National Geographic spins off its best-selling Little Kids First Big Book series into engaging new board books to introduce even the littlest kids to high-quality nonfiction. These sturdy pages explore the basics of the solar system with amazing photographs, super-simple facts, and lively, age-appropriate language to keep babies and toddlers--and their grown-ups--fascinated by every colorful page. With stunning photos of the Earth and other planets, this beautiful book introduces the very youngest explorers to the wonders of the space, beginning right here on Earth and expanding into the universe beyond. Designed to be the stepping stone to the Little Kids First Big Book series, the National Geographic Little Kids First Board Books take similar subjects and drill them down to the simplest nonfiction concepts for the youngest audience. Not only will readers learn about planets and our solar system, they can also find recurring shapes and patterns in the design; occasional callouts will add humor for adults, and sidebar text offers additional learning for older siblings or those ready for more complex information. With their square shape, bright and playful design, awesome photography, clear text, and cues to encourage interactive learning, the Little Kids First Board Books mirror the beloved First Big Books while taking a fresh new approach to excite a baby's sense of wonder and make learning about nature and science fun.

Treasure hunters and fans of gems, jewels, and rocks will love this jam-packed sticker activity book, complete with activities, coloring, mazes, and more--plus 1,000 stickers! Roll up your sleeves and prepare to get your hands dirty,

because it's time to dig around, pan for gold, and crack open geodes in this exciting sticker activity book. Discover the difference between rocks and minerals and how gems are cut and polished. Learn how people have used rocks and minerals, like salt and gems, for jewelry and decoration for centuries. Get up close to famous features like Mount Rushmore or the Great Wall of China. Kids will sticker and get to know the names of their favorite rocks, as they travel around the world to beautiful natural sites like Giant's Causeway in Ireland and the Rainbow Mountain in Peru. This smart and fun interactive title brings National Geographic Kids signature content to a sticker and activity book format. It's a great way for kids to go off-screen and learn while they play. It's also an engaging "treat" for a rainy day, car trips, downtime, or anytime.

National Geographic Kids Super Space Sticker Activity Book Over 1,000 Stickers! National Geographic Children's Books Introduces facts about the planets, distinguishing between the inner, gas, and dwarf planets, and discusses how scientists learn about the planets and outer space.
