PMBOK® Guide is the go-to resource for project management practitioners. The project management profession has significantly evolved due to emerging technology, new approaches and rapid market changes. Reflecting this evolution, The Standard for Project Management enumerates 12 principles of project management and the PMBOK® Guide & Seventh Edition is structured around eight project performance domains. This edition is designed to address practitioners' current and future needs and to help them be more proactive, innovative and nimble in enabling desired project outcomes. This edition of the PMBOK® Guide:

- Reflects the full range of development approaches (predictive, adaptive, hybrid, etc.);
- Provides an entire section devoted to tailoring the development approach and processes;
- Includes an expanded list of models, methods, and artifacts;
- Focuses on not just delivering project outputs but also enabling outcomes; and
- Integrates with PMI standards+™ for information and standards application content based on project type, development approach, and industry sector.

Learning Mathematics - Class 8 has been written by Prof. M.L. Aggarwal in accordance with the latest syllabus of the NCERT and Guidelines issued by the CBSE on Comprehensive and Continuous Evaluation (CCE). The subject matter has been explained in a simple language and includes many examples from real life situations. Questions in the form of Fill in the Blanks, True/False statements and Multiple Choice Questions have been given under the heading 'Mental Maths'. Some Value Based Questions have also been included to impart values among students. In addition to normal questions, some Higher Order Thinking Skills (HOTS) questions have been given to enhance the analytical thinking of the students. Each chapter is followed by a Summary which recapitulates the new terms, concepts and results. Economics Model Paper (2014-15) Strictly according to the latest syllabus prescribed by Central Board of Secondary Education (CBSE), Delhi, BSEB, JAC & other State Boards & Navodaya, Kendriya Vidyalayas etc. following CBSE curriculum based on NCERT guidelines, Chapterwise Question Bank with Solutions & Previous Year Examination Papers Economics.

R. K. Narayan (1906—2001) witnessed nearly a century of change in his native India and

captured it in fiction of uncommon warmth and vibrancy. Swami and Friends introduce

Narayan's beloved fictional town of Malgudi, where ten-year-old Swaminathan's excitement

about his country's initial stirrings for independence competes with his ardor for cricket and

other things British. Written during British rule, this novel brings colonial India into international

focus through the narrative gifts of this master of literary realism.

Twelve people set aside their fears and ride a roller coaster, including one who has never done so before.

The book that inspired the major new motion picture Mandela: Long Walk to Freedom.

Nelson Mandela is one of the great moral and political leaders of our time: an international

hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and

the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment,

Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the

African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the

nation toward multiracial government and majority rule. He

is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

Part A : Introductory Micro Economics 1. Micro Economics : An Introduction, 2. Central Problems of an Economy, 3. Consumer's Equilibrium, 4. Demand and Law of Demand, 5.
