Exam board: OCR Level: A Level Subject: History First teaching: September 2015 First exams: AS: Summer 2016, A Level: Summer 2017 An OCR endorsed resource Successfully cover Unit Group 2 with the right amount of depth and pace; this bespoke series from the leading History publisher follows our proven and popular approach for OCR A Level, blending clear course coverage with focused activities and comprehensive assessment support. - Develops understanding of the period through an accessible narrative that is tailored to the specification content and structured around key questions for each topic - Builds the skills required for Unit Group 2, from explanation, assessment and analysis to the ability to make substantiated judgements - Enables students to consolidate and extend their topic knowledge with a range of activities suitable for classwork or homework - Helps students achieve their best by providing step-by-step assessment guidance and practice questions - Facilitates revision with useful summaries at the start and end of each chapter - Ensures that students understand key historical terms and concepts by defining them in the glossary

This is an OCR endorsed resource Build strong subject knowledge and skills in A Level History using the in-depth analysis and structured support in this tailor-made series for OCR's British period studies and enquiries. - Develops the analytical skills required to succeed in the period study by organising the narrative content around the key issues for students to explore - Enhances understanding of the chosen historical period, supplying a wealth of extracts and sources that offer opportunities to practise the evaluative skills needed for the enquiry - Progressively improves study skills through developmental activities and advice on answering practice exam questions - Helps students to review, revise and reflect on the course material through chapter summaries and revision activities that consolidate topic knowledge - Equips students with transferable critical thinking skills, presenting contrasting academic opinions that encourage A Level historians to make informed judgements on major debates Each title in the OCR A Level History series contains one or two British period studies and its associated enquiry, providing complete support for every option in Unit Group 1. England 1485-1603 This title explores the reigns of the Tudor monarchs from Henry VII to Elizabeth I through two British period studies and one enquiry. It allows an in-depth understanding of the key historical knowledge, terms and concepts relevant to the period studied and encourages the critical use of evidence in investigating and assessing historical questions in the associated enquiry: 'Mid Tudor Crises 1547-1558'. This title covers the following period studies and enquiry: - England 1485-1547 - Mid Tudor Crises 1547-1558 - Elizabethan England

A newly revised version of a classic in American historyWhen "The American Revolution" was first published in 1985, it was praised as the first synthesis of the Revolutionary War to use the new social history. Edward Countryman offered a balanced view of how the Revolution was made by a variety of groups-ordinary farmers as well as lawyers, women as well as men, blacks as well as whites-who transformed the character of American life and culture. In this newly revised edition, Countryman stresses the painful destruction of British identity and the construction of a new American one. He expands his geographical scope of the Revolution to include areas west of the Alleghenies, Europe, and Africa, and he draws fresh links between the politics and culture of the independence period and the creation of a new and dynamic capitalist economy. This innovative interpretation of the American Revolution creates an even richer, more comprehensive portrait of a critical period in America's history.

"[The] book makes you care what happens to its main protagonist, the U.S. Postal Service itself. And, as such, it leaves you at the end in suspense." —USA Today

Founded by Benjamin Franklin, the United States Postal Service was the information network that bound far-flung Americans together, and yet, it is slowly vanishing. Critics say it is slow and archaic. Mail volume is down. The workforce is shrinking. Post offices are closing. In Neither Snow Nor Rain, journalist Devin Leonard tackles the fascinating, centuries-long history of the USPS, from the first letter carriers through Franklin's days, when postmasters worked out of their homes and post roads cut new paths through the wilderness. Under Andrew Jackson, the post office was molded into a vast patronage machine, and by the 1870s, over seventy percent of federal employees were postal workers. As the country boomed, USPS aggressively developed new technology, from mobile post offices on railroads and airmail service to mechanical sorting machines and optical character readers. Neither Snow Nor Rain is a rich, multifaceted history, full of remarkable characters, from the stamp-collecting FDR, to the revolutionaries who challenged USPS's monopoly on mail, to the renegade union members who brought the system—and the country—to a halt in the 1970s. "Delectably readable . . . Leonard's account offers surprises on almost every other page . . . [and] delivers both the triumphs and travails with clarity, wit and heart." —Chicago Tribune

Children are already learning at birth, and they develop and learn at a rapid pace in their early years. This provides a critical foundation for lifelong progress, and the adults who provide for the care and the education of young children bear a great responsibility for their health, development, and learning. Despite the fact that they share the same objective - to nurture young children and secure their future success - the various practitioners who contribute to the care and the education of children from birth through age 8 are not acknowledged as a workforce unified by the common knowledge and competencies needed to do their jobs well. Transforming the Workforce for Children Birth Through Age 8 explores the science of child development, particularly looking at implications for the professionals who work with children. This report examines the current capacities and practices of the workforce, the settings in which they work, the policies and infrastructure that set qualifications and provide professional learning, and the government agencies and other funders who support and oversee these systems. This book then makes recommendations to improve the quality of professional practice and the practice environment for care and education professionals. These detailed recommendations create a blueprint for action that builds on a unifying

foundation of child development and early learning, shared knowledge and competencies for care and education professionals, and principles for effective professional learning. Young children thrive and learn best when they have secure, positive relationships with adults who are knowledgeable about how to support their development and learning and are responsive to their individual progress. Transforming the Workforce for Children Birth Through Age 8 offers guidance on system changes to improve the quality of professional practice, specific actions to improve professional learning systems and workforce development, and research to continue to build the knowledge base in ways that will directly advance and inform future actions. The recommendations of this book provide an opportunity to improve the quality of the care and the education that children receive, and ultimately improve outcomes for children.

Exam Board: OCR Level: A-level Subject: History First Teaching: September 2015 First Exam: June 2016 This is an OCR endorsed resource Build strong subject knowledge and skills in A Level History using the in-depth analysis and structured support in this tailor-made series for OCR's British period studies and enquiries. - Develops the analytical skills required to succeed in the period study by organising the narrative content around the key issues for students to explore - Enhances understanding of the chosen historical period, supplying a wealth of extracts and sources that offer opportunities to practise the evaluative skills needed for the enquiry - Progressively improves study skills through developmental activities and advice on answering practice exam questions - Helps students to review, revise and reflect on the course material through chapter summaries and revision activities that consolidate topic knowledge - Equips students with transferable critical thinking skills, presenting contrasting academic opinions that encourage A Level historians to make informed judgements on major debates Each title in the OCR A Level History series contains one or two British period studies and its associated enquiry, providing complete support for every option in Unit Group 1. A Level Further Mathematics for AQA Mechanics Student Book (AS/A Level)

Target success in OCR AS/A-level History with this proven formula for effective, structured revision; key content coverage is combined preparation activities and exam-style questions to create a revision guide that students can rely on to review, strengthen and test the Enables students to plan and manage a successful revision programme using the topic-by-topic planner - Consolidates knowledge with focused content coverage, organised into easy-to-revise chunks - Encourages active revision by closely combining historical content with activities - Helps students build, practise and enhance their exam skills as they progress through activities set at three different levels technique through exam-style questions with sample answers and commentary from expert authors and teachers - Boosts historical knowledge

useful glossary and timeline

Let SHP successfully steer you through the new specification with an exciting, enquiry-based series that invigorates teaching and learning. - Best practice principles and worthwhile tasks to develop students' high-level historical knowledge and skills. - Tackle unfamiliar topics from a broadened curriculum with confidence: the engaging, accessible text covers the content you need for teacher-led lessons and independent learning. - Support the transition to GCSE: step-by-step enquiries inspired by best practice in KS3 help to simplify lesson planning and ensure continuous progress within and across units - Build the knowledge and understanding students need to succeed: the scaffolded three-part task structure encourages students to record, reflect on and review their learning - Boost student performance across the board: suitably challenging tasks encourage high achievement at GCSE while clear explanations make key concepts accessible to all - Rediscover your enthusiasm for source work: a range of purposeful visual and written source material is embedded at the heart of each investigation to enhance understanding - Develop students' sense of historical context: visually stimulating text design uses memorable case studies, diagrams, infographics and contemporary photos to bring fascinating events to life

New 2017 Cambridge A Level Maths and Further Maths resources to help students with learning and revision. Written for the AQA AS/A Level Further Mathematics specification for first teaching from 2017, this print Student Book covers the Mechanics content for AS and A Level. It provides an accessible exposition with a wealth of worked examples, exercises and opportunities to test and consolidate learning, providing a clear pathway for progressing through the course. It is underpinned by a strong pedagogical approach, with an emphasis on skills development and the synoptic nature of the course. Includes answers to aid independent study. This book has entered an AQA approval process.

Exam Board: OCR Level: A-level Subject: History First Teaching: September 2015 First Exam: June 2016 This is an OCR endorsed resource. Develops strong subject knowledge and skills in A Level History using the in-depth analysis and structured support in this tailor-made series for period studies and enquiries. - Develops the analytical skills required to succeed in the period study by organising the narrative content into key issues for students to explore - Enhances understanding of the chosen historical period, supplying a wealth of extracts and sources that provide opportunities to practise the evaluative skills needed for the enquiry - Progressively improves study skills through developmental activities and answering practice exam questions - Helps students to review, revise and reflect on the course material through chapter summaries and activities that consolidate topic knowledge - Equips students with transferable critical thinking skills, presenting contrasting academic perspectives that encourage A Level historians to make informed judgements on major debates Each title in the OCR A Level History series contains one period study and its associated enquiry, providing complete support for every option in Unit Group 1. England 1485-1603 This title explores the reigns of the Tudor monarchs from Henry VII to Elizabeth I through two British period studies and one enquiry. It allows an in-depth understanding of the Tudor period, developing key historical knowledge, terms and concepts relevant to the period studied and encourages the critical use of evidence in investigating historical questions in the associated enquiry: 'Mid Tudor Crises 1547-1558'. This title covers the following period studies and enquiry: 1485-1547 - Mid Tudor Crises 1547-1558 - Elizabethan England
