Upton Sinclair, one of America's foremost and most prolific authors, addresses the cultivation of the mind and the body in this 1922 volume. Sinclair's goal was to

**attempt to tell the reader how to live, how to find health, happiness and success, and how to develop fully both the mind and the body. Part One: The Book of the Mind covers such subjects as faith, reason, morality, and the subconscious. Part Two: The Book of the Body develops such subjects as errors in diet, the fasting cure, food and poisons, work and play, and diseases and their cures . This book is a detailed depiction of the "cuts" that people incur or will incur over the course of their lives, and how those "cuts" subsequently shape their lives. (Cuts are hurts, experiences, tragedies, and/or various pains incurred). Unfortunately, people will inevitably incur hurts and pains in life, which most are beyond their own control. One simply cannot control what happens to them at the hands of another. People hurt other people. It's not so much the hurt that causes the problem, but more so the effects of the hurt. Oftentimes, people ignore the hurt. They try to live their lives as if the hurt never occurred. Many are oblivious to their deep hurt because they've mastered the art of disguising the pain. The problem ensues when the severely wounded people interact with others, then they subsequently inflict others with the residual hurt that they've been harboring. Because of this, many fail to realize that they've been "cut" and are in need of healing. The purpose of this book is to aid in identifying and healing cuts from one's life (including their past, present, or possibly their future), as these cuts will affect one's life in some regard. Oftentimes, people need healing to recover from some trauma or tragedy that they've endured, yet they're too afraid to ask for help. Many internalize their feelings, never properly articulating their**

mental anguish, ultimately forsaking the need and opportunity to heal. It's the lack of healing that causes people to hurt others or live unhappy lives. This book was written to aid people with identifying their hurt, their need for healing, and ultimately helping them to heal and subsequently live their best lives.

**NATIONAL BESTSELLER** • The triumphant true story of a woman who rode her horse across America in the 1950s, fulfilling her dying wish to see the Pacific Ocean, from the #1 New York Times bestselling author of *The Perfect Horse* and *The Eighty-Dollar Champion* “ The gift Elizabeth Letts has is that she makes you feel you are the one taking this trip. This is a book we can enjoy always but especially need now. ” —Elizabeth Berg, author of *The Story of Arthur Truluv* In 1954, sixty-three-year-old Maine farmer Annie Wilkins embarked on an impossible journey. She had no

money and no family, she had just lost her farm, and her doctor had given her only two years to live. But Annie wanted to see the Pacific Ocean before she died. She ignored her doctor's advice to move into the county charity home. Instead, she bought a cast-off brown gelding named Tarzan, donned men's dungarees, and headed south in mid-November, hoping to beat the snow. Annie had little idea what to expect beyond her rural crossroads; she didn't even have a map. But she did have her ex-racehorse, her faithful mutt, and her own unfailing belief that Americans would treat a stranger with kindness. Annie, Tarzan, and her dog, Depeche Toi, rode straight into a world transformed by the rapid construction of modern highways. Between 1954 and 1956, the three travelers pushed through blizzards, forded rivers, climbed mountains, and clung to the narrow shoulder as cars whipped by them at terrifying speeds. Annie rode more than four thousand miles, through America's big cities and small towns. Along the way, she met ordinary people and celebrities—from Andrew Wyeth (who sketched Tarzan) to Art Linkletter and Groucho Marx. She received many offers—a permanent home at a riding stable in New Jersey, a job at a gas station in rural Kentucky, even a marriage proposal from a Wyoming rancher. In a decade when car ownership nearly tripled, when television's influence was expanding fast, when homeowners began locking their doors, Annie and her four-footed companions inspired an outpouring of neighborliness in a rapidly changing world.

One week is all we were supposed to share. One week as strangers. All the things you did differently irked me. I thought it meant we couldn't get along, that there was no chance we'd work out. But when it came time for me to leave, you know what I figured out? You were my echo. My call back. And damn it if I didn't find home in the end.

Most assumed Jason Carter lived a wonderful life.

Remarkable wife. Amazing kids. And an oversized house close to the country club. But something reeked.

While discussing thoughts of suicide, a renowned psychiatrist pinpoints the musky sock floating in the soup-his unchecked drinking. Days later, bristling from

her rubber-stamped diagnosis, he sets off driving from Texas to Telluride, searching for clarity. Hypnotized by

the open road, he finds himself wheeling through a sequence of toxic vignettes that accelerated his ruin.

His balmy adolescence, wrecked by divorce. The maddening demise of his complicated father. Flapping

untethered through teen hurricanes. Bumbling through college. Chasing fool's gold from Manhattan to LA.

Getting married, when his self-destructive drinking bloomed like a towering autumn crocus. To Hell I Ride

is a determined, darkly comedic journey into extreme self-awareness. As Jason explores his past, he confronts

the interpersonal demons haunting him today.

Hyperobservant and brutally honest, he bares it all-how alcohol crept into his life, the wolfish anguish lurking

inside each drink, and the sacred truth shielding him from salvation. Like an unsparing highlight reel

reminiscent of Back to the Future meets The Shining,

clip by clip, Jason watches himself evolve into the man he wants to kill.

"A Long Ride Coming" is a deeply personal memoir filled with poignancy and tinged with wry humor. The book takes the reader on a 1,900 mile bicycle ride from the Golden Gate Bridge to the Mexican border and then from Canada through Washington, Oregon, and California. The journey meets steep, challenging terrain and memorable, once-in-a-lifetime characters. But the book is much more than a story about a bicycle trip. "A Long Ride Coming" unveils a tribute to a father who died when the author was just 18 years old. When told

by a doctor to keep the news of his father's terminal illness a secret, the deception led to nearly 50 years of regret and despair. Testing his stamina and age, the bike ride begins at the Golden Gate Bridge on September 11, 2014 and ends nearly exactly one year later on the Golden Gate. In between, the author finds solace and a fitting tribute to a father who died too soon. From the book: The doctor left the room and left my mother, my brother, and myself to fend for ourselves. Fend off such assaults as when just a few days later, the surgeon summoned us to his office. My father was still in the hospital, still reeling from his surgery, when the doctor in all of his professorial genius opined that we were not to tell my father of his terminal disease. "Keep it to yourselves," he said in whispered, conspiratorial, haunting tones. "The patient shouldn't know. If he did, his last few months would be even more uncomfortable." So when my father returned home and for a brief time felt good and hopeful, even going back to work for several days, his wife and two sons had the insufferable burden of lying to him. "I'm so damn glad the worst part is over," he'd say during his short reprieve. "I told you I'm going to beat this thing..." But we were committed to obeying doctor's orders, committed to the code of silence. Things that happen to you in the past can mold you into someone you

**NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR Robert Iger became CEO of The Walt Disney Company in 2005, during a difficult time. Competition was more intense than ever and technology was changing faster than at any time in the company's history. His vision came down to three clear ideas:**

In *The Ride of a Lifetime*, Robert Iger shares the lessons he learned while running Disney and leading its 220,000-plus employees, and he explores the principles that are necessary for true leadership, including:**

"A wondrous, sparkling fusion of wisdom and insight." - Patricia Santhuff  
What do the wonderful myths of ancient Greece, the beautiful stories in the Bible and Qur'an, and all the sacred stories from traditions around the world, have in

common? They open our hearts to wonder, mystery, passion, and joy. I know, on the outside these stories seem very different, confusing, conflicting, and often violent and divisive. But when read symbolically and internally, they are all telling the same story. They show us the path of spiritual awakening and enlightenment. Sometimes the story is called "Returning to the Promised Land." Sometimes it's called "Seeking the Holy Grail." Sometimes it's called "Persephone's Return to Olympus." But whatever it's called, the inner meaning and purpose is always the same. The stories are all a call to awaken, to live passionately and consciously, and to enter the door that leads to enlightenment and communion with the divine. The door is always open. The light is always ready to receive us. But we have to learn how to tread the path! Fortunately, that's what all the sacred stories are really about. THE DOOR IS OPEN uncovers the 7 Universal Steps that are found within the symbols and allegories of all great mythology and scripture. Each chapter ends with a series of practical and enjoyable spiritual exercises and activities. You can do this work on your own, or together with a group. Synopsis Rest Stop is a 250 page realistic novel based on real characters I knew while I served my time in prison. It is about the convicts I lived with on a daily basis. The book starts off in prison and gives insight of the living conditions. It tells of the games that are needed in order to survive. It explains the brotherhood that forms between cell mates and the cliques you become part of, not by choice but out of necessity. Following a fight and a stabbing, the four inmates who are held responsible are being transported from a minimum security location to the main prison when they escape. The escape convicts come up with a plan to take

over a rest-area on Interstate 15. It was just a few miles from Las Vegas. They figured that the people going to Vegas would have lots of cash on them. Their plan was to rob them and use the money to get out of the country. It is a long way from Oregon State Penitentiary to Las Vegas. A big part of the story takes place on the trip to get to the rest stop, with robbery, murder and rape along the way. The driving force behind the story is the dialog and vivid thought process, not only from the convicts but from the victims. Each chapter gives insight to the mind set and words of the escaped convicts, along with the Warden, the State Police and the Federal agent who is always just one step behind the inmates. The novel begins with a thrilling, fast paced opening. It holds the excited pace up to an unforgettably tense conclusion. Each chapter ends in a poem I wrote while in prison and coincides with the story. The epilogue leaves room for a sequel for a second book. Life Is a Ride

"In 1954, Annie Wilkins, a sixty-three-year-old farmer from Maine, embarked on an impossible journey. She had no relatives left, she'd lost her family farm to back taxes, and her doctor had just given her two years to live--but only if she 'lived restfully.' ... Instead, she decided she wanted to see the Pacific Ocean just once before she died. She bought a cast-off brown gelding named Tarzan, donned men's dungarees, loaded up her

horse, and headed out from Maine in mid-November, hoping to beat the snow. She had no map, no GPS, no phone. But she had her ex-racehorse, her faithful mutt, and her own unfailing belief that Americans would treat a stranger with kindness"--

Rural Rides is the book for which the English journalist, agriculturist and political reformer William Cobbett is best known. At the time of writing Rural Rides, in the early 1820s, Cobbett was a radical anti-Corn Law campaigner. He embarked on a series of journeys by horseback through the countryside of Southeast England and the English Midlands. He wrote down what he saw from the points of view both of a farmer and a social reformer. The result documents the early 19th-century countryside and its people as well as giving free vent to Cobbett's opinions
