his three children. This book is that record. But it is also something else: maybe the funniest, most unsparing account of ordinary daily household life ever recorded, from the point of view of the man inside. The remarkable thing about this story isn't that Lewis is so unusual. It's that he is so typical. The only wonder is that his wife has allowed him to publish it.

Michael Lewis

Investigations reveals a news-breaking true story of power and corruption. In the wake of 2005's sometimes contentious, sometimes comical congressional hearings on performance-enhancing drugs in baseball and the subsequent Mitchell Report, Major League Baseball established the Department of Investigations (DOI). An internal and autonomous unit, it was created to not only eliminate the use of steroids, but also to rid baseball of

Michael Lewis

any other illegal, unsavory, or unethical activities. The DOI would investigate the dark side of the national pastime--gambling, age and identity fraud, human trafficking, cover-ups, and more--with the singular purpose of cleaning up the game. Eduardo Dominguez Jr. was a founding member of that first DOI team, leaving a stellar career with the Boston Police Department to join four other "supercops"--a

group that included a 9/11 hero, a mob-buster, and narcotics experts--keeping watch over Major League Baseball. A decorated detective as well as a member of an FBI task force, Dominguez was initially reluctant to leave his law-enforcement career to work full-time in baseball. He had already seen the game's underbelly when he worked as a resident security agent (RSA) for the Boston Red Sox in

1999 and become wary of the game's commitment to any kind of reform. Only at the persuasion a widely respected NYPD detective tapped to lead the DOI did Dominguez agree to join the unit, which was the first--and last--of its kind in major American sports. "We could clean up this game," his new boss promised. In *Baseball Cop*, Dominguez shares the shocking revelations he confronted every day for six years with the DOI and nine as an RSA.

Michael Lewis

He shines a light on the inner workings of the commissioner's office and the complicity of baseball's bosses in dealing with the misdeeds compromising the integrity of the game. Dominguez details the investigations and the obstacles--from the Biogenesis scandal to the perilous trafficking of Cuban players now populating the game to the theft of prospects' signing bonuses by buscones, street agents, and even clubs'

fortunes. Award-winning journalist Travis Sawchik takes you behind the scenes to expertly weave together the stories of the key figures who changed the way the small-market Pirates played the game. For manager Clint Hurdle and the front office staff to save their jobs, they could not rely on a free agent spending spree, instead they had to improve the sum of their parts and find hidden value. They had to change. From

New York Times bestseller examines major league baseball's next cutting-edge revolution: the high-tech quest to build better players. As bestselling authors Ben Lindbergh and Travis Sawchik reveal in *The MVP Machine*, the Moneyball era is over. Fifteen years after Michael Lewis brought the Oakland Athletics' groundbreaking team-building strategies to light, every front office takes a data-driven approach to evaluating players, and the league's smarter teams no longer have a huge advantage in valuing past performance. Lindbergh and Sawchik's behind-the-scenes reporting

Michael Lewis

help readers young and old fully understand and comprehend the statistics that are the present and future of our national pastime. We all know what a .300 hitter looks like. The same with a 20-game winner. Those numbers are ingrained in our brains. But do they mean as much as we think? Do we feel the same way when we hear a batter has a .390 wOBA? How about a pitcher with a 1.2 WHIP? These statistics are the future of modern baseball, and no fan should be in the dark about how these metrics apply to the game. In the last twenty years, an avalanche of analytics has taken over the

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

way the game is played, managed, and assessed, but the statistics that drive the sport (metrics like wRC+, FIP, and WAR, just to name a few) read like alphabet soup to a large number of fans who still think batting average, RBIs, and wins are the best barometers for baseball players. In *A Fan's Guide to Baseball Analytics*, MLB.com reporter and columnist Anthony Castrovince has taken on the role as explainer to help such fans understand why the old stats don't always add up. Readers will also learn where these modern stats came from, what they convey, and how to use

Get Free Moneyball The Art Of Winning An Unfair Game

Michael Lewis

them to evaluate players of the present, past, and future. For instance, what if we told you that when Joe DiMaggio had his famous 56-game hitting streak in 1941, helping him win the AL MVP, that there was, perhaps, someone more deserving? In fact, the great Ted Williams actually had a higher fWAR, bWAR, wRC+, OPS, OPS+, ISO, RC . . . well, you get the picture. So, streak or no streak, Williams should have been league MVP. An introductory course on sabermetrics, *A Fan's Guide to Baseball Analytics* is an easily digestible resource that readers can keep turning
