children to later writing skills. My First Giant Coloring Book of animals uses the well known Professor Maria Montessori's teaching methods to help children transfer the phonetic sound into a written sound. It is an engaging, and developmentally appropriate book, full of colors and illustrations that will nurture your child's imagination and learning skills. Four pages dedicated to one letter will give your child the time to absorb not just a new letter, but colors and animals as well. The big and bold pictures are easy to color-in with markers. My First Giant Coloring Book includes: Color the alphabet- Filling in each image helps children practice coloring inside the line and reinforces name of shapes found. One letter and one animal- From A-Z each letter is accompanied by a cute/funny animal Repetition and fun- Repeating a letter paired to an animal reinforces into long term memory the phonetic sound that belongs to each letter and helps transfer that sound into writing. Giant Size- Every page is 8.5x11in. Fun to color and enjoy. (more then 100 pages of joy) The children's brain develops through repetition, and this allows for them to persevere and concentrate and increase self-confidence. learning that inspires hours of enjoyment—at home or in the classroom. It is most suitable for kids age between 1- 5 years, but also suits any child who loves coloring and knowing the basics in a much more fun and exciting way!

The act of coloring can help to improve motor skills in young children and prepare them to school. The actions, motions and precise grip involved in coloring can help in the development of the muscles of the fingers, hands and wrist. Fine motor skill development can help children write more skillfully as well as manipulate small objects. They can then build on these skills to become better typists and more adept in sports and other activities. Coloring can stoke the imagination and inspire kids to brainstorm and learn to think of new ideas on their own naturally. The children will be relaxed and concentrate on the task. Coloring with beautiful colors makes children feel happy, lively, continue to enjoy and concentrate on the body. Coloring is another option for children who do not have to rush. Great for gifts for practicing and relaxation.
