A box is just a box . . . unless it's not a box. From mountain to rocket ship, a small rabbit shows that a box will go as far as the imagination allows. Inspired by a memory of sitting in a box on her driveway with her sister, Antoinette Portis captures the thrill when pretend feels so real that it actually becomes real—when the imagination takes over and inside a cardboard box, a child is transported to a world where anything is possible.

*Having a little sister isn't always a picnic. Older sisters may feel jealous of the time taken away from them, the toys they have to share, and the attention focused on the youngest member of their family. Getting along is often a day-to-day battle, but what can parents do to make this situation easier and to help children realize how special it is to have a sister? In *Spice & Little Sugar*, the delightful new children's book about sibling rivalry, authors Megan Waldrep and Melissa Nelson show big sisters the big benefits, responsibilities, and absolute joys of their role. Told in a whimsical rhyme that children will love to read aloud, *Spice & Little Sugar* first humorously relates all the ways Little Sugar gets on Spice's nerves, from grabbing her favorite toys to sticking to her like glue when Spice wants to be left alone. But gradually Spice comes to realize that Little Sugar does have her good points, including sticking up for her when she gets in trouble with their parents and saving the day with her cute face. Parents will love the warm, gentle lessons the book teaches about understanding how positives can outweigh negatives, and kids will laugh at the playful illustrations and funny story. The perfect book for siblings, *Spice & Little Sugar* can be read and enjoyed by the whole family, time and time again.*

The Amazing Book of No was just announced as a Winner of the 2015 Readers Favorite Award for K-3rd grade readers. "The Amazing Book of No" is a deceptively simple story that will teach your 3-7 year old how to accept the word "no" when you say it, and why they shouldn't argue. The story is about two moms and their children. One mom says "no" all the time, while the other says "yes" to everything. It is cute and engaging all in one, and designed not to take up too much of a parents valuable time, with the idea being to try and imprint wholesome ideals while kids are young. Reading this just a few times to your boy or girl at bedtime will ensure you don't have any misunderstandings with your children about the word "NO" as they grow older. This really is: *The Amazing Book of No!*

This delightful series of board books is aimed at very young children. The bright pictures, with their patches of different textures, are designed to develop sensory and language awareness. Babies and toddlers will love turning the pages and touching the feely patches.

Story, is a WW II child refugee's tale of resilience, hope and courage as told through the narrative of her beloved teddy bear, Karl .A story perfect for all ages: read to children by parents, grandparents and teachers alike. It has been read many times to middle elementary grades. A book to be handed down from parent to child to child for generations to come. Karl, "a very old teddy bear," has a magic gift- he can tell stories to children who are still young enough to understand toy talk . Karl's Story begins in Europe. It's about Karl, the young girl Karin, and Mimi the mind reading cat, ... how the three friends experience and survive WW II and then escape from communism to a new and hope-filled life with his beloved friend Karin .Their journey, their story, enchants children but in the sense of The Little Prince speaks timelessly to adults as well . Karl's Story tells of European refugees and is as relevant today as then. The chaos of the time turned the world of the three friends upside down, slowly at first, from no more whipped cream at birthday parties to ever more frequent air raids, crashing bombs, and a harrowing train ride, with Karl and Mimi stuffed in Karin's old wicker trunk. In the journey Karin loses all she ever knew or loved, but goes on to rebuild her world in America. The book is categorized as Children's Fiction because of its charming cover and talking stuffed animals but is inspirational to young and old alike, and a perfect antidote in these still troubled times; this is indeed a book for all.

When his radio breaks, a little fox finds that the forest is filled with its own rhythm and music--drip drops and chirp chirps--in this picture book that gently introduces the concept of mindfulness. A little fox is digging for food when--OUCH! What is that?--the fox finds a box! When the fox brings the box home to his animal friends--and turns a funny-looking knob--the box starts to sing, and music fills the forest. Everyone agrees that it feels nice. Day and night, they listen to the box's songs, until, one day, it goes quiet. No matter what they try, they just can't get the box to sing again. The animals stop swishing their tails and flapping their wings.... But, in the silence, the fox hears the drip-drop rhythm of melting icicles and the thump thump of a beaver's tail and comes to realize music is everywhere. The noises of the forest and the animals build into a symphony, until, eventually, everyone joins together in a joyous dance party. From

Benny spots a big cardboard box with a note taped to it saying, "Do Not Open." His imagination runs wild, and it's almost too much for a curious boy to bear. He thinks about all of the things, good and bad, that could be inside that box. A birthday robot? A wolverine? An entrance to another world? What should he do? This endearingly illustrated tale of a classic childhood dilemma has a surprise ending and offers a peek into a young boy's mind as he weighs tantalizing possibilities against the risks of breaking the rules.

Emmett has a wife and two children, a cat, and a duck, and he wants to know what life is about. Every day he gets up before dawn, makes a cup of coffee in the dark, lights a fire with one wooden match, and thinks. What Emmett thinks about is the subject of this wise and closely observed novel, which covers vast distances while moving no further than Emmett's hearth and home. Nicholson Baker's extraordinary ability to describe and celebrate life in all its rich ordinariness has never been so beautifully achieved.

"Blimp, blomp, blimp, bloomp. Suzy gripped her sheets tightly. Was that noise coming from under her bed?" Helps Children Banish Bedtime Fears So begins Suzy's adventure where she meets Karrit, another child, and one that lives far under her bed. The two children banish their bedtime fears and become best friends by treating each other the way that they want to be treated. A Fear of Monsters is Common A fear of monsters under the bed is common with children of all ages, starting with a vague sense of the unknown with younger toddlers and graduating to perhaps a more solid image in the minds of older children. The Monster on Top of the Bed flips the idea around, like the famous Disney Movie Monsters Inc., and bases the story on the concept that it's the monsters that are actually afraid of the children. The Children Model The Golden Rule In this beautifully illustrated book we meet two children--Suzy and Karrit, and we discover that sometimes things are not always what they seem and when the monster fears the child, we come to see a different perspective on misunderstandings and ignorance. We also discover that it is easy to misinterpret the meanings of words and actions, when Karrit explains to Suzy that certain things she says and does, frightens him. Although the words, "The Golden Rule" never appear in the book, the way the two children treat each other as though they would like to be treated enable the two of them to work together to work out their differences. A friendship forms, and a new light is shed upon them both when they realize that maybe they aren't so different from each other after all. A Mantra that Banishes Nighttime Fears When things get scary, both children use Grandmom's mantra, which is highly effective in banishing monsters, "'You're welcome to stay until I say, 'Nay!' Then it's time to go, and you can't say, 'no.'" This is an empowering bedtime story. The multimedia edition contains a link to an .mp4 file that features the same audio tracks in the CD version. Children can listen to the story being read by four narrators who read the story in English, Spanish and Italian. There are page turning sounds to let the child know when to turn the page. There are slight differences between the words in CD version and the Kindle version. Children like the challenge of finding the differences. In addition to reading the story, the multimedia kindle edition also contains bonus material, including an interview with the illustrator, and other stories and poems written by the author. Order Copies For Yourself and Your Friends...It's perfect for three to six-year olds, and six-to-twelve year olds (who are sometimes still afraid of monsters) find the story charming and enjoy reading it to their younger siblings.

Hey kids, do you want to know how to make all-stars for your baseball league? Or parents, do you feel like the coaches

keep passing your child up? Well no more! Or coaches, want drills and ways to motivate your players to get better? Coach Andy Collins is going to tell you everything he knows from his 35 years of youth and adult coaching and watching what works and what doesn't work. It's chock-full of ideas in 86 pages. He'll cover: * How your league chooses all-stars * What all-star selectors are really looking for * 7 tried and true methods of getting better at baseball * But more importantly, little known ways to get the people picking the team to notice you * And how to beat the "politics" that seem to get in the way Year after year kids sit in the stands crying after the all-star teams are announced and they weren't one of the players that were chosen. At the same time the students I've trained do make these same all-star teams. It was then I realized I had the information that the kids in the stands and their parents and coaches were looking for. Wherever there are kids around the world that play youth baseball, there are kids that long to make the league's all-star team. Every year it's the same, kids that desperately want to have their name called out (or see it announced on the list) don't make it, and a little bit of them is hurting deep inside; and they don't know why they were not picked. Little did they know that they could have fairly accurately predicted their chances almost from day one of when the season started. And if they knew what you're about the find out, they could improve enough in skill in the eyes of the all-star selectors as to be a better player or even make the all-star team. The good news is that in this book, there is a way to learn how to make the all-star team for the next upcoming season; and if not then, the following year (if you're willing to listen and follow the advice I give). While I have written this for parents and coaches to learn how this process works and how they can help these youngsters achieve their dreams, this is mostly a book written for the kid who wants to make all-stars, not a book for the parent who wants their kid to make all-stars (there is a difference). And it will be in that voice that this book will be written.

If you give a child a box, who can tell what will happen next? It may become a library or a boat. It could set the scene for a fairy tale or a wild expedition. The most wonderful thing is its seemingly endless capacity for magical adventure, a feature imaginatively captured in cardboardsque art and rhythmically celebrated in this poetic tribute. This board book edition of the popular 2016 picture book of the same name takes the literal shape of a box to bring an imaginative concept to life.

David has a big problem; she is really a girl named Sarah. But nobody knows and everyone assumes she is a boy. When her parents ask why she is so sad, is she brave enough to tell them the truth?

When Jada wakes up in a hospital, the last thing she thinks is that her life has completely changed forever. But when the very real civil war forces her to flee from every open space, she must use the firearm skills her father taught her to reunite with him and protect herself. Armed with a single gun and a key to an unknown locker, Jada crosses Syria on a journey with a group of children called the Fearless Freedom Fighters. With the leader, Zak, they mount a plan to rescue their fathers while they try to cope with the merciless murders of their families. As Jada and Zak lead the group together, love blossoms, but with soldiers hot on their tail, they need to stay vigilant in the face of war. War Kids is a story about the Syrian Civil war through the eyes of a group of teenagers. Reviews "This is a taunt thought provoking book that grips the reader from the very first page to the last." "This story was heartbreaking and unique because it is told through the children's point of view. I can only recall one other story that comes close to this one and that is The Works of Anne Frank. I hope to read more of H.J. Lawson's work in the future." "Very interesting story, very powerful. I can really feel the emotion." "This book really touches my heart because there is so much truth in this book." "The detail is so brilliantly displayed, its beautifully written. There are pretty intense chapters, its good... scrap that its excellent. Love the work ...although I am upset. I know this is a fictional story, but I just can't help but feel extremely bad for all the lost lives especially the innocent and young ones." "A REMARKABLE BOOK,
