Born in 1870 in Chiaravalle, Italy, Maria Montessori would grow up to embody almost every trait men of her era detested in the fairer sex. She was self-confident, strong-willed, and had a fiery temper at a time when

bilingual before age three. Time-strapped, anxious parents hoping to provide the best for their baby are the perfect mark for the "parenting" industry. In *Parenting, Inc.*, Pamela Paul investigates the whirligig of

Download Ebook Montessori Great Lessons

marketing hype, peer pressure, and easy consumerism that spins parents into purchasing overpriced products and raising overprotected, overstimulated, and over-provided-for children. Paul shows how the parenting industry has

persuaded parents that they cannot trust their children's health, happiness, and success to themselves. She offers a behind-the-scenes look at the baby business so that any parent can decode the claims—and discover shockingly unuseful

products and surprisingly effective services. And she interviews educators, psychologists, and parents to reveal why the best thing for a baby is to break the cycle of self-recrimination and indulgence that feeds into overspending. Paul's book leads the

way for every parent who wants to escape the spiral of fear, guilt, competition, and consumption that characterizes modern American parenthood.
