Just when things seem to be going swimmingly, Lily Sanderson's human-hating cousin Dosinia is exiled from the mer kingdom of Thalassinia and sent to land, leaving Lily with the huge task of keeping her on the straight and narrow. But why was Dosinia exiled in the first place? And why, why, why is she batting her eyelashes at Brody, Lily's former crush? As if her bratty cousin weren't enough to handle, the reappearance of a merboy from Lily's past makes her question her decision to renounce her kingdom and stay on land with her boyfriend, Quince.

Now in its 8th edition, Pro ASP.NET Core has been thoroughly updated for ASP.NET Core 3 and online for ASP.NET Core 5 and .NET 5.0. This comprehensive, full-color guide is the only book you need to learn ASP.NET Core development. Professional developers get ready to produce leaner applications for the ASP.NET Core platform. This edition puts ASP.NET Core 3 into context, and takes a deep dive into the tools and techniques required to build modern, extensible web applications. New features and capabilities such as MVC 3, Razor Pages, Blazor Server, and Blazor WebAssembly are covered, along with demonstrations of how they can be applied in practice. Following the same popular format and style found in previous editions, author Adam Freeman explains how to get the most out of ASP.NET Core 3. Starting with the nuts-and-bolts topics, he teaches readers about middleware components, built-in services, request model binding, and more. Moving along, he introduces increasingly more complex topics and advanced features, including endpoint routing and dependency injection. Written for professionals wanting to incorporate the latest functionality of ASP.NET Core 3 into their projects, this book also serves as a complete reference on ASP.NET Core. Beginners with some background in Microsoft web development will also greatly benefit from the in-depth coverage provided throughout. What You Will Learn: Build a solid foundation and skill set for working with the entire ASP.NET Core platformApply ASP.NET Core 3 and ASP.NET Core 5 features in your developer environment; plentiful reusable templatesSee how to create RESTful web services, web applications, and client-side applicationsLeverage existing knowledge to efficiently get up and running with new programming models Adam Freeman is an experienced IT professional who has held senior positions in a range of companies, most recently serving as chief technology officer and chief operating officer of a global bank. Now retired, he spends his time writing and long-distance running. “The Rolls-Royce of ASP.NET books, (or if you're American, the Cadillac). Very thorough!” Les Jackson, MCSD, DotNet Playbook “The author’s instruction is direct, easy to understand and supplemented with clear code examples... Whether you are a beginner learning ASP.NET Core 3.1 app development, or an experienced professional ready to master advanced concepts, I consider this book a ‘must have’ for you!” Jeremy Likness, Senior Program Manager, Microsoft “...the best single resource for teaching MVC web apps using ASP.NET. “ Charles Carter, MSCS, MSwE, JD, Cloud Application Development Instructor, Microsoft Software and Systems Academy

👉 55% OFF for BookStore NOW at \$ 30,95 instead of \$ 40,95!👉 The salad diet is an excellent remedy to get rid of extra kilos and say goodbye to a swollen belly and heavy legs. Moreover, it is also a precious help to fight cellulite. It is ideal not only in summer but in all periods of the year. Indicated especially after the Christmas holidays, it is very easy to follow. It is very popular among those who have little time to prepare lunch and those who, for work, are forced to eat out. If followed correctly, it is able to lose up to 5 kg in a week. In order to enjoy its slimming effect, nutritionists suggest eating it at the beginning of a meal. This is a very popular habit among the French, definitely healthy because it hides several benefits for the body. First of all, eating it before lunch or dinner gives a sense of great satiety, which leads us not to overdo with the possible following courses, usually rich in carbohydrates and fats. Here is what happens to those who eat lettuce This also allows to shorten the time of digestion and effectively stimulate the metabolism. In this way, it helps to control blood sugar levels. In fact, the fiber contained in the salad allows you to absorb less fat and carbohydrates in favor of the nutrients that are subsequently taken. A salad diet allows for varying one's nutrition in a creative way. There are many types of salad that can be combined in a tasty way with vegetables and dried fruits. The most used varieties of salad are lettuce, escarole, iceberg, radicchio, and arugula. In this cookbook, you will find a wide variety of salads revisited by me personally, and you will surely find recipes that will suit you both in terms of preparation and enjoyment. All these different types allow, in equal measure, to fill up with nutrients and vitamins essential for the sustenance of our body. Here are the main benefits of salad: purifies the body: source of water and very little fat, it eliminates toxins and excess waste; it fights constipation: it brings precious fibers. Ideal for those who suffer from chronic constipation; antioxidant effect: especially green salads are rich in vitamins E and C, folic acid, lycopene, and beta carotene. It is these nutrients that counteract cellular aging, as well as stimulate blood circulation; anti-tumor action: source of flavonoids, a valuable aid against the formation of cancer cells; defeats tiredness and stress: eating salad regularly allows to fill up with minerals such as potassium, magnesium, calcium-phosphorus as well as vitamin B6. The latter is useful, especially in periods of both physical and mental fatigue; help against migraine: lettuce, in particular, contains a substance called lactucarium that relieves headaches. Start now this new path, build your daily diet thanks to the wide variety of salads that you will find here. Buy is NOW and let your Customers get addicted to this amazing book! Hyperbaric oxygen application has now become a useful technique for both diagnostic and therapeutic purposes in CNS, cardiovascular and respiratory diseases, as well as in soft-tissue and orthopaedic pathologies and haematologic disorders. With a specific didactic approach, supported by numerous illustrations and tables, this volume aims to present all aspects of oxygen application under pressure not only to resolve some clinical problems, but also to improve recovery or to modify a negative illness evolution. Financial Trading and Investing, Second Edition, delivers the most current information on trading and market microstructure for undergraduate and master’s students. Without demanding a background in econometrics, it explores alternative markets and highlights recent regulatory developments, implementations, institutions and debates. New explanations of controversial trading tactics (and blunders), such as high-frequency trading, dark liquidity pools, fat fingers, insider trading, and flash orders emphasize links between the history of financial regulation and events in financial markets. New sections on valuation and hedging techniques, particularly with respect to fixed income and derivatives markets, accompany updated regulatory information. In addition, new case studies and additional exercises are included on a website that has been revised, expanded and updated. Combining theory and application, the book provides the only up-to-date, practical beginner's introduction to today's investment tools and markets. Concentrates on trading, trading institutions, markets and the institutions that facilitate and regulate trading activities Introduces foundational topics relating to trading and securities markets, including auctions, market microstructure, the roles of information and inventories, behavioral finance, market efficiency, risk, arbitrage, trading technology, trading regulation and ECNs Covers market and technology advances and innovations, such as execution algo trading, Designated Market Makers (DMMs), Supplemental Liquidity Providers (SLPs), and the Super Display Book system (SDBK)

This book deals with all aspects of advanced composite materials; what they are, where they are used, how they are made, their properties, how they are designed and analyzed, and how they perform in-service. It covers both continuous and discontinuous fiber composites fabricated from polymer, metal, and ceramic matrices, with an emphasis on continuous fiber polymer matrix composites.

April Dunne has survived murder, tragedy and the near-complete destruction of her life as she knew it ... now it's time to solve the Ravenwood mystery once and for all. Colonel Ridge Zirkander isn ’ t the model of military professionalism—he has a tendency to say exactly what ’ s on his mind, and his record has enough demerits to wallpaper the hull of an airship—but as the best fighter pilot in the Iskandian army, he ’ s used to a little leniency from his superiors. Until he punches the wrong diplomat in the nose and finds himself issued new orders: take command of a remote prison mine in the inhospitable Ice Blades Mountains. Ridge has never been in charge of anything larger than a flier squadron—what ’ s he supposed to do with a frozen fortress full of murderers and rapists? Not to mention the strange woman who shows up right before he arrives... Sardelle Terushan wakes from three hundred years in a mage stasis shelter, only to realize that she is the last of the Referatu, the sorcerers who once helped protect Iskandia from conquerors. Their subterranean mountain community was blown up in a treacherous sneak attack by soldiers who feared their power. Everyone Sardelle ever knew is dead, and the sentient soulblade she has been bonded to since her youth is buried in the core of the mountain. Further, what remains of her home has been infested by bloodthirsty miners commanded by the descendants of the very soldiers who destroyed her people. Sardelle needs help to reach her soulblade—her only link to her past and her last friend in the world. Her only hope is to pretend she ’ s one of the prisoners while trying to gain the commander ’ s trust. But lying isn ’ t her specialty, especially when the world has changed so much in the intervening centuries, and if

Colonel Zirkander figures out who she truly is, he ’ ll be duty-bound to sentence her to the only acceptable punishment for sorcerers: death.

"[Zhená] Muzyka's charisma leaps off the pages of this unconventional, touching, and personal guide to success" (Publishers Weekly), featuring seventeen soulful lessons and simple rituals for finding your life's purpose, improving your relationships, and becoming healthier—all in the time it takes to drink a cup of tea. Drawing on lessons she's learned throughout her amazing and sometimes difficult life journey, the social entrepreneur and founder of Zhená's Gypsy Tea shares seventeen soulful lessons to help you overcome obstacles, clarify your purpose, and bring awareness to each moment of your life. An inspiring roadmap for discovering the secrets of happiness and success for yourself at any stage in life, Life By the Cup's message is that, no matter where you are, you can change your circumstances and live your dreams. As a twenty-four-year-old single mom, Zhená had an infant in need of life-saving surgery and only six dollars in her wallet. She also had two other powerful motivators: hope and a passion to share her unique tea blends with the world. Combining her kitchen hobby of blending tea, her knowledge of herbs and aromatherapy, and her gypsy grandmother's wisdom, Zhená started selling custom teas from a cart on California street corners. Now, over a decade later, her son is healthy and Zhená's Gypsy Tea is a multimillion-dollar brand. Zhená's insights and gentle guidance will inspire you to increase your compassion toward others as well as yourself. You'll also gain wisdom on how to hone your intuition, ask for help, and live out your true purpose without drastically changing the way you live. Discover your calling, bolster your courage, develop your own flavor of success, and you'll see your own passion make a meaningful difference in the world.

A new edition of a book, written in a humorous question-and-answer style, that shows how to implement and use an elegant little programming language for logic programming. The goal of this book is to show the beauty and elegance of relational programming, which captures the essence of logic programming. The book shows how to implement a relational programming language in Scheme, or in any other functional language, and demonstrates the remarkable flexibility of the resulting relational programs. As in the first edition, the pedagogical method is a series of questions and answers, which proceed with the characteristic humor that marked The Little Schemer and The Seasoned Schemer. Familiarity with a functional language or with the first five chapters of The Little Schemer is assumed. For this second edition, the authors have greatly simplified the programming language used in the book, as well as the implementation of the language. In addition to revising the text extensively, and simplifying and revising the "Laws" and "Commandments," they have added explicit "Translation" rules to ease translation of Scheme functions into relations.

So, if you want to avoid becoming a total bell-end, then calm your tits, and simply take the medicine KSI is dishing up.

Following on from Graham Bizley's successful Architecture in Detail, Architecture in Detail II presents 40 case studies of detailing on recent construction projects. Over 150 full colour drawings and photos provide a reference compendium for the professional architect seeking detailing inspiration. Originally featured in Building Design's In Detail magazine, the included projects represent some of the most interesting and innovative techniques in recent architecture. Graham Bizley's beautifully presented detail drawings allow the architect to easily see how ideas and techniques can be applied to other projects. The book is organised by building type for quick and easy reference.
