you will need to learn the basics of the game and to start earning a handsome income consistently every month. The vast majority of retail traders in the stock market keep away from trading options believing that options are too complex and too risky to indulge in. Most of the few that venture out into this terrain with half-baked knowledge usually end up with substantial losses over the long term because they simply do not know the safe strategies that one needs to deploy in this space. If you are somebody who has shied away from options trading in the past thinking it is beyond comprehension or because you always ended losing money while trading options, then this is the right book for you. make money through trading options. Please understand that this is not a get rich quick scheme, neither is it a lottery ticket to quick success. If that is what you are looking for, you have chosen the wrong book. You are not going to make an investment today and wake up a millionaire tomorrow. First of all, you need to do a bit of work and invest some time educating yourself about it and second, you need to have some patience. People like Warren Buffet became who they are today because of hard work. Mr Buffet is an avid reader, and states that he spends 80% of his day reading! This is the only way you are going to acquire the knowledge you need

*Do you aspire to take an expensive course to learn to trade options? You should read this book first. It can save you a lot of money and time. The internet has totally revolutionized the way options trading is learned and executed. The online trading companies are now so advanced and competitive. They offer free and powerful software to attract new customers. The same software trading platforms and data used to be so expensive only the pros could afford them. This book takes you through the basics. It aims for individual investors who'll be trading online. The investors who yearn to pay the lowest commissions possible. The task of this book is to get you up and running. Then lead you through the basics to becoming an intermediate level trader. Technology, as it is now, makes learning options easy. What*

*If you've always wanted to learn how Options Trading works and understand every aspect of it in a short time to achieve the desired profits, then keep reading. Would you like to make major stock market profits, only having to invest hundreds of dollars, rather than having to spend years and thousands of dollars methodically investing? What if you could earn an ROI of 40%, 50%, or even 100%? Would you like to earn regular income on a weekly basis from the stock market? All of this and more is possible while trading options. Sadly, few individual traders understand what options are even if they know they exist. Options trading has long been seen as too hard for the guy or gal off the street to understand, and it has long seemed to be an insider's game. What if I told you that anyone can trade options and earn*
