Chemistry Notebook: Having the right notebook allows you to get things done, and helps you in your goal of being more organized, especially students who are required to taking notes in the class while study at school. Students use notebooks mainly to jot down lecture but not limited to ideas, observations, and things that they find meaningful from their classes. Furthermore, students have a wide variety of preferences for the type of notebook they use. Some are passionate about the size of their notebooks, while others are more concerned that the paper does not allow bleed-through during moments of writing. Here we offer the students with the subject name on the cover from the get go as well as the pictures on the cover uniquely related to that subject. Moreover, we also put in the necessary stuff inside the cover, for instance Periodic Table for Chemistry. Blank line with collage ruled. Size 9.25" x 11.55". 100 Pages.

One of Italy's leading men of letters, a chemist by profession, writes about incidents in his life in which one or another of the elements figured in such a way as to become a personal preoccupation
