Help students make the most of what they've learned in Brunner & Suddarth's Textbook of Medical-Surgical Nursing, 15th Edition, with this easy-to-use study companion. Updated to reflect the latest textbook material, this Study Guide provides everything students need to assess their understanding and practice applying their knowledge, preparing them for success in your class, on the NCLEX® exam, and in nursing practice.

Announcing a new Myers/DeWall text, created specifically for the Fall 2019 AP® course framework! You are likely familiar with the name Dr. David G. Myers. Now, he and his new co-author, Nathan DeWall, bring you a book that will allow you to use College Board's new Personal Progress Checks and Dashboard more effectively. This updated edition includes 100% of the new course content in the new nine-unit structure. All teacher and student resources will also be updated to correlate to the new student edition; this includes the TE, TRFD, TB, Strive, and LaunchPad. Everything will publish in summer 2020 such that you can use this new program for Fall 2020 classes. If you're not familiar with Myers/DeWall texts, you are in for a treat! Drs. Myers and DeWall share a passion for the teaching of psychological science through wit, humor, and the telling of poignant personal stories (individually identified in the text by the use of each author's initials [DM and ND]). Through close collaboration, these authors produce a unified voice that will teach, illuminate, and inspire your AP® students.

Psychology, Eighth Edition, in Modules Visual Concept Reviews

This updated manual presents one diagnostic test and two full-length practice tests that reflect the actual AP Psychology Exam in length, subject matter, and difficulty. All test questions are answered and explained. It also provides extensive subject review covering all test topics. Topics reviewed include research methods, the biological basis of behavior, sensation and perception, states of consciousness, learning, cognition, personality, abnormal psychology, and treatment of disorders. This manual also presents an overview of the test, extra multiple-choice practice questions, test-taking tips, and an analysis of the test's essay question with a sample essay. Enclosed with the manual is a CD-ROM that presents two more practice tests with answers, explanations, and automatic scoring, as well as extensive subject review.

This detailed study guide helps students to understand and retain the material in Psychology, 10th edition, at an even higher level than by reading the text alone. Each chapter includes self-test and exercises, chapter reviews and overviews, and objectives from the text. This full-color booklet--available for free when shrink-wrapped with the book or Study Guide--offers fill-in-the-blank style concept charts that allow students to apply their understanding of the concepts to real-life situations (with answers in an appendix). Some of the Concept Reviews focus on the biopsychosocial approach, thus extending the levels of analysis theme that David Myers has further applied in the text, for this edition.

WARNING: This is not the actual book Psychology Textbook 10th Edition by David G. Myers. Do not buy this Summary, Review & Analysis if you are looking for a full copy of this great book. Our expert educators have already read Psychology and pulled out the key points, and insights to give you a comprehensive chapter-by-chapter summary & review. In doing so, unfortunately we do not have the space to include all of the many important ideas and anecdotes found in Psychology. To get it all, you should first order the full book. Packaged together in an engaging and easily digestible format, this concise summary & review works best as an unofficial guide or companion to read alongside the book. PSYCHOLOGY TEXTBOOK 10TH EDITION: BY DAVID G. MYERS -- SUMMARY, REVIEW & STUDY GUIDE This Summary, Review & Study Guide is your companion to the 10th edition of the bestselling textbook Psychology, written by David G. Myers. It consolidates the material in the textbook, providing students with a handy way to preview material before class, to reinforce content after lectures, or to review prior to exams, saving valuable time while increasing comprehension. This guide follows the structure of Myers' text, providing helpful, comprehensive summaries for each of the book's 16 chapters. Beginning with a one-paragraph overview of the chapter's main themes, summaries contain ample headnotes that provide the student with an easy-to-follow outline for quick material review. In addition to summarizing the material, the guide references psychology's famous scientists and important research results, as well as the important historical and statistical information included in the textbook. The guide also identifies the as-yet unanswered questions within the field. Following each chapter summary is a concise bullet list of the key take-away ideas for the chapter, as well as two or more review questions, with answers, to assist with thoughtful and thorough studying and test prep. Technical language, an important aspect to understanding psychology (and therefore usually on the exam!), is italicized and defined for easy review. When it makes sense to do so, vocabulary is italicized within running text; in other chapters, vocabulary is listed (dictionary-style) and defined. The guide also includes graphs and graphics for concepts such as Erickson's stages of psychosocial development and Weber's law that are more easily understood and retained visually. Like all introductory textbooks, Psychology covers a lot of material, and because the material is scientific in nature, some of it can be difficult to understand and assimilate. A study guide is a helpful choice

for college students, who are always pressed for time, to enhance comprehension. Although designed specifically to accompany Myers' textbook, this study guide would also be a useful companion for other psychology textbooks or for someone wanting a good basic review of psychology's concepts and terms. FROM START-TO-FINISH IN JUST 30 MINUTES! Here's your chapter-by-chapter guide to David G. Myers's Psychology that you can start and finish right now!

An ALA-YALSA Best Book for Young Adults New Bonus Content: -Q&A with Walter Dean Myers -Q&A with screenwriter John Ballard -Teaser chapter from On a Clear Day -Excerpt from 145th Street All eyes are on seventeen-year-old Lonnie Jackson while he practices with his team for a city-wide basketball Tournament of Champions. His coach, Cal, knows Lonnie has what it takes to be a pro basketball player, but warns him about giving in to the pressure. Cal knows because he, too, once had the chance—but sold out. As the tournament nears, Lonnie learns that some heavy bettors want Cal to keep him on the bench so that the team will lose the championship. As the last seconds of the game tick away, Lonnie and Cal must make a decision. Are they willing to blow the chance of a lifetime?

Exploring Psychology Study Guide

We hear and say short Christian clichés all the time, such as “Jesus was a social justice warrior,” “Just have faith, not my place to judge.” These trite statements often go unquestioned. Sometimes they even substitute for truth, fragile and shallow faith. But what if a close study of these clichés could lead us to deep biblical truth? In Unquestioned Answers, Dr. Jeff Myers rethinks ten popular Christian clichés. Through an in-depth and fresh look, Myers shares insight into these overused statements to strengthen readers' faith and encourage them to share Jesus with others. Walk on a path to biblical truth as he explores critical topics such as social justice, faith, sin, loving others, God's goodness, and more.

This guide gives students a complete learning resource. It includes solutions to all Practice Problems and Challenges from the text, an introduction to each chapter, key concepts, examples, chapter summaries, and chapter exercises with solutions.

This New York Times bestselling novel from acclaimed author Walter Dean Myers tells the story of Steve Harmon, a boy in juvenile detention and on trial. Presented as a screenplay of Steve's own imagination, and peppered with journal entries, the book shows how one single decision can change our whole lives. Monster is a multi-award-winning, poignant coming-of-age story that was the first-ever Michael L. Printz Award recipient, an ALA Best Book, a Coretta Scott King Honor selection, and a National Book Award finalist. Monster is now a major motion picture called All Rise and stars Jennifer Hudson, Kelvin Harrison, Jr., Nas, and A\$AP Rocky. The late Walter Dean Myers was a National Ambassador for Young People's Literature, who was known for his commitment to realistically depicting kids from his hometown of Harlem.

Study Guide for the Generalist Hospice and Palliative Nurse

A Study Guide for Walter Dean Myers's "Fallen Angels"

A Memoir

Longtime Myers collaborator Richard Straub's study guide is customized to follow the modular format and contents of the text.

Robin "Birdy" Perry, a new army recruit from Harlem, isn't quite sure why he joined the army, but he's sure where he's headed: Iraq. Birdy and the others in the Civilian Affairs Battalion are supposed to help secure and stabilize the country and successfully interact with the Iraqi people. Officially, the code name for their maneuvers is Operation Iraqi Freedom. But the young men and women in the CA unit have a simpler name for it: WAR

Thus begins market-leading author David Myers' discussion of developmental psychology in Unit 9 of his new Myers' Psychology for AP® Second Edition. With an undeniable gift for writing, Dr. Myers will lead your students on a guided tour of psychological science and poignant personal stories. Dr. Myers teaches, illuminates, and inspires. Four years ago, we published this ground-breaking text which is correlated directly to the AP® course. Today, we build on that innovation and proudly introduce the 2nd AP® Edition. Whether you are new to AP® psychology or have many years under your belt, this uniquely AP® book program can help you achieve more.

Assassin

The Glory Field

Exploring Psychology

Barron's AP Psychology

This new edition continues the story of psychology with added research and enhanced content from the most dynamic areas of the field--cognition, gender and diversity studies, neuroscience and more, while at the same time using the most effective teaching approaches and learning tools.

Longtime Myers collaborator Richard Straub provides an updated study guide for the new edition.

Bella isn't evil. But even people with good intentions can end up doing bad things. Especially when they meet people with the power to persuade them to do almost anything, like John Wilkes Booth--the most charismatic and famous actor of his time. So when Booth sets his sights on Bella, an assistant seamstress to Mary Todd Lincoln, to help with his plot to kidnap President Lincoln, he is able to persuade her to betray her president and even turn her back on the boy she has loved her entire life. Bella believes Booth is only trying to force the North to release Southern war prisoners, and will not harm her dear friend Mr. Lincoln. But the kidnapping plot fails, and now Booth will stop at nothing--even if it means harming Bella in the process. Anna Myers has crafted a provocative new look at the Lincoln assassination through the eyes of both a young White House insider and the assassin himself. An author's note provides the historical background to this tragic event.

Study Guide for Psychology, Seventh Edition

Psychology, 10th Edition

This modular version of Myers's full-length text, Psychology, reflects the author's research-supported belief that many students learn better using a text comprised of brief modules, as opposed standard-length chapters. Psychology, Eighth Edition, in Modules breaks down the 18 chapters of Psychology into 58 short modules, retaining that acclaimed text's captivating writing, superior pedagogy, and wealth of references to recent cutting-edge research. The modular version has its own extensive media and supplements package, with content organized to match its table of contents.

This version of the main text breaks down the chapters into shorter modules, for more accessibility. The smaller chunks allow students to better grasp and explore psychological concepts. The modules also allow more flexibility in teaching, as cross-references to other chapters have been replaced with brief explanations.

Psychology

Strive for 5: Preparing for the AP Psychology Examination

Sunrise Over Fallujah

Bad Boy

A classic memoir that's gripping, funny, and ultimately unforgettable from the bestselling former National Ambassador of Books for Young People. A strong choice for summer reading—an engaging and powerful autobiographical exploration of growing up a so-called "bad boy" in Harlem in the 1940s. As a boy, Myers was quick-tempered and physically strong, always ready for a fight. He also read voraciously—he would check out books from the library and carry them home, hidden in brown paper bags in order to avoid other boys' teasing. He aspired to be a writer (and he eventually succeeded). But as his hope for a successful future diminished, the values he had been taught at home, in school, and in his community seemed worthless, and he turned to the streets and to his books for comfort. Don't miss this memoir by New York Times bestselling author Walter Dean Myers, one of the most important voices of our time.

Fallen Angels by Walter Dean Myers is a young adult novel about seventeen-year-old Richie Perry, a Harlem teenager who volunteers for the Army when unable to afford college and is sent to fight in the Vietnam War. Perry and his platoon—Peewee, Lobel, Johnson, and Brunner—come face-to-face with the Vietcong, the harsh realities of war, and some dark truths about themselves. A thoughtful young man with a gift for writing and love of basketball, Perry learns to navigate among fellow soldiers under tremendous stress and struggles with his own fear as he sees things he'll never forget: the filling of body bags, the deaths of civilians and soldier friends, the effects of claymore mines, the fires of Napalm, and jungle diseases like Nam Rot. Available as an e-book for the first time on the 25th anniversary of its publication, Fallen Angels has been called one of the best Vietnam War books ever and one of the great coming-of-age Vietnam War stories.

Filled with unforgettable characters, not least Peewee Gates of Chicago who copes with war by relying on wisecracks and dark humor, Fallen Angels "reaches deep into the minds of soldiers" and makes "readers feel they are there, deep in the heart of war." Fallen Angels has won numerous awards and honors, including the Coretta Scott King Award, an ALA Best Book for Young Adults, a Booklist Editors Choice, and a School Library Journal Best Book. Fallen Angels was #16 on the American Library Association's list of the most frequently challenged books of 1990–2000 for its realistic depiction of war and those who fight in wars.

Follows five generations of an African-American family, from the capture and enslavement of the first ancestor, through the Civil War and the end of segregation, to a troubled cousin's reunion with his family. An ALA Best Book for Young Adults. Reissue.

Monster

The groundbreaking and widely praised novel about a school shooting, from the acclaimed author of Monster. Multiple narratives, a personal journal, and newspaper and police reports add perspective and pull readers into the story. "Questions of guilt and innocence drive the plot and stay with the reader," said Hazel Rochman in a starred Booklist review. "Highly readable." "A haunting story that uncovers the pain of several high school students," according to Teenreads.com. "It explores the tragedies of school violence and how the result of bullying can go to the most dramatic extreme. Myers has a gift for expressing the voices of his characters. Shooter is not a light read, but it will leave you reeling." For every major content section, longtime author Richard Straub has divided each module by major topic; each section includes a Preview (objectives that require short answers) and "Stepping Through the Section" (which include detailed, fill-in-the-blank questions). The Study Guide also includes self-tests, critical-thinking exercises, vocabulary and language activities, Internet activities, and crossword puzzles.

Provides information on the scoring and structure of the test, offers tips on test-taking strategies, and includes three practice examinations.
