"Sanctify Christ as Lord in your hearts, always being ready to make a defense to everyone who asks you to give an account for the hope that is in you, yet with gentleness and reverence." -1 Peter 3:15 Scripture is clear about the fact that we must be prepared to communicate the truth of the Gospel when given the opportunity—and do it with the right attitude. But even when your tone is gentle and respectful, what, specifically, should you say when asked or confronted about your faith? And what is your overall responsibility to unbelievers as a disciple of Christ? Pastor John MacArthur responds to these very questions and more—with solid, biblical answers focused in four particular areas: * your attitude * your

crashing down, Hedda Hopper was one of the Queens of Hollywood. Although she made her name as a star of the silent screen, she found her calling as a gossip columnist, where she had the ear of the most powerful force in show business: the public. With a readership of 20,000,000 people, Hopper turned nobodies into stars, and brought stars to their knees. And in this sensational memoir, she tells all. In her career, Hopper crossed some of Hollywood's biggest bold-faced names, from Spencer Tracy and Katherine Hepburn to Charlie Chaplin and Joseph Cotten, and her feud with rival gossip columnist Louella Parsons became the stuff of legend. In *The Whole Truth and Nothing But*, we get Hedda's side of the story—and what a story it is.

consider here are those that have a distinct bodily expression. That there are feelings of pleasure and displeasure, of interest and excitement, bound up with mental operations, but having no obvious bodily expression for their consequence, would, I suppose, be held true by most readers. Certain arrangements of sounds, of lines, of colours are agreeable, and others the reverse, without the degree of the feeling being sufficient to quicken the pulse or breathing, or to prompt to movements of either the body or the face. Certain sequences of ideas charm us as much as others tire us. It is a real intellectual delight to get a problem solved, and a real intellectual torment to have to leave it unfinished. The first set of examples, the sounds, lines, and colours, are either bodily sensations, or the images of such. The second set seem

Surprise, curiosity, rapture, fear, anger, lust, greed, and the like, become then the names of the mental states with which the person is possessed. Trell

A Novel

Lubet's *Nothing But The Truth* presents a novel and engaging analysis of the role of storytelling in trial advocacy. The best lawyers are storytellers, he explains, who take the raw and disjointed observations of witnesses and transform them into coherent and persuasive narratives. Critics of the adversary system, of course, have little patience for storytelling, regarding trial lawyers as flimflam artists who use sly means and cunning rhetoric to befuddle witnesses and bamboozle juries. Why not simply allow the witnesses to speak their minds, without the distorting influence of lawyers' stratagems and feints? But Lubet

Read PDF Nothing But The Truth By John Kani

demonstrates that the craft of lawyer storytelling is a legitimate technique for determining the truth and not at all coincidentally for providing the best defense for the attorney's client. Storytelling accomplishes three important purposes at trial. It helps to establish a "theory of the case," which is a plausible and reasonable explanation of the underlying events, presented in the light most favorable to the attorney's client. Storytelling also develops the "trial theme," which is the lawyer's way of adding moral force to the desired outcome. Most importantly, storytelling provides a coherent "story frame," which organizes all of the events, transactions, and other surrounding facts into an easily understandable narrative context. As with all powerful tools, storytelling may be misused to ill purposes. Therefore, as Lubet explains, lawyers do not have carte

Read PDF Nothing But The Truth By John Kani

blanche to tell whatever stories they choose. It is a creative process to be sure, but every story must ultimately be based on "nothing but the truth." There is no room for lying. On the other hand, it is obvious that trial lawyers never tell "the whole truth," since life and experience are boundless and therefore not fully describable. No lawyer or court of law can ever get at the whole truth, but the attorney who effectively employs the techniques of storytelling will do the best job of sorting out competing claims and facts, thereby helping the court arrive at a decision that serves the goals of accuracy and justice. To illustrate the various challenges, benefits, and complexities of storytelling, Lubet elaborates the stories of six different trials. Some of the cases are real, including John Brown and Wyatt Earp, while some are fictional, including Atticus Finch and Liberty Valance. In

each chapter, the emphasis is on the narrative itself, emphasizing the trial's rich context of facts and personalities. The overall conclusion, as Lubet puts it, is that "purposive storytelling provides a necessary dimension to our adversary system of justice."
