Sex and the City (1998-2004) was one of the most popular programs on HBO, spawned two successful feature films in 2008 and 2010, and continues to do well in syndication. This book explores how *Sex and the City* represents the conventions of romantic comedy in order to create a familiar fictional world of intimacy, gender identity, and interpersonal relationships. Rather than tackle debates about whether the show was revolutionary or conservative in its representation of gender, class, race, and female sexuality (which has already been covered by other books), the author discusses the show's complexity as a multi-faceted text which routinely provides a diversity of perspectives.

Steven Connor provides in-depth analyses of the novel and its relationship with its own form, with contemporary culture and with history. He incorporates an extensive and varied range of writers in his discussions such as * George Orwell * William Golding * Angela Carter * Doris Lessing * Timothy Mo * Hanif Kureishi * Marina Warner * Maggie Gee Written by a foremost scholar of contemporary culture and theory, The English Novel in History, 1950 to the Present offers not only a survey but also a historical and cultural context to British literature produced in the second half of this century.

By exposing the theory of romance to the romance of theory, Diane Elam explores literature’s most uncertain, least easily definable and most tenacious genre, assessing its implications for both feminism and the understanding of history. Arguing for a parallel between postmodernism’s divided relation to modernism and romance’s difficult stance towards realism, Romancing the Postmodern, first published in 1992, not only highlights how postmodernism questions our assumptions about historical time, it also reintroduces the figure of woman to the theory of both history and literature.

In this book, Emily Griffiths Jones examines the intersections of romance, religion, and politics in England between 1588 and 1688 to show how writers during this politically turbulent time used the genre of romance to construct diverse ideological communities for themselves. Right Romance argues for a recontextualized understanding of romance as a multigeneric narrative structure or strategy rather than a prose genre and rejects the common assumption that romance was a short-lived mode most commonly associated with royalist politics. Puritan republicans likewise found in romance strength, solace, and grounds for political resistance. Two key works that profoundly influenced seventeenth-century approaches to romance are Philip Sidney’s New Arcadia and Edmund Spenser’s The Faerie Queene, which grappled with romance’s civic potential and its limits for a newly Protestant state. Jones examines how these works influenced writings by royalists and republicans during and after the English Civil War. Remaining chapters pair writers from both sides of the war in order to illuminate the ongoing ideological struggles over romance. John Milton is analyzed alongside Margaret Cavendish and Percy Herbert, and Lucy Hutchinson alongside John Dryden. In the final chapter, Jones studies texts by John Bunyan and Aphra Behn that are known for their resistance to generic categorization in an attempt to rethink romance’s relationship to election, community, gender, and generic form. Original and persuasive, Right Romance advances theoretical discussion about romance, pushing beyond the limits of the genre to discover its impact on constructions of national, communal, and personal identity.

The romance novel has the strange distinction of being the most popular but least respected of literary genres. While it remains consistently dominant in bookstores and on best-seller lists, it is also widely dismissed by the critical community. Scholars have alleged that romance novels help create subservient readers, who are largely women, by confining heroines to stories that ignore issues other than love and marriage. Pamela Regis argues that such critical studies fail to take into consideration the personal choice of readers, offer any true definition of the romance novel, or discuss the nature and scope of the genre. Presenting the counterclaim that the romance novel does not enslave women but, on the contrary, is about celebrating freedom and joy, Regis offers a definition that provides critics with an expanded vocabulary for discussing a genre that is both classic and contemporary, sexy and entertaining. Taking the stance that the popular romance novel is a work of literature with a brilliant pedigree, Regis asserts that it is also a very old, stable form. She traces the literary history of the romance novel from canonical works such as Richardson's Pamela through Austen's Pride and Prejudice, Brontë's Jane Eyre, and E. M. Hull's The Sheik, and then turns to more contemporary works such as the novels of Georgette Heyer, Mary Stewart, Janet Dailey, Jayne Ann Krentz, and Nora Roberts.

What’s Love Got To Do With It

A study which highlights the ironic intrusion of novelistic elements in Persiles y Sigismunda, subverting its categorization as pure romance fiction.

The Oxford Guide to the Romance Languages is the most exhaustive treatment of the Romance languages available today. Leading international scholars adopt a variety of theoretical frameworks and approaches to offer a detailed structural examination of all the individual Romance varieties and Romance-speaking areas, including standard, non-standard, dialectal, and regional varieties of the Old and New Worlds. The book also offers a comprehensive comparative account of major topics, issues, and case studies across different areas of the grammar of the Romance languages. The volume is organized into 10 thematic parts: Parts 1 and 2 deal with the making of the Romance languages and their typology and classification, respectively; Part 3 is devoted to individual structural overviews of Romance languages, dialects, and linguistic areas, while Part 4 provides comparative overviews of Romance phonology, morphology, syntax, semantics and pragmatics, and sociolinguistics. Chapters in Parts 5-9 examine issues in Romance phonology, morphology, syntax, syntax and semantics, and pragmatics and discourse, respectively, while the final part contains case studies of topics in the nominal group, verbal group, and the clause. The book will be an essential resource for both Romance specialists and everyone with an interest in Indo-European and comparative linguistics.

To her surprise, Tobias Branson, the rancher in question, admires her love for the dog and invites her to visit his ranch once every week to continue training him. Gabby knows that Tobias’s true interest is in her as a woman and not the continued training of Lightning. All the same, in order to see her dog, she accepts his proposal, warning herself firmly not to become too attached to the handsome young rancher. But, as the months go on and she becomes more and more fond of Tobias, that promise she made to herself becomes nearly impossible to keep. When news of a tragedy in her family overtakes her, she has nowhere to turn for comfort except to Tobias. Will tragedy force Gabby to accept the love she has been pushing away for so long? But, when her father announces that he placed a personal ad in her name seeking a husband out west and, what’s more, he has accepted a proposal on her behalf, she can’t help but think that this is not the freedom she imagined. Even though the letters Alfred Bell has written to her father (who wrote to the young man under Clara’s name) are eloquent and reveal the his intelligence and polite manner, Clara is reluctant to accept that she will be happy with a man she has never met. As the weeks pass, it becomes more and more difficult to hide her from his brother. And those she is running from. Eliza Howlstead didn’t intend to stay in the stables. When she slipped into the barn on the Gates ranch, she only intended to sleep the night and move on at first light. But, she was so tired of running from her abusive father that her body simply gave out. When she woke and found a stocky, blond haired, blue eyed boy staring down at her, she fully expected to be thrown back out onto the open road. She could never have anticipated the kindness Joshua Gates would show her or how strong her feelings for him would become. Still, she knows she must leave him eventually. Preferably before her baby is born. But, as the time comes closer, she wonders if she will have the strength to do what she must. Oregon Trail - Historical Western Romance Mabel Coates has always gotten her own way. Million Wings

You’re a hard woman to save Molly. I thought you wanted me to save myself? In high school, they may have been voted Couple Most Likely to Last Forever, but after a prom night that ended in near tragedy, they have barely spoken a word to each other in ten years. Molly’s favorite time of year is Christmas. But, between running a business, her role on the Dickens Christmas Village Council, and dealing with Jack’s unwillingness to do his part for Main Street over the holidays, Molly is on the verge of a breakdown. On top of all that, she misses her long distance boyfriend. If only she could stop getting lost in Jack’s green eyes every time she sees him. ... Jack thinks Christmas is only for the overindulgent and spoiled. He has plans to sell his bar and leave Seaside Cove in his dust. Molly is only distracting him from following his plans with all of her Dickens Council nonsense. Not to mention the way she chews on her bottom lip when she is mad at him... When a stranger comes to town and reminds them there may not always be a tomorrow, Jack and Molly are forced to face their past. But will they be able to resist their temptations for each other and follow out with their own plans? Just the right mix of sweet and steamy, Jack and Molly’s story of second chances is filled with love, laughter, tears, and suspense. This is NOT a sweet and innocent romance. The characters use bad language when they are mad. They get excited and graphically enjoy each other in bed. This is a romantic suspense that portrays some violence in the name of suspense, not in the name of romance. A Christmas Affair is a full-length stand-alone contemporary romance novel. It is the first in a series of standalone romance novels that take place in Seaside Cove. Other novels may mention characters from previous novels and the reader can catch up with some of their favorite couples, but there are so cliff-hangers. Each novel is a HEA.

In this fresh look at Chaucer’s relation to English and French romances of the late Middle Ages, Crane shows that Chaucer’s depictions of masculinity and femininity constitute an extensive and sympathetic response to the genre. For Chaucer, she proposes, gender is the defining concern of romance. As the foundational narratives of courtship, romances participate in the late medieval elaboration of new meanings around heterosexual identity. Crane draws on feminist and genre theory to argue that Chaucer’s profound interest in the cultural construction of masculinity and femininity arises in large part from his experience of romance. In depicting the maturation of young women and men, romances stage an ideology of identity that is based in gender difference. Less obviously gendered concerns of romance--social hierarchy, magic, and adventure--are also involved in expressing femininity and masculinity. The genders prove to be not simply binary opposites but overlapping and shifting coreferents. Precarious social standing can carry a feminine taint; women’s adventures recall but also contradict those of men. This lively study reveals that Chaucer’s redeployments of romance are particularly sensitive to the crucial place gender holds in the genre. Originally published in 1994. In this new book, a preeminent literary thinker muses over the central question of how we can feel at home in the world, given that the world is independent of and indifferent to our wishes. Drawing on books and films, cultural history and his own experiences, Gabriel Josipovici argues that it is possible to feel comfortable in the world and at ease with it, even if we respect distance but also work to overcome it. Josipovici moves from a Charlie Chaplin film to passages from Proust, from the world of sport to the world of addiction, from medieval pilgrimages to the cult of relics, from a wedding photograph of his grandparents to some of Chardin's most enigmatic paintings. Through this wise commentary on connection and communication in life. Contrasting the senses of sight and touch, Josipovici notes that although sight seems to give us the totality of what we behold, it is only when we walk or feel our way across the distances that things become more than images and begin to constitute the world in which we, as humans, live. Sight - which seems to offer a frictionless domination over reality - we may avoid the pains and uncertainties of living, but we also lose our involvement with life.

The history of marriage and the bonds of matrimony is a fascinating subject, and for many people, among whom I number myself, it is a spiritual bond between Christ and the Church; and a Man and a Woman. It started when God said in Genesis, 2:18: “ It is not good for the man to be alone. I will make a helper suitable for him. ” God ’ s command was a simple test for man, but it was extremely necessary. God created human beings to be His own companions and friends. He does not desire as companions those who must obey Him, like toy soldiers that are moved about and cannot help themselves. He wants those who love and obey Him of their own freewill. Those who are husbands are not living by the above command and are demanding that their wives Submit to them. Ask yourself this question: How can she? Many a tear has been shed, because of this lack of understanding. The meaning of “ married love ” and “ romantic love ” are not the same love. The work of The Creator of The Holy Estate of Matrimony featured in the pages of this Book merits our recognition and love. Who so findeth a wife, findeth a good thing, and obtaineth favor of the Lord. God created marriage and pronounced it good. Strong marriages, those based on Christ, are important and needed in today ’ s society. Jesus first miracle was at a wedding.
