Primer introduces a brand-new superhero with a colorful array of superpowers. Ashley Rayburn is an upbeat girl with a decidedly downbeat past. Her father is a known criminal who now sits in federal prison, but still casts a shadow over Ashley's life. Ashley has bounced from foster home to foster home and represents a real challenge to the social workers who try to help her—not because she's inherently bad, but because trouble always seems to find her. Ashley's latest set of (presumably short-term) foster parents are Kitch and Yuka Nolan. Like Ashley, Kitch is an artist, while Yuka is a geneticist working for a very high-level tech company that's contracted out to work for the government and the military. And it's Yuka's latest top-secret project that has her concerned. Developed for the military, it's a set of body paints that, when applied to the wearer, grant them a wide range of special powers. Fearful that this invention will be misused, Yuka sneaks the set of paints home. Ashley comes home from school one day with her new friend Luke and, thinking that the Nolans have purchased a surprise gift for her upcoming birthday, finds the set of paints. It isn't long before she realizes that she's stumbled upon something much bigger...and a lot more dangerous. Although she uses her newly discovered powers for good, it's not long before the military becomes wise to what happened to their secret weapon. And this spells big trouble not only for Ashley, but for her newfound family and friends, as well.

"The most delightful, absorbing, and hilarious book I have read in ages." —Christina Lauren, New York Times bestselling author of *The Soulmate Equation* For fans of *The Devil Wears Prada* and *The Bold Type* comes a smart, modern story about the shifting media landscape and one Middle Eastern-American writer finding her place in it. How far would you go to keep the job a hundred other girls are ready to take? Noora's life is a little off track. She's an aspiring writer and amateur blogger in New York—which is a nice way of saying that she tutors rich Upper East Side kids and is currently crashing on her sister's couch. But that's okay. Noora has Leila, who has always been her rock, and now she has another major influence to lean on: Vinyl magazine. The pages of Vinyl practically raised Noora, teaching her everything from how to properly insert a tampon to which political ideology she subscribes to. So when she lands a highly coveted job as assistant to Loretta James, Vinyl's iconic editor-in-chief, Noora can't believe her luck. Her only dream is to write for Vinyl, and now with her foot firmly in the door and the Loretta James as her mentor, Noora is finally on the right path... or so she thinks. Loretta is an unhinged nightmare, insecure and desperate to remain relevant in an evolving media landscape she doesn't understand. Noora's phone buzzes constantly with Loretta's bizarre demands, particularly with tasks Loretta hopes will undermine the success of Vinyl's wunderkind digital director Jade Aki. The reality of Noora's job is nothing like she expected, and a misguided crush on the hot IT guy only threatens to complicate things even more. But as Loretta and the old-school print team enter into a turf war with Jade and the woke-for-the-wrong-reasons digital team, Noora soon finds herself caught in the middle. And with her dream job on the line, she'll need to either choose a side or form her own. Clever, incisive, and thoroughly fun, *A Hundred Other Girls* is an insider's take on the changing media industry, an ode to sisterhood, and a profound exploration of what it means to chase your dreams.

A Hundred Other Girls

Comprising Its Antiquities, Biography, Geography, and Natural History

Based on ten years of research among hip-hop producers, *Making Beats* was the first work of scholarship to explore the goals, methods, and values of a surprisingly insular community. Focusing on a variety of subjects—from hip-hop artists' pedagogical methods to the Afrodiasporic roots of the sampling process to the social significance of "digging" for rare records—Joseph G. Schloss examines the way hip-hop artists have managed to create a form of expression that reflects their creative aspirations, moral beliefs, political values, and cultural realities. This second edition of the book includes a new foreword by Jeff Chang and a new afterword by the author.

The G.A. Henty Megapack collects 20 classic adventure novels -- more than 4,500 pages! -- by the great Victorian author. Included in this volume are: THE GOLDEN CANYON AMONG MALAY PIRATES BEARS AND DACOITS A TALE OF THE GHOUTS THE PATERNOSTERS A PIPE OF MYSTERY WHITE FACED DICK: A STORY OF PINE TREE GULCH A BRUSH WITH THE CHINESE AT ABOUKIR AND ACRE AT AGINCOURT AT THE POINT OF THE BAYONET BERIC THE BRITON BONNIE PRINCE CHARLIE BOTH SIDES THE BORDER THE BOY KNIGHT

THE BRAVEST OF THE BRAVE BY SHEER PLUCK CONDEMNED AS A NIHILIST COLONEL THORNDYKE'S SECRET A CHAPTER OF ADVENTURES THE DRAGON AND THE RAVEN And don't forget to search your favorite ebook store for "Wildside Megapack" (or just "Megapack" if "Wildside Megapack" doesn't work) to see more entries in Wildside Press's Megapack series, ranging from science fiction and fantasy to westerns, mysteries, ghost stories, author collections -- and much, much more!

This monograph offers a unique analysis of social protest in popular music. It presents theoretical descriptions, methodological tools, and an approach that encompasses various fields of musicology, cultural studies, semiotics, discourse analysis, media studies, and political and social sciences. The author argues that protest songs should be taken as a musical genre on their own. He points out that the general approach, when discussing these songs, has been so far that of either analyzing the lyrics or the social context. For some reason, the music itself has been often overlooked. This book attempts to fill this gap. Its central thesis is that a complete overview of these repertoires demands a thorough interaction among contextual, lyrical, and musical elements together. To accomplish this, the author develops a novel model that systemizes and investigates musical repertoires. The model is then applied to four case studies, those, too, chosen among topics that are little (or not at all) frequented by scholars.

The Fortunate Pilgrim

A Story of Loss, Love, and the Hidden Order of Life

"Helm lays it all bare in vivid, impassioned prose, adding an earthly, backwoods tone that makes the book read like a Southern novel, like Thomas Wolfe writing about rock 'n' roll." –Boston Globe "One of the most insightful and intelligent rock bios in recent memory." –Entertainment Weekly The Band, who backed Bob Dylan when he went electric in 1965 and then turned out a half-dozen albums of beautifully crafted, image-rich songs, is now regarded as one of the most influential rock groups of the '60s. But while their music evoked a Southern mythology, only their Arkansawyer drummer, Levon Helm, was the genuine article. From the cotton fields to Woodstock, from seeing Sonny Boy Williamson and Elvis Presley to playing for President Clinton, This Wheel's on Fire replays the tumultuous history of our times in Levon's own unforgettable folksy drawl. This edition is expanded with a new epilogue covering the last dozen years of Levon's life. Levon Helm (1940-2012) met Ronnie Hawkins at the age of 17 and formed what would soon become The Band. He maintained a successful career as a singer and actor until his death. Stephen Davis is the author of Hammer of the Gods: The Led Zeppelin Saga; More Room in a Broken Heart: The True Adventures of Carly Simon; Old Gods Almost Dead: The 40-Year Odyssey of the Rolling Stones; Jim Morrison: Life, Death, Legend; Walk This Way: The Autobiography of Aerosmith; and others.

"Color Inspirations contains some of the very best color palettes from the popular website COLOURlovers.com, organized by color family in a logical, easy-to-use format. In this complete reference, you'll discover 3,286 fresh, inspiring color palettes--ready to be applied to your latest design or project and complete with accurate CMYK, RGB and HEX values. In fact, you can use the included CD to import any color palette into your design software immediately. This comprehensive book also includes a brief primer on color theory and an inspiration section that will help you discover new color combinations in the world around you. It contains everything you need to find the best color palettes for your project in a snap."--Publisher description.

Não deixe o rock sair de você!!! Muito mais do que simplesmente um gênero musical, o rock é um estilo de vida. É um sentimento que influenciou moda, atitude, visão de mundo e a história de várias gerações. Esse livro, feito por roqueiros apaixonados, transmite o legado de amor ao rock às próximas gerações. São décadas de história contadas pela equipe da Kiss FM – trazendo relatos pessoais, curiosidades de bastidores, polêmicas, episódios épicos e alguns até engraçados além da trajetória da rádio que é sinônimo do verdadeiro rock and roll. Ligue o som o mais alto possível, abra seu livro e comece esta viagem por onde tudo começou! Isso é rock: é disso que a gente gosta... é disso que a gente entende!

Love and tragedy dominate book four of Virgil's most powerful work, building on the violent emotions invoked by the storms, battles, warring gods, and monster-plagued wanderings of the epic's opening. Destined to be the founder of Roman culture, Aeneas, nudged by the gods, decides to leave his beloved Dido, causing her suicide in pursuit of his

historical destiny. A dark plot, in which erotic passion culminates in sex, and sex leads to tragedy and death in the human realm, unfolds within the larger horizon of a supernatural sphere, dominated by power-conscious divinities. Dido is Aeneas' most significant other, and in their encounter Virgil explores timeless themes of love and loyalty, fate and fortune, the justice of the gods, imperial ambition and its victims, and ethnic differences. This course book offers a portion of the original Latin text, study questions, a commentary, and interpretative essays. Designed to stretch and stimulate readers, Ingo Gildenhard's incisive commentary will be of particular interest to students of Latin at both A2 and undergraduate level. It extends beyond detailed linguistic analysis to encourage critical engagement with Virgil's poetry and discussion of the most recent scholarly thought.

Three Stones Make a Wall The Story of Archaeology Princeton University Press

(FAQ). The Rocky Horror Picture Show FAQ is the in-depth story of not only the legendary stage show and movie but of a unique period in theatrical history in the movie's UK homeland as well as overseas. Rocky Horror has been performed worldwide for more than 40 years in over 30 countries and has been translated into more than 20 languages. Inside these pages, we see Rocky Horror as sexual cabaret and political subversion, as modern mega-hit and Broadway disaster. At the movie house, we learn when to shout, what to throw and why people even do those things. Here is the full story of the play's original creation; its forebears and its influences are laid out in loving detail, together with both the triumphs and tragedies that attended it across the next 40 forty years. Packed with anecdotes, The Rocky Horror Picture Show FAQ is the story of dozens of worldwide performances and the myriad stars who have been featured in them. From Tim Curry to Anthony Head, from Reg Livermore to Gary Glitter, from Daniel Abineri to Tom Hewitt, the lives and careers of the greatest ever Frank N. Furters stalk the pages, joined by the Riff-Raffs, Magentas, Columbias, and all. The book also includes the largest and most in-depth Rocky Horror discography ever published, plus a unique timeline The Ultimate Rocky Horror Chronology detailing the who, what, where, and when of absolute pleasure.

How can so many people pledge allegiance to punk, something with no fixed identity? Depending on who and where you are, punk can be an outlet, excuse, lifestyle, escapism, conversation, community, ideology, sales category, social movement, punishable offense, badge of authenticity, reason to drink beer forever, or an aesthetic of belligerent incompetence. And if someone has a strong belief about what punk is, odds are they have even stronger feelings about what punk is not. Sam McPheeters championed many different versions. Over the course of two decades, he fronted Born Against, released dozens of records and fanzines, and toured seventeen times across the northern hemisphere. In this collection of essays, profiles, criticism, and personal history, he examines the diverse realms he intersected--New York hardcore, Riot Grrrl, Gilman street, the hidden enclaves of Olympia, and New England, and downtown Los Angeles--and the forces of mental illness and creative inspiration that drove him, and others, in the first place.

Detailed and timely information on accommodations, restaurants, and local attractions highlight these updated travel guides, which feature all-new covers, a two-color interior design, symbols to indicate budget options, must-see ratings, multi-day itineraries, Smart Travel Tips, helpful bulleted maps, tips on transportation, guidelines for shopping excursions, and other valuable features. Original.

Students of pop music and pop culture as well as fans who have loved the music since it came into being will gain valuable insight into this genre of the 1970s and 1980s. • Details 50 must-hear musical examples, including artists, songs, and albums • Traces the legacy of new wave rock through film, television, and television commercials from the 1980s to the present • Describes the musical materials of new wave rock that developed out of disco and punk rock • Covers both well-remembered artists (e.g., Blondie) and not so well-remembered artists that all had a major impact on popular culture in the 1970s and 1980s

things to do for free and boat trips - Streetsmart advice: get ready, get around, and stay safe DK Eyewitness Top 10 have been helping travelers to make the most of their breaks since 2002. Staying for longer and looking for a more comprehensive guide? Try our DK Eyewitness France.

A Best Book of 2020: The Washington Post * NPR * Chicago Tribune * Smithsonian A “remarkable” (Los Angeles Times), “seductive” (The Wall Street Journal) debut from the new cohost of Radiolab, Why Fish Don’t Exist is a dark and astonishing tale of love, chaos, scientific obsession, and—possibly—even murder. “At one point, Miller dives into the ocean into a school of fish...comes up for air, and realizes she’s in love. That’s how I felt: Her book took me to strange depths I never imagined, and I was smitten.” —The New York Times Book Review David Starr Jordan was a taxonomist, a man possessed with bringing order to the natural world. In time, he would be credited with discovering nearly a fifth of the fish known to humans in his day. But the more of the hidden blueprint of life he uncovered, the harder the universe seemed to try to thwart him. His specimen collections were demolished by lightning, by fire, and eventually by the 1906 San Francisco earthquake—which sent more than a thousand discoveries, housed in fragile glass jars, plummeting to the floor. In an instant, his life’s work was shattered. Many might have given up, given in to despair. But Jordan? He surveyed the wreckage at his feet, found the first fish that he recognized, and confidently began to rebuild his collection. And this time, he introduced one clever innovation that he believed would at last protect his work against the chaos of the world. When NPR reporter Lulu Miller first heard this anecdote in passing, she took Jordan for a fool—a cautionary tale in hubris, or denial. But as her own life slowly unraveled, she began to wonder about him. Perhaps instead he was a model for how to go on when all seemed lost. What she would unearth about his life would transform her understanding of history, morality, and the world beneath her feet. Part biography, part memoir, part scientific adventure, Why Fish Don’t Exist is a wondrous fable about how to persevere in a world where chaos will always prevail.

The Maya World

Arc of Justice

An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began—a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian

Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's changing times. *Arc of Justice* is the winner of the 2004 National Book Award for Nonfiction.

The Maya World brings together over 60 authors, representing the fields of archaeology, art history, epigraphy, geography, and ethnography, who explore cutting-edge research on every major facet of the ancient Maya and all sub-regions within the Maya world. The Maya world, which covers Guatemala, Belize, and parts of Mexico, Honduras, and El Salvador, contains over a hundred ancient sites that are open to tourism, eight of which are UNESCO World Heritage Sites, and many thousands more that have been dug or await investigation. In addition to captivating the lay public, the ancient Maya have attracted scores of major interdisciplinary research expeditions and hundreds of smaller projects going back to the 19th century, making them one of the best-known ancient cultures. *The Maya World* explores their renowned writing system, towering stone pyramids, exquisitely painted murals, and elaborate funerary tombs as well as their creative agricultural strategies, complex social, economic, and political relationships, widespread interactions with other societies, and remarkable cultural resilience in the face of historical ruptures. This is an invaluable reference volume for scholars of the ancient Maya, including archaeologists, historians, and anthropologists.

In 1922, Howard Carter peered into Tutankhamun's tomb for the first time, the only light coming from the candle in his outstretched hand. Urged to tell what he was seeing through the small opening he had cut in the door to the tomb, the Egyptologist famously replied, "I see wonderful things." Carter's fabulous discovery is just one of the many spellbinding stories told in *Three Stones Make a Wall*. Written by Eric Cline, an archaeologist with more than thirty seasons of excavation experience, this book traces the history of archaeology from an amateur pursuit to the cutting-edge science it is today by taking the reader on a tour of major archaeological sites and discoveries. Along the way, it addresses the questions archaeologists are asked most often: How do you know where to dig? How are excavations actually done? How do you know how old something is? Who gets to keep what is found? Taking readers from the pioneering digs of the eighteenth century to today's exciting new discoveries, *Three Stones Make a Wall* is a lively and essential introduction to the story of archaeology.
