Grand in its scope, Asian Comics dispels the myth that, outside of Japan, the continent is nearly devoid of comic strips and comic books. Relying on his fifty years of Asian mass communication and comic art research, during which he

traveled to Asia at least seventy-eight times and visited many studios and workplaces, John A. Lent shows that nearly every country had a golden age of cartooning and has experienced a recent rejuvenation of the art form. As only Japanese comics output has received close and by now voluminous scrutiny, *Asian Comics* tells the story of the major comics creators outside of Japan. Lent covers the nations and regions of Bangladesh, Cambodia, China, Hong Kong, India, Indonesia, Korea, Malaysia, Myanmar, Nepal, the Philippines, Singapore, Sri Lanka, Taiwan, Thailand, and Vietnam. Organized by regions of East, Southeast, and South Asia, *Asian Comics* provides 178 black-and-white illustrations and detailed information on comics of sixteen countries and regions—their histories, key creators, characters,

contemporary status, problems, trends, and issues. One chapter harkens back to predecessors of comics in Asia, describing scrolls, paintings, books, and puppetry with humorous tinges, primarily in China, India, Indonesia, and Japan. The first overview of Asian comic books and magazines (both mainstream and alternative), graphic novels, newspaper comic strips and gag panels, plus cartoon/humor magazines, Asian Comics brims with facts, fascinating anecdotes, and interview quotes from many pioneering masters, as well as younger artists.

Testimonies focuses on the Indian novel in English, deriving inspiration from these disturbances, to essay a unique grasp of the cultural make-up of the times and its reverberations on the sense of self and belonging to the nation. This first full-length study of terror in the subcontinental novel in English (from India) places it in the world context and analyzes the fictional coverage of the spread of terrorism across the country and its cultural fallout. The enigmatic coming together of the contemporary with the anguish of loss and betrayal unleashed by terror occasions a significant redefinition of the issues of trauma, conflict and gender, and opens a fresh window to Indian writing and the culture of the subcontinent, and a new paradigm in literary and cultural criticism termed 'post-terrorism'. Lucid and thought provoking, this book will be

Illustrations used for story-telling and mirth-making have enlivened Asian walls, scrolls, books, public and private places, and artifacts for millennia. Often playful and humorous, Asian pictorial stories lent conspicuous elements to contemporary comic art, particularly with their use of narrative nuance, humor, satire, and dialogue. *Illustrating Asia* is a fascinating book on a subject that is of wide and topical interest. All of the articles consider cartoon and/or comic art in the historical and social setting of seven South, Southeast, and East Asian countries: India, Taiwan, Malaysia, Indonesia, Sri Lanka, China, and Japan. The

This pioneering book presents a history and ethnography of adventure comic books for young people in India with a particular focus on vernacular superheroism. It chronicles popular and youth culture in the subcontinent from the mid-twentieth century to the contemporary era dominated by creative audio-video-digital outlets. The authors highlight early precedents in adventures set by the avuncular detective Chacha Chaudhary with his 'faster than a computer brain', the forays of the film veteran Amitabh Bachchan's superheroic alter ego called Supremo, the Protectors of Earth and Mankind

(P.O.E.M.), along with the exploits of key comic book characters, such as Nagraj, Super Commando Dhruv, Parmanu, Doga, Shakti and Chandika. The book considers how pulp literature, western comics, television programmes, technological developments and major space ventures sparked a thirst for extraterrestrial action and how these laid the grounds for vernacular ventures in the Indian superhero comics genre. It contains descriptions, textual and contextual analyses, excerpts of interviews with comic book creators, producers, retailers and distributors, together with the views, dreams and fantasies of young readers of adventure comics. These

The final work of fiction from Norman Mailer, a defining voice of the postwar era, is also one of his most ambitious, taking as its subject the evil of Adolf Hitler. The narrator, a mysterious SS man in possession of extraordinary secrets, follows Adolf from birth through adolescence and offers

revealing portraits of Hitler's parents and siblings. A crucial reflection on the shadows that eclipsed the twentieth century, Mailer's novel delivers myriad twists and surprises along with characteristically astonishing insights into the struggle between good and evil that exists in us all. Praise for The Castle in the Forest "This remarkable novel about the young Adolf Hitler, his family and their shifting circumstances, is Mailer's most perfect apprehension of the absolutely alien. . . . Mailer doesn't inhabit these historical figures so much as possess

Unlike just about every American writer since Henry James, Mailer has managed to grow and become richer in wisdom with each new book.”—Chicago Tribune “Mailer is a master of his craft. 'Stand' was released in 1983 by the then Prime Minister Mrs. Indira Gandhi, and is still very popular among children. Includes a code for free CD download of many of the bands featured in this book! Nirvana, the White Stripes, Hole, the Hives – all sprang from an underground music scene where similarly raw bands, enjoying various degrees of success and hard luck, played for throngs of fans in venues ranging from dive bars to massive festivals, but were mostly ignored by a music industry focused on mega-bands and shiny pop stars. *We Never Learn: The Gunk Punk Undergut, 1988-2021* tracks the inspiration and beautiful destruction of this largely undocumented movement. What they took, they fought for, every night. They reveled in '50s rock 'n' roll and '60s garage rock while creating their own wave of gut-busting riffs and

The majority of bands that populate this book – the Dwarves, the Gories, the Supersuckers, the Mummies, Rocket from the Crypt, Jon Spencer Blues Explosion, the Muffs, and the Donnas among them – gained little long-term reward from their nonstop touring and brain-slapping records. What they did have was free liquor, good drugs, guilt-free sex, and a crazy good time, all the while building a dedicated fan base that extends across America, Europe, and Japan. Truly, this is the last great wave of down-and-dirty rock 'n' roll.
