The \$22 trillion opportunity that can be unlocked only if you rethink everything you think

you know about people over sixty. In the time it takes you to read this, another twenty Americans will turn sixty-five. Ten thousand people a day are crossing that threshold, and that number will continue to grow. In fifteen years, Americans aged sixty-five and over will outnumber those under age eighteen. Nearly everywhere in the world, people over sixty are the fastest-growing age group. Longevity presents an opportunity that companies need to develop a strategy for. Estimates put the global market for this demographic at a whopping \$22 trillion across every industry you can imagine.

Entertainment, travel, education, health care, housing, transportation, consumer goods and services, product design, tech, financial services, and many others will benefit, but only if marketers unlearn what they think they know about this growing population. The key is to stop thinking of older adults as one market. Stage (Not Age) is the concise guide to helping companies understand that people over sixty are a deeply diverse population. They're traveling through different life stages and therefore want and need different products and services. This book helps you reset your understanding of what an "old person" is. It demonstrates how three people, all seventy years old, may not even be in the same market segment. It identifies the systemic barriers to entering this market and provides ways to overcome them. And it shares the best practices of companies that have successfully shifted to a Stage (Not Age) mentality. This practical guide prepares companies and marketers for an inevitable shift they can't ignore.

The hotel was her refuge, but scandal is afoot—and a killer stalks the halls in this charming series debut perfect for fans of Rhys Bowen and Ashley Weaver. It's 1958 and Evelyn Elizabeth Grace Murphy has not left the Pinnacle Hotel in fourteen months. She suffers from agoraphobia, and what's more, it's her father's hotel, and everything she needs is there. Evelyn's always been good at finding things, she discovered her mother

dead in a Manhattan alleyway fifteen years earlier. Now she's finding trouble inside her sanctuary. At a party for artist Billie Bell, his newest work is stolen, and Evelyn's fake boyfriend (and real best friend), movie star Henry Fox, is accused of the theft. But just as Evelyn sets out to prove Henry's innocence, she finds Billie Bell dead. The murder weapon links the crime to the hotel's chief of security. But why would he use a knife with his initials on the handle? With her beloved home in disarray, Evelyn joins up with hotel employee (and her secret crush) Mac Cooper to get to the bottom of the case. As Mac picks locks and Evelyn snoops around the hotel, they discover the walls around them contain more secrets than they previously knew. Now, Evelyn must force herself to leave the hotel to follow the clues—but when she and Mac set off to chase a lead, their car crashes and they barely escape with their lives. Someone snipped Evelyn's brake lines, and now the stakes have become dangerously high. Evelyn's knack for sleuthing—and her playful imagination—are always hard at work, and she throws an elaborate party at the hotel where every guest is a suspect. Poetry. Radically comic, formally inventive, and ridiculously smart, every 8 to 10 years Kevin Davies releases a new book reminding us just how unexpected poetry can be. *THE GOLDEN AGE OF PARAPHERNALIA* will without doubt garner the applause his previous book *COMP*. (Edge Books, 2000) received. That garnering included The San Francisco Book Award in 2000 selected by Kevin Killian, write-ups in the *New York Times*, *Village Voice*, and *Boston Review*, translation into French by Xandaire Selene, and extended critical articles in *American Literature*, *Jacket*, and *The Poker*-- i.e. Davies' work has met with more than a little enthusiasm. One example: Joshua Clover in the *Village Voice*: "Davies often writes long, tumbling sequences that gather force like a dream landslide, with each part standing out as an idiosyncratic scene charged by an alluring voice, or stance, not quite like anything else in contemporary poetry."
