What do famous people love to do during their free time in the Big Apple? Like all New Yorkers, even the well-known among them have rituals that connect them to their city in a unique way—favorite restaurants, delis, museums, parks, galleries, landmarks, haunts, and hangouts. For one resident, it may be watching tango dancers on Saturday nights in Central Park; for another, it's riding a bike over the Brooklyn Bridge, grabbing a slice of Grimaldi's pepperoni pizza and a view of the Manhattan skyline from across the East River. Perhaps it entails choosing from the best bagels or a slice of bread at Rock Hill Bake House in the Union Square Greenmarket or simply walking across 46th Street and ending up at the great Brooklyn Museum hangout, Angus McIndoe. In a refreshing step beyond the usual travel guides and tourist listings, *My City, My New York* quotes VIPs and offers something truly unique: a chance to experience Manhattan the way its most notable luminary residents do. The activities and establishments featured are diverse, often eclectic, and, most-importantly, nonexclusive—you don't need to be a celebrity to enjoy them. While offering new and exciting possibilities for exploration, *My City, New York* is also a love letter to the Big Apple and will touch even the most jaded New Yorkers. Contributors include: - Matthew Broderick - Woody Allen - Bette Midler - Joan Rivers - Donald Trump - Chris Noth - Mayor Michael Bloomberg - Alex ... As a third-generation New Yorker who was born, bred, and educated there, Jake Dobkin was such a fan of his hometown that he started a popular and acclaimed website with a focus on news, events, and culture in the city, and "Ask a Native New Yorker" became one of its most popular columns. The book version features all original writing and aims to help newbies evolve into real New Yorkers with humor and a command of the city. In 48 short essays and 11 sidebars, the book offers practical information about transportation, apartment hunting, and even cultivating a social life for anyone fresh to the Big Apple. Subjects include "Why is New York the greatest city in the world?," "Where should I live?," "Where do

“An elegant call to courtesy and decorum—meant not to shame but to encourage” from a royal mother, business woman, and parenting blogger (The Wall Street Journal). Princess, parent, and founder of a successful children’s clothing line, Marie-Chantal of Greece is constantly asked how she manages to do it all—raise her kids and run her business while leading an active social life. So many of these queries—about proper etiquette for children in our fast-paced, technology-centered world—led her to recognize the need for a modern handbook on children’s manners. *Manners Begin at Breakfast* addresses rules of etiquette, including basic table manners, social media, fashion dos and don’ts, and party conversation. Covering children from infants to teens, *Manners Begin at Breakfast* is an essential guide for all parents concerned about raising self-assured, well-adjusted children who are equipped to thrive in society and develop into confident, successful adults. Illustrated with charming, specially commissioned watercolors and written in a lively, conversational style, it is certain to become a perennial and parental must-have resource. “When in doubt . . . ask a princess! Because even royals have to contend with social media gaffes and dinner guests doing paleo.” —Town & Country “Princess Marie-Chantal of Greece . . . puts some pomp in her Ps and Qs.” —Vanity Fair “A how-to guide on navigating everything from international travel to playdate dress codes . . . Chock-full of actionable, sweetly illustrated tips, proving that modern etiquette doesn’t have to be some antiquated, chew-like-you-have-a-secret ordeal.”

Little fascinates New Yorkers more than doormen, who know far more about tenants than tenants know about them. Doormen know what their tenants eat, what kind of movies they watch, whom they spend time with, whether they drink too much, and whether they have kinky sex. But if doormen are unusually

familiar with their tenants, they are also socially very distant. In *Doormen*, Peter Bearman untangles this unusual dynamic to reveal the many ways that tenants and doormen negotiate their complex relationship. Combining observation, interviews, and survey information, *Doormen* provides a deep and enduring ethnography of the occupational role of doormen, the dynamics of the residential lobby, and the mundane features of highly consequential social exchanges between doormen and tenants. Here, Bearman explains why doormen find their jobs both boring and stressful, why tenants feel anxious about how much of a Christmas bonus their neighbors give, and how everyday transactions small and large affect tenants' professional and informal relationships with doormen. In the daily life of the doorman resides the profound, and this book provides a brilliant account of how tenants and doormen interact within the complex world of the lobby.

A declaration of love to Peter Kuper's adoptive city, where he has lived since 1977, this diary is a vibrant survey of New York City's history. Kuper's illustrations depict a climb to the top of the Brooklyn Bridge, the homeless living in Times Square, roller skaters in Central Park, the impact of September 11, the luxury of Wall Street, street musicians, and other scenes unique to the city. With comics, illustrations, and sketches, this work of art portrays everything from the low life to the high energy that has long made people from around the world flock to the Big Apple. *Drawn to New York* is a reflection of one artist's thirty-four years on twelve miles of island with eight million people in a city whose story is ever being written. **New York Times Bestseller** A hilarious full-color guide to Midwestern culture, from comedian and journalist Charlie Berens, creator of the viral comedic series "The Manitowoc Minute" Have you ever had a goodbye lasting more than four hours? Do you lack the emotional capacity to say "I love you" so you just tell your loved ones to "watch out for deer"? Have you apologized to a stranger because she stepped on your foot? If you answered yes to any of these questions, there's a good chance you're a Midwesterner—or a Midwesterner at heart. Even if you answered no, you probably know someone who held the door for you from two football fields away. He likely waved at you and said, "Hey there," like you organized the church bar crawl together. That was a Midwesterner in the wild. We understand that your interaction was strange—but it's likely to get stranger. Don't wait until they stick their head in your second-floor window to invite you over for a perch fry because they climbed on your roof to clean your gutters. There's no need to pull the pepper spray; this species is helpful by nature. And the relationship could be very symbiotic—but only if you let it happen. And that's where this book comes into play. Inspired by my

comedy tours across the Midwest and life growing up in Wisconsin, this book is an exploration into my favorite region on Earth. Some may think the Midwest is just a bunch of bland flyover states filled with less diversity than a Monsanto monoculture. But scratch that surface with your buck knife and you'll find rich cultures and traditions proving we're more than just fifty shades of milk. So whether you're a born-and-bred Midwesterner looking to sharpen your skill at apologies or a costal elite visiting the in-laws for the holidays, this book will help you navigate the Midwest, with everything from the best flannel looks to dating and mating rituals (yes, casserole is involved) to climbing the corporate corn silo to how to handle a four-way stop—and every backyard brat fry in between. And for those of you who don't like reading, don't worry—we've got pictures! Toss in illustrations, sidebars, quizzes, and jokes worthy of a supper club stall and *The Midwest Survival Guide* is just the walleye-deep look into this distinctive, beautiful, and bizarre American culture you've been looking for.

From the bestselling author of NYC Basic Tips and Etiquette comes 99 Stories I Could Tell, a guided journal with 99 prompts and a customizable cover. Nathan Pyle takes journalers for a creative ride through the pages of this product--each prompt comes with a set of black lines (solid boundaries to color) and blue lines (to trace and use as a jumping off point for further imagination. The prompts move from extremely supportive towards the start of the journal (giving the journaler lots of structure so as not to intimidate) to more free-form , the idea being that the journalers skills will increase the more they progress. The prompts themselves are a mix of inventive and humorous trips down memory lane, helping journalers curate and draw their most prized recollections, and unearth memories they didn't know they had (a lie you were told as a child that you believed until recently, or the first fictional story you experienced). With a well-honed sensibility for what shares well online and what people are searching for, each of the 99 prompts has been chosen because it prompts emotional resonance and will be content people will be excited to share on their social media. The prompts can also be mixed and matched to create all new narratives, the way musical notes can be lined up differently to make new tunes. Package wise, this journal is a large square, big enough to satisfy doodlers, but light enough to easily fit in a backpack. The book's jacket is a silk-screened PVC case which adds to the nostalgic feel (reminiscent of a toy); the jacket is also removable.
