10 Easy Jazz Duets, B-flat Edition

Adult all-in-one course

For Trumpet, Tenor/Soprano Saxophone, Clarinet

10 Easy Jazz Duets, written by John La Porta with Greg Nielsen, contains jazz duets in a variety of styles. This unique book is compatible for performance with all instruments and is published with a CD of hip rhythm section backgrounds. In addition, the duets can be performed with a live rhythm section using the chord symbols provided in the C and Bass Clef editions. Not only is the book great for individual jazz practice for improvisation, articulation and phrasing, but it provides interaction with another musician or group with no limitation on the instrumentation. The duets are also very useful to the educator who may find it difficult to get a full band together.

Includes: Peter and the Wolf * Love Theme from Romeo and Juliet * Rachmaninoff's Piano Concerto No. 2 * Theme from Carmen * Tchaikovsky's Concerto No. 1 * The Merry Widow Waltz * Theme from the Surprise Symphony * O Mio Babbino Caro * The Blue Danube Waltz * Polovtsian Dance * Symphony from the New World * Solace and many more.

The Big Book of Classical Music

The Peer Gynt Suite may be Edvard Grieg's most famous composition. Its melodies have insinuated themselves into our culture so that they are now universally familiar. the movements are: Morning Song, Asa's Death, Anitra's Dance, and In the Hall of the Mountain King. This edition presents, for the first time, the entire suite in a version for solo guitar. This is a substantial work for the guitarist that, while requiring solid technique, is quite rewarding for both the player and the audience. Also included is a transcription of Grieg's beautiful Solveig's Song.

This book discusses WWI-era music in a historical context, explaining music's importance at home and abroad during WWI as well as examining what music was being sung, played, and danced to during the years prior to America's involvement in the Great War. •Provides an excellent resource for students investigating music during the First World War as well as for adults interested in WWI-era history or music of the pre-twenties •Documents the variety of reasons songs were sung by soldiers in wartime—to cheer themselves up, boost courage, poke fun at or stimulate hatred of their enemies, or express grievances or protest against the war or against authority •Covers stage music of the WWI era, including music hall (British), vaudeville, revues, operettas, and musicals

(Piano Solo Songbook). All your favorite piano masterpieces in one convenient collection! This book features piano solo arrangements of 100 classics by Bach, Beethoven, Brahms, Chopin, Debussy, Faure, Franck, Gounod, Grieg, Handel, Haydn, Mahler, Mendelssohn, Mozart, Pachelbel, Puccini, Tchaikovsky, Verdi, Vivaldi, Wagner, and more!

This book describes the authors interesting experiences with emphasis on Gods interventions. The Early Years describes what his life was like during the Great Depression. Growing Up describes his life from age six through graduation from high school. The

Military section describes his years of service in the air force, where he acquired lifelong knowledge and skills. With Martin-Marietta, the author worked on the Titan missile program during the ballistic missile race with Russia. Following this are God-driven events leading to marrying his wife Pamela. The book continues with his work career and family showing God's continued leading throughout this period. The book takes the reader through the most difficult period in Carlton's life: the death of his son Michael.

The Carney Associates portion of the book describes his work as an independent consultant until his retirement in 2000. Since retirement, Carlton has had several life-threatening medical problems. His faith was again tested with his wifes death to cancer in 2014. He became a member of a nondenominational local Christian church involving different activities. He is a cancer survivor. His recent health problems limited his movements while providing him the time to complete this book.

"Fascinating. Doidge's book is a remarkable and hopeful portrait of the endless adaptability of the human brain."—Oliver Sacks, MD, author of The Man Who Mistook His Wife for a Hat What is neuroplasticity? Is it possible to change your brain? Norman Doidge's inspiring guide to the new brain science explains all of this and more An astonishing new science called neuroplasticity is overthrowing the centuries-old notion that the human brain is immutable, and proving that it is, in fact, possible to change your brain. Psychoanalyst, Norman Doidge, M.D., traveled the country to meet both the brilliant scientists championing neuroplasticity, its healing powers, and the people whose lives they've transformed—people whose mental limitations, brain damage or brain trauma were seen as unalterable. We see a woman born with half a brain that rewired itself to work as a whole, blind people who learn to see, learning disorders cured, IQs raised, aging brains rejuvenated, stroke patients learning to speak, children with cerebral palsy learning to move with more grace, depression and anxiety disorders successfully treated, and lifelong character traits changed. Using these marvelous stories to probe mysteries of the body, emotion, love, sex, culture, and education, Dr. Doidge has written an immensely moving, inspiring book that will permanently alter the way we look at our brains, human nature, and human potential.

A Paper of Art and Literature

The Giant Book of Classical Sheet Music

Edvard Grieg's collection of 44 Norwegian folk songs and dances, originally published in 1895 in Norwegian. Classic Folk Music Collection constitutes an extensive library of the most well-known and universally-enjoyed works of folk music ever composed, reproduced from authoritative editions for the enjoyment of musicians and music students the world over.

This repertoire of simplified classical and folk music is intended for students who are new to the piano, but who already knows how to read music and place their fingers on the instrument. This is not a learning method, but a sheet music support, classified from the simplest to the most complicated piece. It is designed to help you grow from beginner to intermediate pianist. Classical music is a great way to learn the piano, however, it is not always enjoyed by novice pianists. This is why I only chose well-known and short pieces in order to combine enjoyment and improvement. This is the secret to progress quickly!
