NR Narayana Murthy - A Biography

In this collection of essays, edited and with an introduction by Romila Thapar, fourteen of India's foremost scholars and specialists in various fields explore the challenges that lie before twenty-first century India in its quest for a democratic and just society. Globalization and the IT revolution provide a new context to the problems faced by contemporary India. But will globalization ensure rapid economic growth and development in the face of low literacy, rising population, and the gradual withdrawal of the State from social commitments? Will imitation westernization, and the consumerism that comes with it, further a just society? What are the strains that democracy will be subjected to in the empowerment struggle by marginalized groups, and the growing social and economic disparities that are often accompanied by violence and terrorism? How will India's multiculturalism be affected by the upsurge of various identities and of exclusionist nationalism? Will the family as an institution be transformed to enhance gender justice? Will new technology ensure the autonomy of the media? Can the mauling of the Indian landscape be halted? before India in the early decades of this millennium.

N.R. Narayana Murthy, b. 1946, founder of Infosys Technologies Limited, a multinational information technology services company.

An Indian empire at the peak of its power. Everyone wants a share of the riches of Nagappattinam. When a Greek pirate ship sails in to loot the wealth of the Cholas, it is brutally defeated by the navy and forced to pay a compensation. A payment that includes a twelve-year-old girl, Aremis.

A visionary look at the evolution and future of India In this momentous book, Nandan Nilekani traces the central ideas that shaped India's past and present and asks the key question of the future: How will India as a global power avoid the mistakes of earlier development models? As a co-founder of Infosys, a global leader in information technology, Nilekani has actively participated in the company's rise during the past twenty-seven years. In Imagining India, he uses his global experience and understanding to discuss the future of India and its role as a global citizen and emerging economic giant. Nilekani engages with India's particular obstacles and opportunities, charting a new way forward for the young nation.

The Life and Times of NR Narayan Murthy

*‘Powered by intellect, driven by values’--Infosys has been at the forefront of a new India Inc. since 1981. Leadership @ Infosys is the first book to codify Infosys’s unique history, values and leadership practices that account for the firm’s stellar rise from US\$ 200 seed capital to a multibillion dollar global enterprise. As an extension of Infosys’s tradition of growing leaders through a programme called Leaders Teach, the book captures the origins of Infosys’s leadership approach and leverages advanced psychometrics to identify current leaders who are exceptionally effective in Infosys’s leadership model. These leaders share approaches that they believe account for their successes, and are candid about where they stumbled in the past to help junior leaders avoid their mistakes. Chapters based on Infosys’s Leadership Journey Series include discussions of strategic leadership, change leadership, operational leadership, talent leadership, relationship and networking leadership, content leadership and entrepreneurial leadership by thought leaders in each area, and feature a state-of-the-science review of leadership research along with practical examples that leaders can use to improve their performance and aptitude to take on increasing levels of responsibility.*

*The most powerful force in the world economy today is the redefinition of the relationship between state and marketplace – a process that goes by the name of privatization though this term is inadequate to express its far-reaching changes. We are moving from an era in which governments sought to seize and control the 'commanding heights' of the economy to an era in which the idea of free markets is capturing the commanding heights of world economic thinking. Basic views of how society ought to be organized are undergoing rapid change, trillions of dollars are changing hands and so is fundamental political power. Great new wealth is being created – as are huge opportunities and huge risks. Taking a worldwide perspective, including Britain, where the process began with Mrs Thatcher, Europe and the former USSR, China, Latin America and the US, THE COMMANDING HEIGHTS shows how a revolution in ideas is transforming the world economy – why it is happening, how it can go wrong and what it will mean for the global economy going into the twenty-first century.*

Biography of N.R. Narayana Murthy, b. 1946; founder of Infosys Technologies Ltd., computer software company in India.

Narayana Murthy set up India's leading software company – Infosys. He turned a small software development venture set up in 1981 into one of the leading companies of the country. He said "our assets walk out of the door each evening. We have to make sure that they come back the next morning" to follow this he distributed profits among the employees through a stock-option program, and adopted the best corporate governance practices. From top to bottom Infosys shocked everyone with depressing current results. He had to come out of retirement to save his brain child venture which was struggling to meet his own high standards over the last few quarters, as a severe slow down in global economy hurt the company's business. This case study deals with how, when & what went wrong for one of the biggest IT sector companies of India. It deals with major 2 phases pre and post era of Murthy.

Extraordinary stories about ordinary people's lives Over the years, Sudha Murty has come across some fascinating people whose lives make for interesting stories and have astonishing lessons to reveal. Take Vishnu, who achieves every material success but never knows happiness; or Venkat, who talks so much that he has no time to listen. In other stories, a young girl goes on a train journey that changes her life forever; an impoverished village woman provides bathing water to hundreds of people in a drought-stricken area; a do-gooder ghost decides to teach a disconsolate young man Sanskrit; and in the title story, a woman in a flooded village in Odisha teaches the author a life lesson she will never forget. From the bestselling author of Wise and Otherwise and The Old Man and His God, this is another heart-warming collection of real-life stories that will delight readers of all ages.

*NR Narayana Murthy as he is better known, is probably the most recognized and respected face of Indian industry. He is the founder of Infosys, a global software consulting company which he started with six other professionals and a seed capital of Rs. 10,000 in 1981. Not only did NRNM lead it to become a top ranking Information Technology company in the world, he also showed that it is possible to do business ethically and achieve success without bending any laws or making compromises. This book takes you through the fascinating journey of a seventeen year old who had to sacrifice his entry into the prestigious Indian Institute of Technology because his father did not have money to pay his fees, and who ultimately came up in life to head a global Information Technology company. This book will surely inspire all the readers.*

*The Life of Ramakrishna Paramahansa 'enables us to see God face to face', Gandhiji wrote. Similarly, when someone in his circle was distraught, the Mahatma sent him to spend time at the Ashram of Ramana Maharshi. The Paramahansa and the Maharshi have been among the greatest spiritual figures of our country. They have transformed the lives of and have been a solace to millions. Their peak, mystic experience is what we yearn to have. But what if several of the experiences they had occur in other circumstances also?With the rigour and painstaking research that mark all his work, Shourie probes the lives of two of India's greatest spiritual masters in the light of the breath-taking advances in neuroscience as well as psychology and sociology. The result is a book of remarkable vigour: an examination - and ultimately reconciliation - of science and faith as also of seemingly antagonistic, irreconcilable worldviews.*

*A story of how money corrupts the way people look at one another and how it can almost tear a family apart Vinuta marries Girish, a bank clerk, and starts living with his family in Bangalore. She adjusts to her new family well, looking after her husband, father-in-law and mother-in-law Gouramma, not taking to heart her mother-in-law's constant picking. But when Girish's elder brother Chandru, who is in the US, decides to get married, Vinuta has to listen to the constant comparisons made between her and Chandru's wife, the 'Dollar Bahu', whose husband earns the valuable dollars that has brought the family its recent affluence. Vinuta slowly loses her peace of mind and health. Then Gouramma decides to visit her US-based son and daughter-in-law. Once there, she sees how liberating life can be, away from the strict norms that govern Indian middle-class life. But she also begins to understand that mere dollars cannot buy the love and respect that she gets as her due back in India. Does Gouramma forge a new relationship with Vinuta and can Vinuta forgive and forget the past?*

*So often, it's the simplest acts of courage that touch the lives of others. Sudha Murty-through the exceptional work of the Infosys Foundation as well as through her own youth, family life and travels-encounters many such stories. . . and she tells them here in her characteristically clear-eyed, warm-hearted way. She talks candidly about the meaningful impact of her work in the devadasi community, her trials and tribulations as the only female student in her engineering college and the unexpected and inspiring consequences of her father's kindness. From the quiet joy of discovering the reach of Indian cinema and the origins of Indian vegetables to the shallowness of judging others based on appearances, these are everyday struggles and victories, large and small. Unmasking both the beauty and ugliness of human nature, each of the real-life stories in this collection is reflective of a life lived with grace.*

*NR Narayana Murthy; a biography Listed as one of the "12 greatest entrepreneurs of our time; by Fortune magazine in 2012, Nagavara Ramarao Narayana Murthy, or NR Narayana Murthy as he is better known, is probably the most recognized and respected face of Indian industry. *NR Narayana Murthy was born on 20th August 1946, in Shidlaghatta, Kingdom of Mysore, British India. This, in today's India is known as Chikkaballapur district of Karnataka. He belonged to a lower-middle-class family. He joined IIM Ahmedabad and served as a Research Associate. He worked in the field of computer science and was a chief system programmer here. He wanted to learn deeply about computer science, before commencing his professional life.Mr. Murthy started his own company with the name, 'Softronics'. He created this company as a part of his experiment to learn deeply about the computing business but it failed. In July 1981, Mr. Murthy along with 5 other software professionals, co-founded 'Infosys', with an initial capital of Rs. 10,000. In the initial years, it was able to secure collaboration with an American company and performed well. However, the collaboration collapsed in 1989 and Infosys too was on the verge of collapse. There was absolutely no source of funding. In 1991, the Government of India introduced economic reforms of liberalization, privatization to move towards globalization. The company got its way clear off many hurdles by this nudge resulting in leveraging of its business and it quickly became a success story. In the current time, the Infosys family has more than a lakh of members/employees. The company has registered massive business, revenue and profit growth. It maintained respectful relations with every stakeholder of its business throughout its journey. He has been awarded "Padma Shri" by the Government of India, for his immense contribution to the Indian IT sector in 2000. Later in 2008, he was awarded "Padma Vibhushan" and is regarded as the Father of Indian IT industry.Mr Murthy was the CEO of the company from 1981 to 2002. He has also been the chairman of the Board of Directors and Chief Mentor after giving over the chief executive office to Mr. Nilekani. In August 2011, he received the title of 'Chairman Emeritus', as he retired from the company. Mr. Murthy has also served as a Director on the corporate board of HSBC, DNS Bank, Unilever, ICICI and NDTV. Mr. Murthy's life has been an inspirational journey.*

How many names does Arjuna have? Why was Yama cursed? What lesson did a little mongoose teach Yudhishthira? The Kurukshetra war, fought between the Kauravas and the Pandavas and which forced even the gods to take sides, may be well known, but there are innumerable stories set before, after and during the war that lend the Mahabharata its many varied shades and are largely unheard of. Award-winning author Sudha Murthy captures the fascinating world of India's greatest epic through the extraordinary tales in this collection, each of which is sure to fill you with a sense of wonder and bewilderment. The Gopi Diaries is a series of three books for children about a dog called Gopi. Told in Gopi's voice, the first book, Coming Home, begins with Gopi going to his new home, and tells the story of how he settles down with his loving, human family. How Gopi sees the world around him and what he thinks of the people in his life give the story a truly unique flavour. Written in Sudha Murty's inimitable style, these are books children and adults will treasure as the simple stories talk of basic values even when told from a dog's perspective.

My mouth watered when first I saw the publication of this title, as it promised a next step in the exploration of cultural phenomena from within a culture s view and vision of Itself. George Simons, Delta Intercultural Academy Essential reading for all practitioners and researchers who seek to gain greater insights on cultural differences and leadership competencies. Rosalie Tung, Simon Fraser University, Past President, Academy of Management and author of 11 books including Learning from World Class Companies This fascinating collection of local mythology shows how widely leadership models differ across nations, and how deeply these differences are rooted. True global leadership is based on empathy with local variety. Geert Holstede, Maastricht University, The Netherlands, author of Culture s Consequences: Comparing Values, Behaviors, Institutions and Organizations Across Nations I have yet to come across a more captivating study of global leadership patterns. The reader is taken into largely uncharted territory linking globalisation, culture and leadership. Delving deep into folklore, mythology and spirituality we begin to understand how these are manifested in human behaviour and are exhibited in leadership styles. A must-read! S. Ramadorai, CEO of Tata Consultancy Services. . . intriguing and worthy book . . . If you are a voracious reader of books on leadership and management style, this 4 part book does provide copious food for thought. The extensive bibliographies at the end of every article/chapter offer excellent suggestions for your further reading and research and it a great series of 21st century critical commentaries. The Barriester Magazine This ground-breaking book explains how deep-seated cultural mythologies shape contemporary global leaders and provides insights into navigating the dynamics and complexities in today s era of globalization. The authors use myths to uncover core characteristics and values from 20 different cultural contexts spanning all major regions of the world the Americas, Europe, Africa and the Middle East, and Asia and the Pacific Rim that have evolved over generations and continue to shape global leadership models. Commentaries are included from practicing managers and leaders to provide real world insights on the implications of the ideas discussed. International managers and executives, public officials, business consultants and corporate trainers will welcome the insights on cross-cultural leadership styles. The book will also find interest from researchers and students across a broad array of professional and social science disciplines.

Fifty vignettes showcase the myriad shades of human nature A man dumps his aged father in an old-age home after declaring him to be a homeless stranger, a tribal chief in the Sahyadri hills teaches the author that there is humility in receiving too, and a sick woman remembers to thank her benefactor even from her deathbed. These are just some of the poignant and eye-opening stories about people from all over the country that Sudha Murty recounts in this book. From incredible examples of generosity to the meanest acts one can expect from men and women, she records everything with wry humour and a directness that touches the heart. First published in 2002, Wise and Otherwise has sold over 30,000 copies in English and has been translated into all the major Indian languages. This revised new edition is sure to charm many more readers and encourage them to explore their inner selves and the world around us with new eyes.

A poor little girl is rewarded with lovely gifts when she feeds a hungry bird all the rice she has. What happens when the girl's greedy, nosy neighbour hears the story and tries to get better gifts for herself? Why did the once sweet sea water turn salty? How did the learned teacher forget his lessons only to be aided by the school cook? And how did the King hide his horrible donkey ears from the people of his kingdom? For answers to all this and more, delve right into another fabulous collection of stories by Sudha Murty.

Here I am, living my life looking at the rear-view mirror, driving to the end of the beginning of where I started. My body still hurts. It has been some time since Oorja Chaturvedi came home; but the wounds she suffered, at the hands of the very people who so aptly named her, cut deep. Her relationship with her father was barely strung together with a few words. But when her mother dies, the woman whose nagging love was both her comfort and her secret hiding place from the world, new grief melts with old bitterness. Reeling from the loss, Oorja decides to come back to India, only to find her estranged father missing. Her search leads her to her grandfather, a man who had lived all his life among books and forest, withering away in his house. As she tries to grapple with her grief for a dying grandfather, she unexpectedly finds love and solace in the arms of a man who inherits her grandfather's estate. But before she can decide what Anang and her own future together hold, Oorja must first untangle the secrets of their shared past. A quiet gut-punch of a debut, acclaimed filmmaker Ashwini Iyer Tiwary's novel, Mapping Love is heartbreakingly brave and equally delicate. It is a story that digs its claws into you and doesn't let go, long after you've finished it.

*Visit the website for A Better India; A Better World; here. With one of the highest GDP growth rates in the world and an array of recent achievements in technology; industry and entrepreneurship; India strides confidently towards the future. But; in the world's largest democracy; not everyone is equally fortunate. More than 300 million Indians are still prey to hunger; illiteracy and disease; and 51 per cent of India's children are still undernourished. What will it take for India to bridge this great divide? When will the fruits of development reach the poorest of the poor; and wipe the tears from the eyes of every man; woman and child; as Mahatma Gandhi had dreamt? And how should this; our greatest challenge ever; be negotiated? In this extraordinarily inspiring and visionary book, N.R. Narayana Murthy; who pioneered; designed and executed the Global Delivery Model that has become the cornerstone of India's success in information technology services outsourcing; shows us that a society working for the greatest welfare of the greatest number—samasta jananam sukhinno bhavanu—must focus on two simple things: values and good leadership. Drawing on the remarkable Infosys story and the lessons learnt from the two decades of post-reform India; Narayana Murthy lays down the ground rules that must be followed if future generations are to inherit a truly progressive nation. Built on Narayana Murthy's lectures delivered around the world; A Better India: A Better World is a manifesto for the youth; the architects of the future; and a compelling argument for why a better India holds the key to a better world.*

Other segments offer a journalistic history of the human relationship with memory, addressing its illings, its successes, and its limitations. Most people operate according to a series of misconceptions about human memory. Above all, many believe that they have an average brain and are therefore incapable of performing mental feats such as swiftly memorizing a deck of playing cards shuffled into random order. This belief, however, is false. Memory champions are no smarter than anyone else and have unremarkable brains from a biological standpoint. The difference is in how memory champions use their brain. They employ techniques and training to overcome shortcomings that are hard-wired into the human brain anatomy. Even those who appear to possess a photographic memory likely do not and are instead employing other memorization techniques...
