Soon to be a limited Netflix series starring Zoe Saldana! This Reese Witherspoon Book Club Pick and New York Times bestseller is “a captivating story of love lost and found” (Kirkus Reviews) set in the lush Sicilian countryside, where one woman discovers the healing powers of food, family, and unexpected grace in her darkest hours. It was love at first sight when actress Tembi met professional chef, Saro, on a street in Florence. There was just one problem: Saro’s traditional Sicilian family did not approve of his marrying a black American woman. However, the couple, heartbroken but undeterred, forged on. They built a happy life in Los Angeles, with fulfilling careers, deep friendships, and the love of their lives: a baby girl they adopted at birth. Eventually, they reconciled with Saro’s family just as he faced a formidable cancer that would consume all their dreams. From Scratch chronicles three summers Tembi spends in Sicily with her daughter, Zoela, as she begins to piece together a life without her husband in his tiny hometown hamlet of farmers. Where once Tembi was estranged from Saro’s family, now she finds solace and nourishment—literally and spiritually—at her mother-in-law’s table. In the Sicilian countryside, she discovers the healing gifts of simple fresh food, the embrace of a close knit community, and timeless traditions and wisdom that light a path forward. All along the way she reflects on her and Saro’s romance—an incredible love story that leaps off the pages. In Sicily, it is said that every story begins with a marriage or a death—in Tembi Locke’s case, it is both. “Locke’s raw and heartfelt memoir will uplift readers suffering from the loss of their own loved ones” (Publishers Weekly), but her story is also about love, finding a home, and chasing flavor as an act of remembrance. From Scratch is for anyone who has dared to reach for big love, fought for what mattered most, and those who needed a powerful reminder that life is...delicious.

Are you thinking about building a teardrop camper? Dreaming of hitting the road and heading to parts unknown? Are you ready to sleep in a cozy cabin on wheels and leave the flapping tent and hard ground behind?Teardrops are towed behind small vehicles in rainstorms with winds that a forecaster would classify as a hurricane. Their wheels drop into bottomless asphalt chuckholes. They are seen on the backroads running over washboards and kicking up dust plumes that can be seen for a mile. They shouldn’t be built like a garden shed. Within these 194 pages-including 221 photographs and diagrams-Latham goes into detail on how to build a teardrop camper that will last a lifetime.In Building a Teardrop Camper, Latham shows you how to build insulated walls with a classic curved profile. He shows you how to build a galley hatch and doors that are dry and dust-proof. In the chapter on the undercarriage, he describes everything from the size of the steel to what axle needs to go underneath it. Other chapters cover wiring, heating, solar systems, propane plumbing and how to create an efficient galley.You will find all the details in this book needed to build a classy, comfortable, and durable teardrop camper.

400+ Ways to Make Life on the Road Easier, Safer, and More Fun!
The New York Times bestseller! “Frank Hamer, last of the old breed of Texas Rangers, has not fared well in history or popular culture. John Boessenecker now restores this incredible Ranger to his proper place alongside such fabled lawmen as Wyatt Earp and Eliot Ness. Here is a grand adventure story, told with grace and authority by a master historian of American law enforcement. Frank Hamer can rest easy as readers will finally learn the truth behind his amazing career, spanning the end of the Wild West through the bloody days of the gangsters.” --Paul Andrew Hutton, author of The Apache Wars To most Americans, Frank Hamer is known only as the “villain” of the 1967 film Bonnie and Clyde. Now, in Texas Ranger, historian John Boessenecker sets out to restore Hamer’s good name and prove that he was, in fact, a classic American hero. From the horseback days of the Old West through the gangster days of the 1930s, Hamer stood on the front lines of some of the most important and exciting periods in American history. He participated in the Bandit War of 1915, survived the climactic gunfight in the last blood feud of the Old West, battled the Mexican Revolution’s spillover across the border, protected African Americans from lynch mobs and the Ku Klux Klan, and ran down gangsters, bootleggers, and Communists. When at last his career came to an end, it was only when he ran up against another legendary Texan: Lyndon B. Johnson. Written by one of the most acclaimed historians of the Old West, Texas Ranger is the first biography to tell the full story of this near-mythic lawman.
In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.
