Rapper 50 Cent has made it big in a very short space of time. Having been supported by Jam Master Jay, and produced by Dr Dre and Eminem, the rapper and poet has already experienced great success and critical acclaim for his anthemic single 'In Da Club' and bestselling debut album. While some rappers just talk the talk, though, 50 has walked the walk, and this brilliant insight into who he is and where he came from is a must for all fans. Growing up in Jamaica, Queens, he was born to a 15-year-old drug-dealing mother -- she was killed in mysterious circumstances -- and took over the family business at the age of twelve. Living hard, he has been stabbed, shot nine times (one bullet in his face) and has survived a number of assassination attempts. He is a survivor, a man from the streets who has made it big-time without forgetting his roots.

This is the inside story of a rap icon.

“Dr. Phil,” Canada’s best-known automotive expert, invites another driver to come aboard. After forty-six years and almost two million copies sold, Phil Edmonston is joined by a co-pilot for the Lemon-Aid Guide — George Iny, along with the editors of the Automobile Protection Association. The 2017 Lemon-Aid has everything: an encyclopedic lineup of the best and worst cars, trucks, and SUVs sold since 2007; secret warranties and tips on the “art of complaining” to help you get your money back; and new-car buying tips that will save you tons of money by revealing the inflated cost of fancy and frivolous add-ons. Lemon-Aid is an essential guide for careful buyers and long-time gear-heads who don't know as much as they think.
