Volume of the United States Tax Court Reports containing case abstracts and opinions of the court regarding cases between July 1, 2013 December 31, 2013. Cases in each volume are listed in the prefatory table. The United States Tax Court is a federal trial court of record established by Congress under Article I of the U.S. Constitution, section 8 providing (in part) that Congress has the power to "constitute Tribunals inferior to the Supreme Court. ¶The Tax Court specializes in adjudicating disputes over federal income tax, generally prior to the time at which formal tax assessments are made by the Internal Revenue Service. Though taxpayers may choose to litigate tax matters in a variety of legal settings, outside of bankruptcy, the Tax Court is the only forum in which taxpayers may do so without having first paid the disputed tax in full. Parties who contest the imposition of a tax may also bring an action in any United States District Court, or in the United States Court of Federal Claims; however these venues require that the tax be paid first, and that the party then file a lawsuit to recover the contested amount paid (the "full payment rule").¶ Contents 8 Findings of Fact 8 Background 8 John Hancock's History9 Investment Process and Review10 Leasing10 LILO and SILO Transactions 10 Basic Structure 15 History 17 Due Diligence 18 The Hoosier Transaction 19 The LILO Test Transactions 20 OBB LILO20 Lease and Sublease23 End of Sublease Term25 SNCB 2 and SNCB 5 Lot 1 LILO Transactions25 Lease and Sublease28 End of Sublease Term 28 The SILO Test Transactions 29 TIWAG29 Lease and Sublease33 End of Sublease Term35 Two Dortmund Transactions35 Lease and Sublease38 End of Sublease39 SNCB SILO39 Grant and Subgrant42 End of Subgrant Term 43 Tax Returns, Notices of Deficiency, and Trial 43 Procedural History48 Trial 53 Opinion 53 Burden of Proof53 Principal Place of Business54 Leveraged Lease Transactions54 Frank Lyon58 LILO and SILO Litigation 77 The Test Transactions 78 Economic Substance79 Objective Inquiry88 Subjective Inquiry89 Substance Over Form91 OBB and SNCB LILO Transactions110 SILO Test Transactions 145 Interest Deductions 147 Original Issue Discount 149 Transaction Expenses 149 Conclusion NOTE: NO FURTHER DISCOUNTS FOR ALREADY REDUCED SALE ITEMS. This book is devoted to a systems-theoretical presentation of the main results of applying the systemic yoyo model and relevant analytical tools to the topics of money and financial institutions. The author presents the main concepts and results of the subject matter in the language of systems science, which has in the past century prompted revolutionary applications of systems research in various subfields of traditional disciplines. This volume applies a brand new logic of reasoning to some of the unsettled problems in the area of money and banking. Due to the particular systemic approach employed, the reader will be able to see how different economic activities are implicitly related to each other and how financial decisions are holistically made in reference to seemingly unrelated events. That is, the learning of this particular subject matter takes place at a different, more elevated level, from which, among others, economies are respectively seen as both closed and open systems; their interactions emulate those of rotational pools of fluids. This book can be used as a textbook for researchers and graduate students in economics, finance, systems science, and mathematical / systems modeling. It will also be useful as a reference book for applied economists and various policy makers.

Net Making

The Encyclopaedia Britannica ...

Abstract of the Proceedings of the Linnaean Society of New York City, for the Official Year ...

Is your church facing a period of change? Are you overwhelmed with too much to do? Or are you searching for a new vision? If you are looking to take your church in a new direction, then How to Develop Your Local Church can help you decide which path to follow. Written by an experienced practitioner, it will help you to understand your congregation better: how it operates, what its members take for granted, what their priorities are and what the 'character' of the congregation is. The book then explains some of the reasons for frustration and conflict in church life, and points to positive ways forward, giving guidance on planning and decision-making. Just as no two churches are the same, there is no 'one-size-fits-all' answer to how your church might develop. Rather, it is only by drawing upon the collective wisdom of the local congregation that worthwhile change will begin to happen.

This old favorite has been fully revised, with many new diagrams and charts added. It tells how to construct monofilament and nylon nets, both from scratch and using machinemade netting. Modifications to the basic net plan include skirt net, panel net, and a Spanish cast net. It also has complete instructions for making a hammock... the perfect place to stretch out for a nap while your mullet cook in the smoker.

A Bible student reference A New Testament prophecy of a falling away from truth into apostasy and lawlessness, in the final generation before Jesus

Christ returns in glory, is being fulfilled now and is shortly to end. Yet Christianity has overwhelmingly moved so far from its first century roots that it could not even recognise this – or that Christ's return is therefore now almost upon us! How and why this is the case is here explained thoroughly and logically with many examples directly from the word of God. In God's saving plan for the world, everyone must in time make a free will choice to become part of the 'Israel of God' in order to access eternal life in the kingdom of God. The route to take is the "strait and narrow" way (Mat 7:13-14) that very few have so far found, and it involves the biblical new and old covenants which both apply to this Israel. Embark on this voyage only if you are willing to: be challenged about some basic Christian preconceptions, be a serious open-minded Bible student, and trust what the Bible teaches - but remember that time is short. "What the Bible has taught me I see as both vital and urgent for our eternal salvation; yet I know of no church or individual theologian who teaches what this book deals with in any substantive way" "Be prepared for major challenges to your understanding just as God has challenged me." "In the epistles, Paul refers to two Israels whom he calls Israel after the flesh (I Cor 10:18) and the Israel of God (Gal 6:16); I focus mainly on the latter (but I also explain an unexpected but critically important connection between them)" "Dependent on the teaching, nearly all Christian denominations either teach nothing at all on it or almost the opposite of what Scripture repeatedly showed me. Looking back, I find this absolutely staggering!" "Very few [Christians] understand that the new covenant also only applies to Israel (as I will clearly show)." "I no longer believe that the NT [New Testament] can be fully understood without this extra Israel dimension" "Had I felt I could deliver this in a more light-hearted way I would have done so, but its implications are too awesome and fundamental to our eternal life prospects for that" "There are not many people who have the consciousness of mind to realise one's past doesn't equal their future. In 'Make the Shift to Success' Bode Olowookere gives a very systematic approach to start living your life's purpose with passion and to begin turning your life around regardless of past adversities. Read this book as if your life depends on it!" Shaping Markets when Customers Make the Rules

For my part, I travel not to go anywhere, but to go. I travel for travel's sake. The great affair is to move. ~ Robert Louis Stevenson in *Travels with a Donkey* Few of us have the panache to put in our papers, free ourselves from our desks, and take off on a half-year-long trip along the coastal necklace of peninsular India. This richly-flavoured travelogue combines adventure, serendipity, food, and sheer joie de vivre. The narrative irresistibly draws us in as benevolent observers of the many facets and foibles of humanity. Living out of a backpack, in budget lodgings, and eating bananas as a staple, only add to the heady challenges that stimulate the spirit of wanderlust of this maverick-explorer. The tour diary, starting from the remote north-western coastal tip and climaxing, rather precariously, way above sea-level at the potentially sinister Indo-Tibetan border, is an engrossing chronicle of discoveries about the desires, views, tribulations, joys, and sheer zest for living, of the teeming millions of India. Thrown in for good measure, in a refreshingly tongue-in-cheek style, are recipes for some of the gastronomic delights offered in the places traversed. Itinerant sidelights about people of all classes and creeds – fishermen, seafarers, rickshaw-drivers, priests, salesmen, radicals, typical and atypical families, and all the rest – create a colourful kalaidoscope that is quintessentially India. This book is as enjoyable and energising as a good cup of chai...
