New England Review

(Music Sales America). This book has been specially created for any guitarist who wants to learn note reading, be they beginners or more advanced players who have neglected this part of their musicianship. It starts with the very basics of written music and progressively introduces notes on each string one at a time until all notes in the "open position" (first five frets) of the guitar have been mastered, and up to 8th note rhythm subdivisions have been learned and applied. Also covered are sharps, flats, key signatures, accidentals, repeats and more. Each step includes practical exercises, handy tips and tricks and a simple repertoire for students to put their reading skills into practice. Spiral open so it lays flat no matter what page you're on. This book is a "hands-on" approach to music theory with lots of playing examples for the banjo. Music theory does not have to be mysterious or difficult. In fact, taken a little bit at a time, it's easy and fun! Each of the approximately 50 lessons in this book has a limited scope, but by the time you complete them, you will have a thorough understanding of the basics of music theory as applied to the banjo. While a single book can't cover everything in so vast a subject, the author has tried to choose topics that will address the needs of most beginning banjo players. These include: scale theory, reading tablature and standard notation, key signatures, accidentals, transposition, time signatures and note values, intervals and chord construction, the three kinds of minor scales, pentatonic scales, and more. In addition, each chapter features playing examples and review questions to both test and clarify understanding of the materials presented. Rather than proceeding from chapter to chapter, as each individual banjo player is likely at a different point in their musical journey, the reader is encouraged to "jump around and spend more time in those areas that interest you most." The important thing about the journey is to begin. Includes access to online audio and video.

Set in Ireland on the wild coast of Connemara, this hauntingly romantic novel tells the story of a young woman who goes in search of her family's past and ends up discovering her future. Ellen Trawton is running away from it all. She hates her job, she doesn't love the aristocratic man to whom she is engaged, and her relationship with her controlling mother is becoming increasingly

strained. So Ellen leaves London, fleeing to the one place she knows her mother won't find her, her aunt's cottage in Connemara. Cutting all her ties with chic London society, Ellen gives in to Ireland's charm and warmth, thinking her future may lie where so much of her past has been hidden. Her imagination is soon captured by the compelling ruins of a lighthouse where, five years earlier, a young mother died in a fire. The ghost of the young wife, Caitlin, haunts the nearby castle, mourning the future she can never have there. Unable to move on, she watches her husband and children, hoping they might see her and feel her love once more. But she doesn't anticipate her husband falling in love again. Can she prevent it? Or can she let go and find a way to freedom and happiness? The ruggedly beautiful Connemara coastline with its tightknit community of unforgettable characters provides the backdrop for this poignant story of two women seeking the peace and love they desperately need. For each, the key will be found in the secrets of the past, illuminated by the lighthouse.

SOUND OF THE CROWD: A DISCOGRAPHY OF THE '80s is the ultimate record collector's guide to the 1980s. In the era of multi-formatting, picture discs, coloured vinyl, multiple remixes, funny shaped records and tiny CDs you could lose down the back of the sofa, this book lists every format of every single, EP and album released in the UK in the 1980s by over 140 of the decade's biggest acts, from ABBA to Paul Young. This fourth edition has been fully revised and expanded to include even more acts than ever before, with additional sections to cover Band Aid-style charity congregations and compilation albums from the early '80s K-Tel efforts through to the Now That's What I Call Music series and its competitors. Compiled by Steve Binnie, editor of the '80s music website Sound of the Crowd and writer, producer and co-host of the unconventional '80s chart show Off The Chart, broadcast weekly on Mad Wasp Radio.

Using as its epigraph and unifying principle Luc Sante's notion that "Every human being is an archeological site," Field Recordings from the Inside provides a deep and personal examination at the impact of music on our lives. Bonomo effortlessly moves between the personal and the critical, investigating the ways in which music defines our personalities, tells histories, and offers mysterious, often unbidden access into the human condition. The book explores the vagaries and richness of music and music-making—from rock and roll, punk, and R&B to Frank Sinatra, Nashville country, and Delta blues—as well as the work of a diverse group of artists and figures—Charles Lamb, music writer Lester

Bangs, painter and television personality Bob Ross, child country musician Troy Hess, and songwriter Greg Cartwright. Mining the often complex natures and shapes of the creative process, Field Recordings from the Inside is a singular work that blends music appreciation, criticism, and pop culture from one of the most critically acclaimed music writers of our time.

Across the globe, large corporations are dominating the supply and delivery of health care products and services and altering the behavior of health professionals. In Who Owns Your Health? Thomas Faunce applies moral, bioethical, and human rights perspectives to examine how the privatization of health care affects the public good. Drawing on the author's rich knowledge of relevant law, philosophy, and literature, his personal experience on the front lines of clinical medicine, and interviews with players who are intimately familiar with the pharmaceutical industry, this elegantly written analysis explores the urgent issues surrounding growing corporate influence on health policy and medical professionalism. In addressing the inherent tensions involved in the business of health care, Faunce promotes a framework by which the benefits of corporate competition might be better harnessed to promote patient well-being while acknowledging the need to ensure that global health remains a sustainable enterprise.

*George Harrison and Eric Clapton embarked upon a singular personal and creative friendship that impacted rock's unfolding future in resounding and far-reaching ways. All Things Must Pass Away: George Harrison, Eric Clapton, and Other Assorted Love Songs will trace the emergence of their relationship from 1968 through the early 1970s. In particular, authors Womack and Kruppa devote close attention to the climax of Harrison and Clapton's shared musicianship—the November 1970 releases of All Things Must Pass, Harrison's powerful emancipatory statement in the wake of the Beatles, and Layla and Other Assorted Love Songs, Clapton's impassioned reimagining of his art via Derek and the Dominos, the band that he created from the wreckage of Cream and Blind Faith. All Things Must Pass Away will provide readers with a powerful overview of Harrison and Clapton's relationship, especially in terms of the ways their revolutionary musicianship and songwriting would eclipse rock music as an evolving genre. With All Things Must Pass and Layla, Harrison and Clapton bequeathed twin recorded statements that advanced rock 'n' roll from a windswept 1960s idealism into the edgy new reality of the 1970s. (Guitar Collection). 25 classic songs from the Fab Four are presented in lyrics, chord symbols and guitar chord diagrams, making Beatles' music accessible to beginning guitarists just learning their craft. Who are they kidding? Since May is widowed, childless, and Kipps twin to boot, of course it will be her. May, an art professor at the University of Chicago, gives up her comfortable, independent life to move back into the family home with Kipp. But living with her quirky twin isnt easy. He makes grilled cheese sandwiches in a sideways-turned toaster, sings in an Alvin-and-the-Chipmunks falsetto, and pesters May relentlessly for a dog and a girlfriend. As May juggles teaching and preparing for the gallery show she hopes will lead to a coveted promotion, she finds herself besieged by men. Theres her narcissistic brother Sal who moves in when his wife kicks him out. And her teenage nephew who needs some space from his infatuated father. Theres Dilly, her smitten childhood friend who shows his love for her through gourmet cupcakes. And then theres Mr. Do-It-Right, the flirty painter she hires to renovate the old house. Throw in a mystery woman, a puppy, and a girlfriend for Kipp, and now everybody and their brother is clamoring for Mays attention. Jimmy Jack was a respected citizen with a hidden secret: He had been an alcoholic since his early teen years. Despite obtaining three Master Degrees and being wildly successful in several fields, it was not enough to keep him sober. After getting a DWI, Jack served twenty-one months of a four-year sentence in one of the most out of control and violent prisons in the state of Texas. In Jimmy Jack: The Alcoholic Teacher, he narrates his journey and describes how his prison experience literally saved his life. He tells how he, as a genuine Christian with real-time faults and attitudes, was simply trying to survive and come out of the horrible situation a better person. Jack documented his story, and the stories

of other inmates, by writing two pages each day for 1 year. In this memoir, he entertains with humor, teaches about the healing power of Jesus, demonstrates how a respected member of society navigated incarceration, and offers hope for a better tomorrow.

What I Found Out About Her: Stories of Dreaming American, winner of the 2014 Richard Sullivan Prize in Short Fiction, reaffirms Peter LaSalle's reputation as one of the most startlingly original writers working in the short fiction genre today. In this collection of eleven stories, LaSalle explores how everyday life for many—an FBI agent, a study-abroad student, a drug dealer's chic girlfriend, a trio of Broadway playwrights, among others—can often take on something much larger than that, almost the texture of a haunting dream. Marked by stylistic daring and a rare lyricism in language, this is intense, thoroughly moving fiction that probes the contemporary American psyche, portraying it in all its frequently painful sadness and also its brave and unflagging hope.
