Own or Other Culture challenges those anthropologists who suggest that fieldwork in the 'West' is easy or merely a reiteration of what is already 'known' to either Westerners or non Westerners. Revealing some pioneering articles in social anthropology written over a period of twenty years, Judith Okely discusses selected themes which include: * questions of reflexivity and autobiography * anthropology in Europe * the cultural location of the anthropologist * feminism in anthropology. Illustrated with photographs. Own or Other Culture covers subjects ranging from the author's own boarding school revealing a British exotica and colonial comparisons, to how Gypsies, who treat non-Gypsies as the 'other', act to create or manipulate cultural difference. Feminist anthropology is developed in a reassessment of de Beauvoir and Kaberry while gender and bodily experience is explored in the face of popular demands by women readers for cross-cultural examples.

A twisted collection of short stories that will slather your eyeballs with a sticky coating of horror! Reading this book is almost as fun as owning your very own "sex mogul"! From the author who brought you The House That Dripped Gore, And They All Died Screaming, Island of the People Drinkers and Monsturd: The movie tie-in novelization comes this truly warped, book-shaped thing with words and pictures printed on it.

Explains the origins and meanings of popular phrases

This collection will appeal to everyone who has ever wondered about the origin of phrases like "all part of life's rich pattern" and "long time no see". It covers a wide range of catch phrases in current use in all parts of the English-speaking world. Most entries are drawn from the second edition of Eric Partridge's Dictionary of Catch Phrases (second edition, edited by Paul Beale), but have been completely rewritten in the light of recent research, and there are many additions. Catch Phrases include: close your eyes and think of England! have I got news for you! ... refreshes the Paris that other ... cannot reach some mothers do've'en! you are awful, but I like you.

Re-issued in tribute to the late Gerry Marshall, one of the greatest personalities ever to grace the British club motorsport scene, this wonderfully entertaining book, first published in 1978, captures perfectly the character of one of life's great entertainers. Gerry's outrageous behavior, humor, outspokenness and legendary capacity for alcohol combined to ensure that no social event with his presence will ever be forgotten, while his amazing car control, tenacity and natural showmanship provided wonderful entertainment for thousands of racegoers over a 40-year career in which he won more than 600 races. A celebration of the life of one of motor racing's all too rare characters.

From Oscar Wilde's witty observation in Lady Windermere's Fan that 'I can resist everything except temptation', to Zsa Zsa Gabor's admission that 'I know nothing about sex, because I was always married', and by way of Woody Allen's numerous bon mots to the anonymous definition of psychiatry as being 'the care of the id by the odd', Connie Robertson has woven together a hilarious, stimulating and thought-provoking collection of the best humorous quotations which will provide the reader with much to ponder over long after the book has been put aside.The Wordsworth Book of Humorous Quotations will delight the browser and the simply curious while also providing the student, journalist and after-dinner speaker with a wealth of valuable material.

From Widgets to Digits is about the changing nature of the employment relationship and its implications for labor and employment law. For most of the twentieth century, employers fostered long-term employment relationships through the use of implicit promises of job security, well-defined hierarchical job ladders, and longevity-based wage and benefit schemes. Today s employers no longer value longevity or seek to encourage long-term attachment between the employee and the firm. Instead employers seek flexibility in their employment relationships. As a result, employees now operate as free agents in a boundaryless workplace, in which they move across departmental lines within firms, and across firm borders, throughout their working lives. Today s challenge is to find a means to provide workers with continuity in wages, on-going training opportunities, sustainable and transferable skills, unambiguous ownership of their human capital, portable benefits, and an infrastructure of support structures to enable them to weather career transitions.

This book presents a broad sociological perspective on the contemporary issues facing Christian monasticism. Since the founding work of Max Weber, the sociology of monasticism has received little attention. However, the field is now being revitalized by some new research. Focusing on Christian monks and nuns, the contributors explore continuity and discontinuity with the past in what superficially might appear a monolithic tradition. Contributors speak not only about monasticism in Europe and the United States but also in Africa and Latin America, a different landscape where the question of recruitment does not figure among issues considered as problematic.

The Basics of English Usage

This is a guide to English usage for readers and writers, professional and amateur, established and aspiring, formal trainees and those trying to break in; students of English, both language and literature, and their teachers. In Quite Literally, Wynford Hicks answers questions like: What's an alibi, a bete noire, a celibate, a dilemma? Should underway be two words? Is the word 'meretricious' worth using at all? How do you spell realise - with an s or a z - and should bete be bête? Should you split infinitives, end sentences with prepositions, start them with conjunctions? What about four-letter words, euphemisms, foreign words, Americanisms, clichés, slang, jargon? And does the Queen speak the Queen's English? The advice given can be applied to both formal speech - what is carefully considered, broadcast, presented, scripted or prepared for delivery to a public audience - and will even enhance your everyday language too! Practical and fun, whether to improve your writing for professional purposes or simply enjoy exploring the highways and byways of English usage, readers from all walks of life will find this book both invaluable and enjoyable.

A detective looks into a skeleton in a Scottish cemetery—and, perhaps, into his own family's past—in this “top-notch police-procedural” (Richmond Times-Dispatch). When a woman's bones are discovered in a grave in St. Andrews—with no coffin and no marker—DCI Andy Gilchrist is tasked with finding her murderer. But a psychic's warnings and markings on a rusted cigarette lighter found among the rotted remains take Gilchrist on a journey into his own past—providing a link to his own brother's death in a hit-and-run case some thirty-five years earlier . . .

Are you a real foodie? Is your food and drink knowledge your real bread and butter or are you just full of stuffing? Do you know the difference between a Red Leicester and a Double Gloucester? Provence today is a state of mind as much as a region of France, promising clear skies and bright sun, gentle breezes scented with lavender and wild herbs, scenery alternately bold and intricate, and delicious foods served alongside heady wines. Yet in the mid-twentieth century, a travel guide called the region a "mostly dry, scrubby, rocky, arid land." How, then, did Provence become a land of desire—an alluring landscape for the American holiday? In A Taste for Provence, historian Helen Lefkowitz Horowitz digs into this question and spins a wonderfully appealing tale of how Provence became Provence. The region had previously been regarded as a backwater and known only for its Roman ruins, but in the postwar era authors, chefs, food writers, visual artists, purveyors of goods, and travel magazines crafted a new, alluring image for Provence. Soon, the travel industry learned that there were many ways to roam—and some even involved sitting still. The promise of longer stays where one cooked fresh food from storied outdoor markets became desirable as American travelers sought new tastes and unadulterated ingredients. Even as she revels in its atmosphere, cultural, and culinary attractions, Horowitz demystifies Provence and the perpetuation of its image today. Guiding readers through books, magazines, and cookbooks, she takes us on a tour of Provence pitched as a new Eden, and she dives into the records of a wide range of visual media—paintings, photographs, television, and film—demonstrating what fueled American enthusiasm for the region. Beginning in the 1970s, Provence—for a summer, a month, or even just a week or two—became a dream for many Americans. Even today as a road well traveled, Provence continues to enchant travelers, armchair and actual alike.

A catch phrase is a well-known, frequently-used phrase or saying that has 'caught on' or become popular over along period of time. It is often witty or philosophical and this Dictionary gathers together over 7,000 such phrases.

Television-program host Serena Sandstone already has her bags checked for her flight out of Anchorage when she sees the "White Wolf"—and his allml attraction is overpowering... Serena attributes her intense interest in sexy, scruffy bush pilot Max Taggart to journalistic instincts about his shadowy past. Right. She's prepared to go pretty far to get his story—and he's prepared to let her. Before long, they're feeling the heat in the Land of the Midnight Sun, until Max's past triggers a fight for survival neither of them ever expected!

Pascoe's wife became a moving target in this "delightfully quirky, literate, often explosively funny" mystery in the acclaimed series (Publishers Weekly). Reginald Hill "raised the classical British mystery to new heights" when he introduced pugacious Yorkshire Det. Inspector Andrew Dalziel and his partner, the callow Sgt. Peter Pascoe (The New York Times Book Review). Their chafing differences in education, manners, technique, and temperament made them "the most remarkable duo in the annals of crime fiction" (Toronto Star). Adapted into a long-running hit show for the BBC, the Gold Dagger Award-winning series is now available as ebooks. Ellie Pascoe is a novelist, former campus radical, overprotective mother—and as an inspector's wife, on high alert of suspicious behavior. When she thwarts an abduction plot, her husband, Peter, and his partner, Andrew Dalziel, assume a link to one of their past cases. An attack on Ellie's best friend, Daphne, and a series of threatening letters from Ellie's foiled kidnapers prove them wrong. Packed off to an isolated seaside safe place, Ellie, Daphne, and their bodyguard, DC Shirley Novello, aren't about to lie in wait for the culprits' next move. They're on the offensive. No matter how calculated their plot of retaliation is, they have no idea just how desperately someone wants Ellie out of the picture. Or how insanely epic the reasons are. Arms and the Women is the 19th book in the Dalziel and Pascoe Mysteries, but you may enjoy reading the series in any order.

Why do so many people go on about queuing? Have we always been obsessed with traffic? And why do so many of us now eat lunch at our computers - al desko? We spend our days catching buses and trains, writing emails, shopping, queuing..But we know almost nothing about these activities. Exploring the history of these subjects as they come up during a typical day, starting with eating breakfast and ending with sleeping, Joe Moran tells a story about hidden social and cultural changes in Britain since the Second World War. Drawing on his academic research on everyday life, but writing with wit and lucidity for a popular audience, he shows that we know less about ourselves than we think...

They raise acute questions about how we relate local knowledge and immediate experience to wider global processes, and they both play a major role in creating our map of national and international cultures. Adopting a multidisciplinary approach, this book explores the interactions between tourism and media practices within a contemporary culture in which the consumption of images has become increasingly significant. A number of common themes and concerns arise, and the contributions included are divided between those: written from media studies awareness perspective, concerned with the way the media imagines travel and tourism written from the point of view of the study of tourism, considering how tourism practices are affected or altered by the media that attempt a direct comparison between the practices of tourism and the media. Incorporating case study material from the UK, the Caribbean, Australia, the US, France and Switzerland, this significant text - ideal for students of culture, media and tourism studies - discusses tourism and the media as separate processes through which identity is constructed in relation to space and place.

Skint! Broke! Pennyless! Hard-up! Willie Arkenhwaite, an ignorant, rude and terribly crude dyehouse worker in Murgatroyd ' s Mill is feeling a bit poor after his Christmas break and returns to work a troubled man. Not only does he have to put with the nagging mother-in-law at home, but he has a family (and pigeons) to look after and he fears next Christmas will be just as tight. Until one day this normally docile and inarticulate man does something he ' s never done before – he has an idea. Willie wants to start a Christmas savings club. So what does he know about running a club? Nothing. What does he know about setting up a committee? Nothing. Has he ever saved before? Definitely not. Luckily his best friend, Arthur Baxter, who has visions of grandeur, is a little bit more organised and is able to help Willie along and before he knows it, he ' s the Treasurer. What does he know about being a Treasurer? Nothing. So how on earth will this man be able to collect his wits about him and make next Christmas better for everyone? Well, with the help of his whimsical friends and workmates, a kind and generous mill boss and a eclectic local Yorkshire village community (and not forgetting his tolerant wife), he might just be able to pull it off although you can guarantee, where Willie ' s concerned, there ' s bound to be some mishaps on the way.

During World War One, the city of Coventry was a powerhouse that kept the barrels loaded and the engines of war purring. An industrial giant, Coventry produced munitions by the million and built tanks, aircraft and fighting vehicles of every description. It never slept.Coventry in the Great War commemorates the centenary of the outbreak of the conflict in 1914, telling the dour and unglided story of the people who laboured and endured for over four grueling years. This eclectic narrative of the lives of city residents and incomers alike is juxtaposed with often-bloody accounts from the many theatres of war to give a representative and nuanced picture of one of the darkest chapters in world history. The 100th anniversary of the firing of the first fateful bullet is not a time for celebration but rather an opportunity for quiet reflection and studied lesson learning. The 2,599 men of Coventry who died in the cause of freedom deserve no less. During the First World War, the advanced state of the machine tooling industry in the city meant that pre-war production could quickly be turned to war production purposes, with the Coventry Ordnance Works assuming the role of one of the leading production centres in the UK, manufacturing a quarter of all British aircraft produced during the war.But the experience of war also impacted on the inhabitants of the area, from the initial enthusiasm for sorting out the German Kaiser in time for Christmas 1914, to the gradual realization of the enormity of human sacrifice the families of Coventry were committed to as the war stretched out over the next four years. The Great War affected everyone. At home there were wounded soldiers in military hospitals, refugees from Belgium and later on German prisoners of war. There were food and fuel shortages and disruption to schooling. The role of women changed dramatically and they undertook a variety of work undreamed of in peacetime. Extracts from contemporary letters reveal their heroism and give insights into what it was like under battle conditions.

This absorbing collection of metaphors includes a variety of expressions with figurative meanings, like smiles, proverbs, slang and catchphrases. It is the result of a lifetime of work on dialect and metaphor and gives an overview of the folk wisdom expressed in figurative expressions. The author draws on his extensive contact with the rural cultures of Dorset, Cornwall, Yorkshire and Lancashire, but has also included a range of sayings from North America, Australia, Scotland and other English speaking countries. With revised contents and an improved index to make individual entries easier to find, the Concise can be used to check the meaning and the origin of an expression or to avoid mixed metaphors, anachronisms and incongruities. It is a joy to browse long after your original query has been answered.
