"Taking off on a horse into the Mongolian Steppe sounds like the bracing inverse to an overpopulated, busy urban life, but having the skills and grit to pull it off is another thing entirely. . . . Lara Prior-Palmer attempted the Mongol Derby not really knowing what she was getting into; she ended it knowing much more about herself, and a race champion besides." —Estelle Tang, Elle At the age of nineteen, Lara Prior-Palmer discovered a website devoted to "the world's longest, toughest horse race"—an annual competition of endurance and skill that involves dozens of riders racing a series of twenty-five wild ponies across 1,000 kilometers of Mongolian grassland. On a whim, she decided to enter the race. As she boarded a plane to East Asia, she was utterly unprepared for what awaited her. Riders often spend years preparing to compete in the Mongol Derby, a course that re-creates the horse messenger system developed by Genghis Khan. Many fail to finish. Prior-Palmer had no formal training. She was driven by her own restlessness, stubbornness, and a lifelong love of horses. She raced for ten days through extreme heat and terrifying storms, catching a few hours of sleep where she could at the homes of nomadic families. Battling bouts of illness and dehydration, exhaustion and bruising falls, she decided she had nothing to lose. Each dawn she rode out again on a fresh horse scrambling up mountains, swimming through rivers, crossing woodlands and wetlands, arid dunes and open steppe, as American television crews chased her in their jeeps. Told with terrific suspense and style, in a voice full of poetry and soul, *Rough Magic* captures the extraordinary story of one young woman who forged ahead, against all odds, to become the first female winner of this breathtaking race. "Think the next *Educated* or *Wild*. Palmer's memoir of beating the odds to become a horse champion is an inspiring saga of

Cielo Drive cuts like a beautiful scar along the bottom of a V-shaped canyon in the hills of Bel Air, off of Benedict. In February, 1969, as she looked out on it from the red farmhouse at 10050 Cielo she and her husband Roman Polanski had just rented, Sharon had no way of knowing that she only had 6 months to live. On the night of August 9th, members of "The Manson Family" would invade that house and murder Sharon and three of her closest friends. But strangely, half a year earlier she'd had a brush with a different killer. It happened after her younger sister Patti, then 11, looked across at the ominous Spanish-Moorish estate Sharon called "The Haunted House." In "Restless Souls," their remarkable memoir, Alisa Statmen and Brie Tate write that Patti then hiked down and across Cielo, walking up to No. 1436 Bella Drive. There, she encountered an open gate where white pillars bore the name: Falcon Lair. Once the home of Rudolf Valentino, it had been purchased in 1953 by

the fabulously wealthy heiress Doris Duke. The wrought iron gates were open when Patti wandered inside. Suddenly, she heard the caretaker yell, "This is private property!" Startled, she turned and lost her balance, skinning her knee, when just then, a black limo pulled in. A tinted window went down and a tall woman in black lowered her sunglasses to ask who she was. Once she ID'd herself as Patti, whose sister Sharon lived "across in the red barn," Doris knew that this wasn't just any child. She was the sibling of the hottest young star in town. So Doris snapped to the caretaker, "Stop being such an ogre and bring Patti in, so we can clean those scraps. And get me the Polanski's phone number." Later, the Duke staff was bandaging Patti's knee when Sharon arrived, "nervously chewing her lower lip" and apologizing to the blond billionaire who was the 3rd richest woman in the world behind Queen Elizabeth & Queen Juliana. But by then, Sharon Tate was Hollywood royalty herself; her husband Roman, coming off "Rosemary's Baby," was a kind of cinematic prince. So why was she nervous? What would make her bite her lip in the face of a woman whose caretaker's aggressive warning had caused her little sister to draw blood? Since Sharon was killed that summer we'll never know. But one thing is clear: this wasn't the first time Sharon Tate had been pulled into Doris Duke's orbit. 2 1/2 years earlier, one of Sharon's closest friends, Eduardo Tirella, had been violently killed after Doris crushed him under a two-ton station wagon. At the time, all of Eduardo's friends suspected he'd been murdered. The brutal stabbing of Sharon Tate is the tragic tale of a young woman of great promise cut down in the prime of life. But the same could be said for Eduardo, whose own Hollywood career was just catching fire, when he told the possessive, heir she was leaving her, just minutes before she ran him down outside the gates of her Newport, RI estate. Because she had the money and power, Doris Duke succeeded in effectively erasing his death from the narrative of her troubled life. For more than 50 years, the real truth behind what happened at Rough Point in 1966 has

#1 New York Times Bestseller "Go Set a Watchman is such an important book, perhaps the most important novel on race to come out of the white South in decades." — New York Times A landmark novel by Harper Lee, set two decades after her beloved Pulitzer Prize-winning masterpiece, *To Kill a Mockingbird*. Twenty-six-year-old Jean Louise Finch—"Scout"—returns home to Maycomb, Alabama from New York City to visit her aging father, Atticus. Set against the backdrop of the civil rights tensions and political turmoil that were transforming the South, Jean Louise's homecoming turns bittersweet when she learns disturbing truths about her close-knit family, the town, and the people dearest to her. Memories from her childhood flood back, and her values and assumptions are thrown into doubt. Featuring many of the iconic characters from *To Kill a Mockingbird*, *Go Set a Watchman* perfectly captures a young woman, and a world, in painful yet necessary transition out of the illusions of the past—a journey that can only be guided by one's own conscience. Written in the mid-1950s, *Go Set a Watchman* imparts a fuller, richer understanding and appreciation of the late Harper Lee. Here is an unforgettable novel of wisdom, humanity, passion, humor, and effortless precision—a profoundly affecting work of art that is both wonderfully evocative of another era and relevant to our own times. It not only confirms the enduring

of the world's leading pianists, winning global acclaim and numerous awards, both for his concerts and his recordings. He is also a writer, composer, and painter, and has been described by The Economist as one of "Twenty Living Polymaths." Hough writes informally and engagingly about music and the life of a musician, from the broader aspects of what it is to walk out onto a stage or to make a recording, to specialist tips from deep inside the practice room: how to trill, how to pedal, how to practice. He also writes vividly about people he's known, places he's traveled to, books he's read, paintings he's seen; and he touches on more controversial subjects, such as assisted suicide and abortion. Even religion is there—the possibility of the existence of God, problems with some biblical texts, and the challenges involved in being a gay Catholic. Rough Ideas is an illuminating, constantly surprising introduction to the life and mind of one of our great cultural figures.

Ever since his astonishing victory in the 1991 PGA Championship, John Daly, known affectionately on the PGA Tour as "Big 'Un," has enthralled fans with his big drives, bigger personality, and "Grip It and Rip It" approach to golf -- and to life. Through powerful testimony from 50 women and non-binary people, this book shines a light on the sexual violence that takes place in our bedrooms and beyond, sometimes at the hands of people we know, trust, or even love. The book explores the ways in which systems of oppression manifest in our sexual culture - from racist microaggressions, to fatphobic acts of aggression, and ableist dehumanising behaviour. An intersectional, sex-positive, kink-positive work, the book also examines how white supremacy, transphobia, biphobia, homophobia, and misogyny are driving forces behind sexual violence. When a box from her mother showed up on Katy Tur's doorstep, months into the pandemic and just as she learned she was pregnant with her second child, she didn't know what to expect. The box contained thousands of hours of video—the

work of her pioneering helicopter journalist parents. They grew rich and famous for their aerial coverage of Madonna and Sean Penn's secret wedding, the Reginald Denny beating in the 1992 Los Angeles riots, and O.J. Simpson's notorious run in the white Bronco. To Tur, these family videos were an inheritance of sorts, and a reminder of who she was before her own breakout success as a reporter. In *Rough Draft*, Tur writes about her eccentric and volatile California childhood, punctuated by forest fires, earthquakes, and police chases—all seen from a thousand feet in the air. She recounts her complicated relationship with a father who was magnetic, ambitious, and, at times, frightening. And she charts her own survival from local reporter to globe-trotting foreign correspondent, running from her past. Tur also opens up for the first time about her struggles with burnout and impostor syndrome, her stumbles in the anchor chair, and her relationship with CBS Mornings anchor Tony Dokoupil (who quite possibly had a crazier childhood than she did). Intimate and captivating, *Rough Draft* explores the gift and curse of family legacy, examines the roles and responsibilities of the news, and asks the question: To what extent do we each get to write our own story?

biography is “an ambitious 360-degree portrait of golf’s most scrutinized figure...brimming with revealing details” (Golf Digest). In 2009, Tiger Woods was the most famous athlete on the planet, a transcendent star of almost unfathomable fame and fortune living what appeared to be the perfect life. But it turned out he had been living a double life for years—one that exploded in the aftermath of a Thanksgiving night crash that exposed his serial infidelity and sent his personal and professional lives over a cliff. In this “searing biography of golf’s most blazing talent” (GOLF magazine), Jeff Benedict and Armen Keteyian dig deep behind the headlines to produce a richly reported answer to the question that has mystified millions of sports fans for nearly a decade: who is Tiger Woods, really? Drawing on more than four hundred interviews with people from every corner of Woods’s life—many of whom have never spoken about him on the record before—Benedict and Keteyian construct a captivating psychological profile of a mixed race child programmed by an attention-grabbing father and the original Tiger Mom to be the “chosen one,” to change not just the game of golf, but the world as well. But at what cost? Benedict and Keteyian provide the startling answers in this definitive biography that is destined to linger in the minds of readers for years to come.

“Irresistible...Immensely readable...Benedict and Keteyian bring us along for the ride in a whirlwind of a biography that reads honest and true” (The Wall Street Journal). Ultimately, Tiger Woods is “a big American story...exhilarating, depressing, tawdry, and moving in almost equal measure” (The New York Times).

We can perceive and respond to situations in ways which are more to do with early experiences than the present. We can push from mind what we would rather not know. Feelings such as doubt and sadness can seem too weak; envy and anger, too bad; feeling small and in any way in need, could leave us too vulnerable. Though most will never have their own experience of psychoanalysis (or less intensive psychoanalytic psychotherapy), psychoanalytic ideas can be profoundly helpful in making sense of ourselves.
