A boy befriends a young caveman in this modern children’s classic of friendship and adventure. Barney isn’t supposed to go near the chalk pit. His grandmother and sister both told him the edge could give way and he could fall in—but what else is he supposed to do on a miserable gray day? It’s not long before Barney falls into the pit and bumps his head. But where he lands is more than an old garbage dump: It’s a home. There’s a little hut built out of discarded junk, and more surprisingly, there’s a boy, about Barney’s age, inside. He speaks in grunts instead of English, wears a rabbit-skin loincloth, has shaggy black hair, and might be named something that sounds like “Stig.” Barney befriends him immediately. Together, Barney and Stig go on all sorts of adventures, building a chlmey for Stig’s hut, joining a foxhunt, stopping robbers, and catching a leopard escaped from the circus! Barney and Stig’s escapades have been delighting children for more than fifty years, while addressing important topics such as bullying, recycling, and language barriers. This timeless classic is sure to captivate readers young and old with its wit, imagination, and sense of adventure.

Book one in the hit series that’s soon to be a major motion picture starring Amanda Stenberg and Mandy Moore—now with a stunning new look and an exclusive bonus short story featuring Liam and his brother, Cole. When Ruby woke up on her tenth birthday, something about her had changed. Something alarming enough to make her parents lock her in the garage and call the police. Something that got her sent to Thurmond, a brutal government “rehabilitation camp.” She might have survived the mysterious disease that killed most of America’s children, but she and the others emerged with something far worse: frightening abilities they cannot control. Now sixteen, Ruby is one of the dangerous ones. But when the truth about Ruby’s abilities—the truth she’s hidden from everyone, even the camp authorities—comes out, Ruby barely escapes Thurmond with her life. On the run, she joins a group of kids who escaped their own camp: Zu, a young girl haunted by her past; Chubs, a standoffish brainiac; and Liam, their fearless leader, who is falling hard for Ruby. But no matter how much she aches for him, Ruby can’t risk getting close. Not after what happened to her parents. While they journey to find the one safe haven left for kids like them—East River—they must evade their determined pursuers, including an organization that will stop at nothing to use Ruby in their fight against the government. But as they get closer to grasping the things they’ve dreamed of, Ruby will be faced with a terrible choice, one that may mean giving up her only chance at a life worth living.

“A hugely inventive adventure.” —Eoin Colfer, New York Times bestselling author of the Artemis Fowl series In a world where animals are slowly fading into extinction, twelve-year-old Kester Jaynes feels as if he hardly exists either. He’s been locked away in a home for troubled children and is unable to speak a word. Then one night, a flock of talking pigeons and a bossy cockroach come to help him escape, and he discovers that he can speak—to them. And the animals need him. Only Kester, with the aid of a stubborn, curious girl named Polly, can help them survive. The animals saved Kester. But can he save them? “When ninety-nine pigeons smash through the windows of Kester’s prison and carry him North to the last of the animals.... it’s a moment as thrilling as when James flies off in the Giant Peach. Highly recommended.” —The Times (UK) “Combines a great fondness for animals with an appreciation of the freakish.... The reserved narrative tone and tender yet peculiar view of animals give this piece its own offbeat flavor.” —Kirkus Reviews “Alternately somber, thrilling, and silly.”

When a fire leaves twelve-year-old Scarlet in a different foster home than her autistic little brother, she tracks a bird to find her way back to him in this deeply moving illustrated novel from the author of Wild Wings. Scarlet doesn’t have an easy life. She’s never known her dad, her mom suffers from depression, and her younger brother Red has Asperger’s and relies heavily on her to make the world a safe place for him. Scarlet does this by indulging Red’s passion for birds, telling him stories about the day they’ll go to Trinidad and see all the wonderful birds there (especially his beloved Scarlet Ibis), saving her money to take him to the zoo, helping him collect bird feathers, and even caring for a baby pigeon who is nesting outside his window. But things with her mom are getting harder, and after a dangerous accident, Scarlet and Red are taken into foster care and separated. As Scarlet struggles to cope with the sudden changes in her life and her complex feelings towards her mom, the one thing she won’t give up on is finding Red. Nothing is going to get in her way—even if it might destroy the new possibilities offered to her by her foster family.

Told with humor and heart, The Boy at the Back of the Class offers a child’s perspective on the refugee crisis, highlighting the importance of friendship and kindness in a world that doesn’t always make sense. There used to be an empty chair at the back of Mrs. Khan’s classroom, but on the third Tuesday of the school year a new kid fills it: nine-year-old Ahmet, a Syrian refugee. The whole class is curious about this new boy—he doesn’t seem to smile, and he doesn’t talk much. But after learning that Ahmet fled a Very Real War and was separated from his family along the way, a determined group of his classmates bands together to concoct the Greatest Idea in the World—a magnificent plan to reunite Ahmet with his loved ones. This accessible, kid-friendly story about the refugee crisis highlights the community-changing potential of standing as an ally and reminds readers that everyone deserves a place to call home. “This moving and timely debut novel tells an enlightening, empowering, and ultimately hopeful story about how compassion and a willingness to speak out can change the world.” —School Library Journal, Starred Review Overall Winner of the 2019 UK Waterstones Children’s Book Prize Winner of the 2019 UK Blue Peter Book Award A CLIP Carnegie Medal Children’s Book Award Nominee

The beautiful and haunting novel that launched David Almond as one of the best children’s writers of today When a move to a new house coincides with his baby sister’s illness, Michael’s world seems suddenly lonely and uncertain. Then, one Sunday afternoon, he stumbles into the old, ramshackle garage of his new home, and finds something magical. A strange creature - part owl, part angel, a being who needs Michael’s help if he is to survive. With his new friend Mina, Michael nourishes Skellig back to health, while his baby sister languishes in the hospital. But Skellig is far more than he at first appears, and as he helps Michael breathe life into his tiny sister, Michael’s world changes for ever . . . Skellig won the Carnegie Medal and the Whitbread Children’s Book Award and is now a major Sky 1 feature film, starring Tim Roth and John Simm. David Almond is also winner of the 2010 Hans Christian Andersen award. Powerful and moving - The Guardian This newly jacketed edition celebrates 15 years of this multi-award-winning novel.

London is poised on the brink of World War II. Timid, scrawny Willie Beech -- the abused child of a single mother -- is evacuated to the English countryside. At first, he is terrified of everything, of the country sounds and sights, even of Mr. Tom, the gruff, kindly old man who has taken him in. But gradually Willie forgets the hate and despair of his past. He learns to love a world he never knew existed, a world of friendship and affection in which harsh words and daily beatings have no place. Then a telegram comes. Willie must return to his mother in London. When weeks pass with no word from Willie, Mr. Tom sets out for London to look for the young boy he came to love as a son.

A startlingly original picture book about a little girl who creates a garden on a disused car park rooftop Fummi loves the old, disused car park, and spends a lot of time there flying her kite and playing her recorder. But something is missing. Definitely. So Fummi decides to create a garden in the neglected space and after weeks of careful nurture, her garden in the sky takes shape. One day, a little boy, Zoo, spots the square of colour amongst the grey from an incoming flight, and decides to try to find it. And slowly, not only do Fummi’s flowers bloom, but a very special friendship blossoms too. Beautifully illustrated in line and watercolour by up-and-coming talent, Fiona Lumbers, this is a poignant and memorable story from award-winning author, Linda Sarah.

Professor Hilton was reviewing passage of Greek that was going to be translated during an examination. He left his study for a while and after he came back, he saw the keys to the study in the lock. Someone had apparently copied a part of the translation and there were some clear evidences. The professor turned to Holmes and asked for his help. Can some of the students that were about to take the examination have copied the text? Will Holmes solve the case before the exam the next day? “The Adventure of the Three Students” is a part of “The Return of Sherlock Holmes”. Sir Arthur Conan Doyle (1859-1930) was born in Scotland and studied medicine at the University of Edinburgh. After his studies, he worked as a ship’s surgeon on various boats. During the Second Boer War, he was an army doctor in South Africa. When he came back to the United Kingdom, he opened his own practice and started writing crime books. He is best known for his thrilling stories about the adventures of Sherlock Holmes. He published four novels and more than 50 short-stories starring the detective and Dr Watson, and they play an important role in the history of crime fiction. Other than the Sherlock Holmes series, Doyle wrote around thirty more books, in genres such as science-fiction, fantasy, historical novels, but also poetry, plays, and non-fiction.

“She was part of the ‘stunt girl’ movement that was very important in the 1880s and 1890s as these big, mass-circulation yellow journalism papers came into the fore.” –Brooke Kroeger Around the World in Seventy-Two Days (1890) is a travel narrative by American investigative journalist Nellie Bly. Proposed as a recreation of the journey undertaken by Phileas Fogg in Jules Verne’s Around the World in Eighty Days (1873). Bly’s journey was covered in Joseph Pulitzer’s popular newspaper the New York World, inspiring countless others to attempt to surpass her record. At the time, readers at home were encouraged to estimate the hour and day of Bly’s arrival, and a popular board game was released in commemoration of her undertaking. Embarking from Hoboken, noted investigative journalist Nellie Bly began a voyage that would take her around the globe. Bringing only a change of clothes, money, and a small travel bag, Bly travelled by steamship and train through England, France—where she met Jules Verne—Italy, the Suez Canal, Ceylon, Singapore, Hong Kong, and Japan. Sending progress reports via telegraph, she made small reports back home while recording her experiences for publication upon her return. Despite several setbacks due to travel delays in Asia, Bly managed to beat her estimated arrival time by several days despite making unplanned detours, such as visiting a Chinese leper colony, along the way. Unbeknownst to Bly, her trip had inspired Cosmopolitan’s Elizabeth Brisland to make a similar circumnavigation beginning on the exact day, launching a series of copycat adventures by ambitious voyagers over the next few decades. Despite being surrounded by this air of popularity and competition, however, Bly took care to make her journey worthwhile, showcasing her skill as a reporter and true pioneer of investigative journalism. With a beautifully designed cover and professionally typeset manuscript, this edition of Nellie Bly’s Around the World in Seventy-Two Days is a classic work of American travel literature reimagined for modern readers.

This volume highlights writing development and its relation to other cognitive domains, such as language and reading, for individuals who struggle to acquire writing proficiency, including those with specific learning disorders (SLD; e.g., dyslexia, dysgraphia, and specific language impairment) which affect writing skills (e.g., handwriting, composition). Writing and writing development are presented from a transnational perspective with an integrated focus on conceptualizing writing as a developmental process.

Around the World in Seventy-Two DaysGraphic Arts Books

This unique and ground-breaking book is the result of 15 years research and synthesises over 800 meta-analyses on the influences on achievement in school-aged students. It builds a story about the power of teachers, feedback, and a model of learning and understanding. The research involves many millions of students and represents the largest ever evidence based research into what actually works in schools to improve learning. Areas covered include the influence of the student, home, school, curricula, teacher, and teaching strategies. A model of teaching and learning is developed based on the notion of visible teaching and visible learning. A major message is that what works best for students is similar to what works best for teachers – an attention to setting challenging learning intentions, being clear about what success means, and an attention to learning strategies for developing conceptual understanding about what teachers and students know and understand. Although the current evidence based fad has turned into a debate about test scores, this book is about using evidence to build and defend a model of teaching and learning. A major contribution is a fascinating benchmark/dashboard for comparing many innovations in teaching and schools.

‘There are half a million more women than men in this unhappy country of ours . . . So many odd women - no making a pair with them.’ The idea of the superfluity of unmarried women was one the ‘New Woman’ novels of the 1890s sought to challenge. But in The Odd Women (1893) Gissing satirizes the prevailing literary image of the ‘New Woman’ and makes the point that unmarried women were generally viewed less as noble and romantic figures than as ‘odd’ and marginal in relation to the ideal of womanhood itself. Set in grimy, fog-ridden London, these ‘odd’ women range from the idealistic, financially self-sufficient Mary Barfoot and Rhoda Nunn, who run a school to train young women in office skills for work, to the Madden sisters struggling to subsist in low-paid jobs and experiencing little comfort or pleasure in their lives. Yet it is for the youngest Madden sister’s marriage that the novel reserves its most sinister critique. With superb detachment Gissing captures contemporary society’s ambivalence towards its own period of transition. The Odd Women is a novel engaged with all the major sexual and social issues of the late-nineteenth century. Judged by contemporary reviewers as equal to Zola and Ibsen, Gissing was seen to have produced an ‘intensely modern’ work and it is perhaps for this reason that the issues it raises remain the subject of contemporary debate. “Introduction “Textual Note “Bibliography “Chronology *Explanatory Notes *Map ABOUT THE SERIES: For over 100 years Oxford World’s Classics has made available the widest range of literature from around the globe. “To Be ” in the Hole.” is to be incarcerated in solitary confinement. “Pencil in the hole” is just that, with nothing but a pencil and some blank paper, a journey began, here one finds both religious and secular expression, both in the artistic expression and the poetic expression. None years in creation, see for yourself the graces of God and the gifts from the fellow human beings that impact, up lift and free the confined soul. Pencil in the Hole is freedom without Liberty’s graces.
