English language learners (ELLs) often face the difficult challenge of learning both a new language and new subject matter at the same time. In Teaching English Language Learners Across the Content Areas, Judie Haynes and Debbie Zacarian offer strategies, tools, and tips that teachers can use to help ELLs at all levels flourish in mainstream classrooms. This book will show teachers how to • Determine their ELLs' stages of English language acquisition. • Modify assignments and assessments in different content areas for ELLs at different stages of language development. • Ensure that all ELLs participate fully in lesson activities alongside their English-fluent peers. • Communicate effectively with parents and guardians of students from diverse cultures. Real-life examples of lessons from elementary, middle, and high school that have been modified for ELLs in language arts, math, science, and social studies classes show how to effectively put the authors' recommendations into practice. A glossary of important ELL and ESL terms is included as well, for those who are new to teaching ELLs. Whether novice or veteran, all teachers of ELLs will benefit from this wonderfully practical guide to ensuring that ELLs learn English by learning content—and learn content while learning English.

Put Reading First

This guide is designed by teachers for teachers, & summarizes what researchers have discovered about how to successfully teach children to read. It describes the findings of the 2000 National Reading Panel Report & provides analysis & discussion in five areas of reading instruction: phonemic awareness, phonics, fluency, vocabulary, & text comprehension. Each section defines the skill, reviews the evidence from research, suggests implications for classroom instruction, describes proven strategies for teaching reading skills, & addresses frequently raised questions. Teacher candidates typically take the MTEL as they are nearing completion of, or have completed, their undergraduate work. This new edition is fully aligned with the standards of the Massachusetts Department of Education and is based on the most recent (2009-2010) test specifications. The book contains in-depth reviews of all the topics covered on the Reading and Writing portions of the exam, including: Vocabulary Reading skills Written mechanics Grammar Chapter drills with detailed explanations of answers reinforce the specific skills and abilities needed for the test. Three full-length practice exams feature every type of question, subject area, and skill tested on the MTEL exam. Our practice tests replicate the multiple-choice and open-ended portions of the official exam, allowing you to assess your skills and gauge your test-readiness. Comes complete with test-taking tips and a study schedule that builds confidence and gets you ready for the exam! If you're training to become a Massachusetts teacher, this test prep will take you to the head of the class! REA books and software have proven to be the extra support teacher candidates need to pass their challenging test for licensure. Our comprehensive test preps are teacher-recommended and written by educators who have mastered the test and the related program of study.

"Beating them All!" is a universal preparation manual that will assist test-takers across the country in beating any elementary reading instruction exam (National Evaluation Systems, Inc. (NES) exam). The strategies and methods presented in this text are research-based and will allow candidates the best opportunity to pass on their first attempt. Features: Universal, Comprehensive Preparation. The areas include "case studies, short answers," and "multiple-choice questions." It will be an invaluable resource for students who want and need to pass NES exams. Sound Preparation Methods. The preparation methods in this manual have been field tested, refined, and re-tested with groups of real students facing these exams. It includes repeatable attack-plans on all question types. "Beating them All!" has been field tested and refined to ensure effectiveness and ease in acquisition/application. Valid Content. The core reading-instruction content that is assessed on the RICA, and the other NES exams, has been identified and validated through separate explorations. Because NES exams share so much of this core content, it is essential for all candidates to know the material in "Beating them All!" in advance of taking any test. "The strengths of this text are in the area of analysis of various reading and writing components and test issues, which are seamlessly and brilliantly presented in a cogent and compelling manner. Use of advanced organizers makes a complex and often intimidating discipline approachable and comprehensible." Professor Carol Wareing, "Merrimack College" Author Bio: Dr. Chris Nicholas Boossalis received his Ph.D. in Curriculum and Instruction from Arizona State University in 1998. He is an Associate Professor of Teacher Education at California State University, Stanislaus where he teaches reading-instruction methods to elementary and secondary credential candidates.

Music Education for Social Change: Constructing an Activist Music Education develops an activist music education rooted in principles of social justice and anti-oppression. Based on the interviews of 20 activist-musicians across the United States and Canada, the book explores the common themes, perceptions, and philosophies among them, positioning these activist-musicians as catalysts for change in music education while raising the question: amidst racism and violence targeted at people who embody difference, how can music education contribute to changing the social climate? Music has long played a role in activism and resistance. By drawing upon this rich tradition, educators can position activist music education as part of a long-term response to events, as a crucial initiative to respond to ongoing oppression, and as an opportunity for youth to develop collective, expressive, and critical thinking skills. This emergent activist music education—like activism pushing toward social change—focuses on bringing people together, expressing experiences, and identifying (and challenging) oppressions. Grounded in practice with examples integrated throughout the text, Music Education for Social Change is an imperative and urgent consideration of what may be possible through music and music education.

What makes this book different is that its author KNOWS this exam. He has worked with over 1000 students since 1999 on the MTEL. Most MTEL books are written by professors who have never personally worked with any MTEL student. How can they really know about this exam? Many books and Internet products are actually written for other states' exams. They only claim to help teachers candidates master the information on the FTCE Exceptional Student Education K-12 exam and get certified. It's perfect for teacher education students and career-changing professionals who are seeking certification in Florida to teach students with special needs. Written by Florida education experts, our complete study package contains an in-depth review of all the competencies tested on the FTCE Exceptional Student Education K-12 exam, including knowledge of foundations of exceptional student education, knowledge of assessment and evaluation, knowledge of instructional practices in exceptional student education, knowledge of the positive behavioral support process, knowledge of multiple literacies and communication skills, and knowledge of the transition process. Two full-length online practice exams run under timed-testing conditions and provide automatic scoring and diagnostic feedback on every question to help students zero in on the topics and types of questions that give them trouble now, so they'll be prepared on test day. The book includes the same two practice tests that are offered online, but without the added benefits of detailed scoring analysis and diagnostic feedback. This complete test prep package comes with a customized study schedule and REA's test-taking strategies and tips. This test prep is a must-have for anyone who wants to teach special needs students in Florida!

This is not just another algebra book. An entire website supports and extends this text. 400+ web exercises: unlimited, randomly-generated practice and worksheets. All agreeing perfectly with the text—same order of lessons, same notation, same writing style. Free randomly-generated exercises. Free unlimited worksheets/quizzes. Algebra Pinball. Never again will someone say they don't have enough practice. Bound, printed copies are great. You can highlight, write margin notes, and do exercises right on the site. So, the next time you see "x," think "One Mathematical Cat, Please!" and laugh! Enjoy!

Praxis Core tests measure skills in reading, writing and mathematics. Universities may use the Core tests to evaluate individuals for entry into teacher education programs, and many states also require Core scores as part of their licensing process. This guide, with access to 12 practice tests, is designed for those studying for the Core Academic Skills for Educators: Reading (5712), Core Academic Skills for Educators: Writing (5722), and Core Academic Skills for Educators: Mathematics (5732).

A beloved classic that captures the powerful bond between man and man's best friend. Billy has long dreamt of owning not one, but two, dogs. So when he's finally able to save up enough money for two pups to call his own—Old Dan and Little Ann—he's ecstatic. It doesn't matter that times are tough; together they'll roam the hills of the Ozarks. Soon Billy and his hounds become the finest hunting team in the valley. Stories of their great achievements spread throughout the area, and Billy's name from Little Ann's friends... But tragedy awaits their dogs. As determined hunters—no friends—and Billy learns that hope can grow out of despair, and that the seeds of the future can come from the scars of the past. *Praise for Where the Red Fern Grows* A Top 100 Children's Novel, School Library Journal's A Plus #8 Production A Must-Read for Kids 9 to 14, NPR Winner of Multiple State Awards Over 7 million copies in print! It's not fair. Emma thinks, for her parents to go away (for five whole days) and leave her with an aunt and uncle she hardly knows. What if they don't like children? But Aunt Evelyn and Uncle Eliot like Emma and her brother, Zachary, just fine. They also like rules. Rules about: Eating. Sleeping. Cleaning up. Messing up. Emma doesn't believe in rules. Not unless they're hers: Eating no broccoli, dead or alive. Sleeping: No sleeping in a room where night rumbles hide. Cleaning up: Don't. Messing up: Do. Emma can see that Aunt Evelyn and Uncle Eliot have a lot to learn about being parents. But that's okay—because Emma has five whole days in which to teach them.
