Separated from his tribe and alone in Dinosaurland, Victor Shelby must make his way through endless miles of deadly prehistoric wilderness so that he can return to his beautiful alien women. But on his way, he makes a discovery that will develop the technology of the tribe ten fold. Now he just has to live long enough to bring it back.

Trapped in the game. Forced back to level 1. What's next, permadeath? Sky Realms Online is the largest and most popular Virtual Reality MMORPG ever made. Set amongst the mystical,

floating islands of Hankarth, it's played and enjoyed by millions every hour. Until something goes wrong. Unable to log out, players find themselves reduced to level one, and in the starting zones. They receive a cryptic message from the developers stating that for unknown reasons, they are trapped in the game and may have to live out their lives within the virtual world. Hall is one of the those trapped in the game. He's been playing Sky Realms Online as a spear-wielding Skirmisher ever since the beta. And instead of panicking as many do, he decides to make the most of it; to play the game and live his new life, all while quietly hoping the

developers will find a fix. It doesn't take Hall long to find out that, while some aspects of the game are the same, the difficulty level is beyond anything he's ever experienced. Together, with a new party of trapped players and NPCs with canned answers, Hall will find out just how different Sky Realms Online has become, and how playing a game is different from living the game... Experience the start of this unforgettable Fantasy LitRPG Adventure today! It's perfect for fans of J.A. Hunter, Dakota Krout and Edward Brody. A creepy game moderator shows up, ready to start a game of Monsters, Maces and Magic. Glenn doesn't fret over the GM's disturbing vibe, figuring it'll lead to potential fodder for his paper. Moments after rolling up his character and beginning the adventure, Glenn, his two classmates, and three other players are drawn into the game, literally. How and why they got trapped in the game, transformed into their RPG characters are important questions, sure. But simply surviving a world filled with horrific creatures, unknown

explosion. Her only task? Drive the game's creator AI to the outermost limits of its creativity. Sounds easy, right? But when Devon logs in, her expectations shatter like an ice golem hit with a sonic blast. Wearing nothing but a cloth tunic and ragged pants, she spawns inside a ruined city overgrown by steamy jungle. With zero skills and nothing in her inventory but pocket lint, she immediately runs afoul of the city's guardian, a stone golem the size of an apartment building. The encounter does not go well. And Relic Online is just getting started with her.

Monsters, Maces and Magic, #1

Read the complete wildly popular Fantasy Swapped Online saga in this exciting new three-book compilation! In the player versus player MMORPG Fantasy Realms Online, people live out the fantasies they can't in real life, no matter how bloody or sexy they might be, and Kromgorn the Barbarian is no exception. He and his guildies make constant warfare against their rivals in the Secret Order, a guild led by the dark Lich-Lord, who's also rumored to be a crazy hacker in real life, and they make fun of players who just use the game for stupid things like getting laid. But when the Lich-Lord releases a powerful spell that traps most of the players in the game permanently,

Kromgorn accidentally winds up stuck in the avatar of his friend Lacey—a stupid, low-level female character that was designed exclusively to get down and dirty with the in-game pleasure system. The developers really modeled female bodies correctly in this game, and it's humiliating to have to go from being a high-level barbarian to a simpering little harem girl. With his guild drawing closer to an epic encounter with the Lich-Lord, they need all the high-level players they can get! Will Krom figure out a way to get himself out of this useless body and get back in time to help his friends, or will he be stuck forever working on his back in the slums of Lorengarde? The only way out of this mess might be to give in to his situation and find a way to become the most powerful Courtesan the game has ever seen. Who knows? He might even end up enjoying himself...

David is now a dungeon core, charged with producing armies of minions and ensuring his domain is a place where the unworthy go to die. But the accident not only transformed David, it fractured him. Part of his psyche still remains with his broken body. When an interloper wrestles control of the dungeon away from him, David must brave real-world perils to ensure that both he and the dungeon he has become will survive. Can David withstand the breaking of his body and ravaging of his soul? Will he reunite with his dungeon self in time to destroy the menace trying to take over his dungeon? weren't so deadly. They injected me with a VR chip, a GPS tracker, and my first Seed. They gave me unbelievable powers. Then they sent me to fight. The monsters here are alien and vicious. There is a second moon in the sky. I watched a tree start moving and kill someone. And the other Players...? They're even worse. I'm alone. I'm weak. And I'm scared. But I will cling to life by the tips of my bloody fingernails. Who is behind this twisted game? Where are they sending us? Is there anyone I can trust? If I want to survive, I have to get stronger. But can I do it before the Game kills me? This omnibus contains the first two books in a dark and deliciously violent adventure series that combines science fiction, fantasy, and game elements. You'll love Seeds of Chaos because of the electrifying action, flawed characters, and kick-ass heroine.
