American poetry. Through extended readings of the work of Elizabeth Bishop, Robert Lowell, Amiri Baraka, John Ashbery, and Jorie Graham, Hugh Foley shows how poets have imagined liberalism as a problem for poetry. Foley's book offers a new approach to ongoing debates about the nature of lyric by demonstrating the entanglement of ideas about the lyric poem with the development of twentieth-century liberal discussions of individuality.

Arguing that the nature of American empire in this period—underpinned by the discourse of individual rights—forced poets to reckon with this entanglement, it demonstrates how this reckoning helped to shape poetry in the post-war period. By tracing the ways a lyric poem performs personhood, and the ways that this person can be distinguished from the individual envisioned by post-war liberalism, Foley shows how each poet stages a

Women's Rights, Human Life, and the  
Question of Justice

There is hardly any doubt that reading and writing are related activities, and that both rely on creating meaning. When we read as well as when we write, we find ourselves in the process of becoming. We change our knowledge and understanding along the way. However, writing is a daunting activity not only for language learners but for anyone who wants to communicate their thoughts and ideas persuasively and accurately. When students engage in speaking activities, they are often able to

communicate extraordinarily interesting ideas with few problems. Yet, when asked to form these ideas into coherent texts, they are helpless. From basic sentence structure to writing persuasively, this book aims to help students tackle the various challenges and difficulties they face when writing. Divided into three accessible sections, Cogni presents a comprehensive and reflective approach to writing that combines grammar, vocabulary, and literature in a simultaneous and coherent whole. Cogni acknowledges that today more than ever learning a language needs to be perceived as a deeply meaningful process, and this book seeks to make that possible.

Appealing to reason rather than religious belief, this book is the most comprehensive case against the choice of abortion yet published. This Second Edition of *The Ethics of Abortion* critically evaluates all the major grounds for denying fetal personhood, including the views of those who defend not only abortion but also post-birth abortion. It also provides several (non-theological) justifications for the conclusion that all human beings, including those in utero, should be respected as persons. This book also critiques the view that abortion is not wrong even if the human fetus is a person. *The Ethics of Abortion* examines hard cases for those who are prolife, such as abortion in

cases of rape or in order to save the mother's life, as well as hard cases for defenders of abortion, such as sex selection abortion and the rationale for being "personally opposed" but publically supportive of abortion. It concludes with a discussion of whether artificial wombs might end the abortion debate. Answering the arguments of defenders of abortion, this book provides reasoned justification for the view that all intentional abortions are ethically wrong and that doctors and nurses who object to abortion should not be forced to act against their consciences. This is a book to be treasured, a book about being in all ways a woman, about living well, about the power of the word, and about the power of spirituality to move and shape your life.

Passionate, lively, and lyrical, Maya Angelou's latest unforgettable work offers a gem of truth on every page. Maya Angelou speaks out . . . On Faith: "I'm taken aback when people walk up to me and tell me they are Christians. My first response is the question 'Already?' It seems to me a lifelong endeavor to try to live the life of a Christian. It is in the search itself that one finds ecstasy." On Racism: "It is time for parents to teach young people early on that in diversity there is beauty and there is strength. We all should know that diversity makes for a rich tapestry, and we must

Each of us needs to withdraw from the cares which will not withdraw from us. A day away acts as a spring tonic. It can dispel rancor, transform indecision, and renew the spirit.” On Death and Grieving: “When I sense myself filling with rage at the absence of a beloved, I try as soon as possible to remember that my concerns should be focused on what I can learn from my departed love. What legacy was left which can help me in the art of living a good life?” On Style: “Style is as unique and nontransferable and perfectly personal as a fingerprint.
