*The book offers a simple yet effective way to learn English as well as to translate from Hindi to English. It contains several common hindi sentences that have been translated into English to allow a learner to easily understand day-to-day words and how to use them in sentences when writing or speaking in English. By learning how typical Hindi sentences, when translated into english can be used in everyday life, one can improve his or her grasp about using both the language. Besides the author, a good bi-linguist, has even detailed the grammatical aspects about each topic given in the book, which offer self improvising problems with easy solutions to them. Different sections have been created so as to improve the reader’s basic grammar, which includes Nouns, Pronouns, Tenses, Sentence making, etc. Each section comes with a separate practice set that lets the readers test English reading, writing and speaking skills as well as the translation ability that one has been able to learn. There is even a separate vocabulary section to help readers learn more new words and how to use them effectively while communicating. With step-by-step guidelines, one can surely bring fluency in their English language usage over a few months.*

*Provides definitions of words in contemporary use in English-speaking countries throughout the world, with examples of idiomatic uses, guides to irregular forms, notes on grammar and preferred usage, and lists of related terms.*

*The Poetic Edda comprises a treasure trove of mythic and spiritual verse holding an important place in Nordic culture, literature, and heritage. Its tales of strife and death form a repository, in poetic form, of Norse mythology and heroic lore, embodying both the ethical views and the cultural life of the North during the late heathen and early Christian times. Collected by an unidentified Icelandic, probably during the twelfth or thirteenth century, The Poetic Edda was rediscovered in Iceland in the seventeenth century by Danish scholars. Even then its value as poetry, as a sacred historical information, and as a collection of entertaining stories was recognized. This meticulous translation succeeds in reproducing the verse patterns, the rhythm, the mood, and the dignity of the original in a revision that Scandinavian Studies says “may well grace anyone’s bookshelf.”*

*Covers written and spoken British and American English and reviews grammar, usage, punctuation, and phonetics*

*The Oxford Guide to English Grammar is a systematic account of grammatical forms and the way they are used in modern standard English. It is designed for learners at intermediate and advanced levels and for teachers, and is equally suitable for quick reference to details or for the moreleisured study of grammatical topics. The emphasis is on meaning in the choice of grammatical pattern, and on the use of patterns in texts and in conversations.*

*The winners of the Nobel Prize show how economics, when done right, can help us solve the thorniest social and political problems of our day. Figuring out how to deal with today’s critical economic problems is perhaps the great challenge of our time. Much greater than space travel or perhaps even the next revolutionary medical breakthrough, what is at stake is the whole idea of the good life as we have known it. Immigration and inequality, globalization and technological disruption, slowing growth and accelerating climate change—these are sources of great anxiety across the world, from New Delhi and Dakar to Paris and Washington, DC. The resources to address these challenges are there—what we lack are ideas that will help us jump the wall of disagreement and distrust that divides us. If we succeed, history will remember our era with gratitude; if we fail, the potential losses are incalculable. In this revolutionary book, renowned MIT economists Abhijit V. Banerjee and Esther Duflo take on this challenge, building on cutting-edge research in economics explained with lucidity and grace. Original, provocative, and urgent, Good Economics for Hard Times makes a persuasive case for an intelligent interventionism and a society built on compassion and respect. It is an extraordinary achievement, one that shines a light to help us appreciate and understand our precariously balanced world.*

*The Oxford English-Hebrew Dictionary is a detailed guide to current usage in English and Hebrew. In addition to a full range of idioms and phrases, slang and colloquialisms, the dictionary offers comprehensive coverage of technical, scientific, legal, medical, and academic terminology. Care has also been taken to record British, American, and Australian variants. Both the presentation and content of the dictionary are designed to guide the reader through the pitfalls of varying register and context; clearly labelled senses and numerous example phrases ensure maximum clarity and accessibility. The result is an essential reference tool for English and Hebrew users alike. The Oxford English-Hebrew Dictionary was compiled and edited at the Oxford Centre for Hebrew and Jewish Studies.*

*Oxford Dictionary of English*

*The Oxford Book of Classical Verse*

*The Oxford Handbook of Early Modern English Literature and Religion*

*The debts that English poetry owes to the Classics are massive and various. But they have been richly repaid by the astonishingly inventive tradition of translation to which some of the greatest poets in the English language have contributed, including Chaucer and Jonson, Dryden and Pope, Tennyson and Ezra Pound. This anthology presents the wealth of this living tradition as it has never been seen before, ranging from King Alfred to the many contemporary poets here generously represented, and from North America to Ireland and Scotland. It offers a vast array of responses to the song, verse and drama of ancient Greece and Rome, Ovid, and Juvenal. Organized by classical author and text, it runs from the epics of Homer to the late antique world where Greek and Latin writing both face an emerging Christian culture, and juxtaposes English versions, sometimes of the same passage orpoem, to dramatize the endless re-animation of one great poetic tradition in and through another.*

*Oxford Modern English Grammar is Oxford’s brand new and definitive guide to English grammar. This book has been written by a leading expert in the field, covers both British and American English, and makes use of authentic spoken and written examples. Arranged in four clear parts for ease of use, its comprehensive coverage ranges from the very basic to the most complex aspects of grammar, all of which are explained clearly yet authoritatively. This descriptive source of reference is invaluable for those with an interest in the English language, undergraduate and postgraduate students, and for anyone who would like a clear guide to English grammar and how it is used.*

*Grasp of essential concepts of grammar and their modern usage in day-to-day personal and professional life is a major challenge faced by young learners at all levels and streams of higher education in India. Concise English Grammar has been designed and created to suit the needs of first-year undergraduate students of the arts as well as professional courses, and to equip them for advanced usage of English in their higher studies. This book brings together the core concepts of theoretical and descriptive grammar, both modern and conventional; elements of remedial English; vocabulary; and academic writing, in a single compilation, and provides numerous examples and exercises which call for the application of the student’s knowledge of grammar enabling them to assess their own progress. Each chapter is thoroughly cross-referenced, and written in an accessible, user-friendly manner, making it possible for students to derive maximum benefit from the book. Though created keepingthe students of Kerala in mind, its wide-ranging coverage should be of value to all students and teachers of English as second language elsewhere as well.*

*The Oxford Dictionary of English Grammar is a straightforward and accessible A-Z guide to the diverse and often complex terminology of English grammar. It contains over 1,600 entries with clear and concise definitions, enhanced by numerous example sentences, as well as relevant quotations from the scholarly literature of the field. This second edition is written and edited by Professor Bas Aarts of University College London, writer of the acclaimed Oxford Modern English Grammar. It has been fully revised and updated, with particular attention paid to refreshing the example sentences included within the text. There are over 150 new entries that cover current terminology which has arisen since the publication of the first edition, and there are also new entries on the most important English grammars published since the start of the 20th century. Hundreds of new cross-references enhance the user-friendly nature of the text, and the list of works cited has been thoroughly updated to reflect the current state of the field. A short appendix of web links has been added. All in all, this Dictionary is an invaluable guide to English grammar for all students and teachers of the subject, as well as all those with an informed interest in the English language.*

The topics on mineral legislation in India and abroad, mineral resources and law of the seabed, grading and marketing, method of estimating mineral reserves including petroleum, principle and methods of are dressing, etc have been discussed in such details as to make them useful to all the world development of marine mineral resources.*

*This pioneering Handbook offers a comprehensive consideration of the dynamic relationship between English literature and religion in the early modern period. The sixteenth and seventeenth centuries were the most turbulent times in the history of the British church - and, perhaps as a result, produced some of the greatest devotional poetry, sermons, polemics, and epics of literature in English. The early-modern interaction of rhetoric and faith is addressed in thirty-nine chapters of original research, divided into five sections. The first analyses the changes within the church from the Reformation to the establishment of the Church of England, the phenomenon of puritanism and the rise of non-conformity. The second section discusses ten genres in which faith was explored, including poetry, prophecy, drama, sermons, satire, and autobiographical writings. The middle section focuses on selected individual authors, among them Thomas More, Christopher Marlowe, John Donne, Lucy Hutchinson, and John Milton. Since authors never write in isolation, the fourth section examines a range of communities in which writers interpreted their faith: lay and religious households, sectarian groups including the Quakers, clusters of religious exiles, Jewish and Islamic communities, and those who settled in the new world. Finally, the fifth section considers some key topics and debates in early modern religious literature, ranging from ideas of authority and the relationship of body and soul, to death, judgment, and eternity. The Handbook is framed by a succinct introduction, a chronology of religious and literary landmarks, a guide for new researchers in this field, and a full bibliography of primary and secondary texts relating to early modern English literature and religion.*

*The Indispensable Guide to Excellent Writing and Speaking*

*Oxford Dictionary of Current English*

*Including examples of real usage, this handy volume provides clear information about grammar and punctuation that we need on a day-to-day basis in over 300 entries.Revised and updated, The Oxford A-Z of Grammar and Punctuation offers accessible and coherent explanations across a broad range of topics, and is the first port of call for any reader seeking clear, authoritative help with grammar and punctuation. Both easy to use andcomprehensive, it is an essential tool for writing at home, in the office, at school, and at college.*

*The far right is back with a vengeance. After several decades at the political margins, far-right politics has again taken center stage. Three of the world’s largest democracies - Brazil, India, and the United States - now have a radical right leader, while far-right parties continue to increase their profile and support within Europe. In this timely book, leading global expert on political extremism Cas Mudde provides a concise overview of the fourth wave of postwar far-right politics, exploring its history, ideology, organization, causes, and consequences, as well as the responses available to civil society, party, and state actors to challenge its ideas and influence. What defines this current far-right renaissance, Mudde argues, is its mainstreaming and normalization within the contemporary political landscape. Challenging orthodox thinking on the relationship between conventional and far-right politics, Mudde offers a complex and insightful picture of one of the key political challenges of our time.*

*Primary School English Grammar & Composition (PSEGC) and Middle School English Grammar & Composition (MSEGC) is a set of two books designed to be used as a prequel to the highly popular English grammar reference book, High School English Grammar & Composition.
