Raised by an abusive German Father and Sioux Mother in the windy railroad town of Deadrock, Montana, Martin and his brothers are torn between the white and Indian world. Following the death of his father, Martin takes his mother's name and becomes known as Martin Twoshields. The story contrasts the lives of two brothers whose journey takes them in opposite directions. Although the three younger boys feel content to live in a white world, Martin and Billy choose to follow their Lakota roots in a suspenseful epic of a family's tragedies and triumphs through four decades. Billy struggles unrelentingly with his identity crisis and alcohol, feeling pulled between the reservation and a white society, while Martin expresses his heritage through his artwork, and is fast becoming a well-known Native American artist. He watches helplessly as Billy destroys himself. His

Puccini's operas are among the most popular and widely performed in the world, yet few books have examined his body of work from an analytical perspective. This volume remedies that lack in lively prose accessible to scholars and opera enthusiasts alike.

It is no secret that the opera industry is contracting and that there are fewer professional opportunities. But what causes one singer to be in demand over another is not exclusively a special instrument or exceptional vocal technique—rather, the ability to interpret the music and portray character convincingly plays an increasingly vital role in today's opera industry. Beyond the Aria: Artistic Self-Empowerment for the Classical Singer provides

singers with the tools to develop an inquisitive and analytical mindset about the artistic details found in scores. Neal Goren takes singers through a careful reading of clues provided by the librettist and composer, informed by performance practice, and empowers singers to make their own valid artistic choices. Sample analyses of six standard arias and songs are provided as a guide of characterization. Chapters also address artistic collaboration and audition strategies. Also included are exclusive interviews with eight great singing actors of the twentieth and twenty-first centuries, including Jonas Kaufmann, Christa Ludwig, Audra McDonald, and Barbara Hannigan, who share their individual methods for constructing a character.

The Long Roll (Volume 2 of 5) (EasyRead Super Large 24pt Edition)

The Literary Digest

Emerging in the 1850s, elocutionists recited poetry or drama with music to create a new type of performance. The genre--dominated by women--achieved remarkable popularity. Yet the elocutionists and their art fell into total obscurity during the twentieth century. Marian Wilson Kimber restores elocution with music to its rightful place in performance history. Gazing through the lenses of gender and genre, Wilson Kimber argues that these female artists transgressed the previous boundaries between private and public domains. Their performances advocated for female agency while also contributing to a new social construction of gender. Elocutionists, proud purveyors of wholesome entertainment, pointedly contrasted their "acceptable" feminine attributes against those of morally suspect actresses. As Wilson Kimber shows, their influence far outlived their heyday. Women, the primary composers of melodramatic compositions, did nothing less than create a tradition that helped shape the history of American music. Each issue is an individual biography, with each year devoted to a special group of biographies.
