Essay is basically the act of 'trying out... or an act of attempting to accomplish something. It is also an analytic or interpretive literary composition. Essays, therefore, essentially reveal the personality of the writer besides giving his/her viewpoints on a specific subject matter. Essays help us express ourselves; our thoughts; our ideas and our perceptions about things we are associated with or about things we are impacted with or wish to have an impact on. Essays not only provide the required space and tool; they also let us leisurely saunter along. Tweeting or emailing cannot achieve this. This answers why we should write essays. We should write because we cannot always speak out minds coherently. There is no fixed length of an essay. It could be written in just about 100 words or even in several thousand words. Generally speaking; essays are not very long. But they need not

be too small either. On an average; an essay in one thousand words should be adequate. A range of 1,000 to 1,500 is generally accepted as ideal for competitive exams and that is the length of the majority of the essays in this book.

Offers an up-to-date listing of national competitions available for students and families seeking scholarship money and national recognition for abilities in the arts, leadership, academics, and community involvement.

This centennial edition of "The Fountainhead," celebrating the controversial and enduring legacy of its author, features an afterword by Rand's literary executor, Leonard Peikoff, offering some of Ayn Rand's personal notes on the development of her masterwork, and a Reader's Guide to her

writings and philosophy.

A guide to writing an effective and stress-free college essay breaks the process down into a series of manageable steps, providing simulation games for understanding of the admissions process, a tear-out ratings scorecard, and examples of strong and weak essays. Original.

Atlas Shrugged

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller/nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivismher groundbreaking philosophyoffers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life. Use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, The Fountainhead and Atlas Shrugged. Publisher's Weekly acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialistic thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.
