My father talked about Atlantic City the way some women talk about their ex-boyfriends. No good. Avoid at all costs. Soul-sucking even without the demons. Never mind that we lived across the country where, by day we worked as mountain guides, and at night he trained me to use my magic-not that I was allowed to showcase it. That was a hard no. So I hid my powers the way he hid his bourbon-until his murder. With nothing to lose, I hightail it to-you guessed it-Atlantic City, where I make a deal with a group of monster hunters, including Saxon, a hot hybrid that ignites a helluva lot more than celestial fire. If I survive the takedown of an all-powerful demon, they'll help me investigate my father's murder. So what's a girl to do when the chips are down?Be the Wild Card they never saw coming.Double Down on Demons is the first book in Pandora's Pride, an urban fantasy series featuring a heroine with a tongue as sharp as her blade, magical adventures, and havoc-wreaking demons. Completed urban fantasy series by Annabel Chase include: Spellslingers Academy of Magic (10-book series)Demonspawn Academy (3 books)Magic Bullet (4 books)

"A wonderful, wild ride." -Michael Koryta, New York Times Bestselling author of How It Happened and If She Wakes From the New York Times bestselling and Bram Stoker Award-winning author comes the sensational new novel that turns ancient lore into a modern-day horror. In one variation on the myth of Pandora's Box, there were two jars, one for Pandora and one for her sister. One contained blessings of the gods, the other all the world's curses... Archaeologist Sophie Durand has spent her life studying ancient mythology and languages. Years of work have led her to the greatest discovery of her career, a subterranean city deep in the heart of Northern Iraq. When Sophie's team uncovers a secret chamber whose walls are covered in cuneiform, along with a warning from Alexander the Great, history and mythology begin to merge. The writings confirm the Pandora tale of two jars, but the chamber guards only one. It's a find that could make history, or start a war. Weird-science expert Ben Walker is called in as the mystery grows ugly. Those who believe the myth want to know which jar was found, the one containing blessings or the one full of curses. Governments rush to lay claim, but jihadi forces aren't waiting for the dust to settle. Whatever the jars contain, they want it, no matter the cost. For Sophie, Walker, and the others, the Pandora Room may soon become their tomb. In a novel that breathes new life into the supernatural thriller, Christopher Golden's pulse-pounding tale is not to be missed.

"Harry's vision of an apocalyptic plague is as chilling as it is plausible. This masterful thriller will leave you terrified, enthralled, and desperate for the next entry in the series." -Kira Peikoff, author of No Time to Die and Die Again Tomorrow "After a devastating epidemic that changes the very nature of humans, two sisters, an epidemiologist, and a neurobiologist hold the key to humanity's survival."-Library Journal BEGINNING OF THE END They call it Pandoravirus. It attacks the brain. Anyone infected may explode in uncontrollable rage. Blind to pain, empty of emotion, the infected hunt and are hunted. They attack without warning and without mercy. Their numbers spread unchecked. There is no known cure. Emma Miller studies diseases for a living-until she catches the virus. Now she's the one being studied by the U.S. government and by her twin sister, neuroscientist Isabel Miller. Rival factions debate whether to treat the infected like rabid animals to be put down, or victims deserving compassion. As Isabel fights for her sister's life, the infected are massing for an epic battle of survival. And it looks like Emma is leading the way . . . "Harry has a first-rate speculative mind, well grounded in current science. The ideas he puts forth are extremely engaging." -Kirkus Reviews "A good storyteller . . . harrowing stuff!" -The New York Times Book Review "Like Crichton and H.G. Wells, Harry writes stories that entertain roundly while they explore questions of scientific and social import." -Publishers Weekly Pandy has recaptured six of the great Evils that she "accidentally" let loose, and now our foursome--Pandy, Alcie, Iole, and Homer--is on the hunt for the worst of them all: Fear. The team must journey into the dreaded underworld for their final adventure. Meanwhile, Hera, who knows where Pandy is heading, has been wreaking havoc in the shadowy world. And infamously vile villains like Tantalus, Sisyphus, and The Danaids have been freed from their eternal punishments . . . and they're in Pandy's way! Will Pandy be able to defeat Hera once for all and find the location of Fear? It all comes together in the exciting conclusion to the Mythic Misadventures series!

A Romulan Bird of Prey mysteriously drifts over the neutral zone and into Federation territory. Captain Kirk and the crew of the Enterprise investigate, only to find the ship dead in space. When Starfleet orders the derelict ship brought to Earth for examination, the Enterprise returns home with perhaps her greatest prize. But the Bird of Prey carries a dangerous cargo, a deadly force that is soon unleashed in the heart of the Federation. Suddenly, the only hope for the Federation's survival lies buried in the tortured memory of Commander Spock's protégé, a cadet named Saavik. Together, Spock and Saavik must return to the nightmare world of Saavik's birth -- a planet called Hellguard, to discover the secret behind the Romulans' most deadly threat of all...

From Steven A. Roman, bestselling author of X-Men: The Chaos Engine Trilogy, comes the debut of a thrilling dark urban-fantasy novel series! Sixteen-year-old Goth girl Pandora Zwieback has a major problem: she's just discovered that her New York City hometown is the stalking ground for every monster and ghoul out to raise a little hell (literally!) .

. . BUT she's apparently the only one who can see them. That means she can't tell her friends or family about the dangers around them--not unless she wants to spend the rest of her life locked up in a psychiatric ward. But before Pan has a chance to make sense of her increasingly weird life, she finds herself in the middle of a war among rival vampire clans. Elegant Gothic Lolitas from Japan on one side, silk-suited London vamps on the other, leather-clad hunters from Eastern Europe in the middle, and all after the same prize: a mysterious crate recently delivered to the horror-themed museum owned by Pan's father. What is the terrifying secret of Item #179? How do its contents tie into an incident from the blood-drenched past of Pan's new friend, a 400-year-old, shape-shifting monster hunter named Annie? And, more important, will Pan survive long enough to get any answers?

Some people, when they are told they must not do something, simply have to do it. Pandora is one of these people... Pandora is talented and the perfect companion for her husband, but she has this one fatal flaw. She tries her hardest to stay away from the wedding gift that she has been warned never to touch: a strange, carved box. Yet finally her curiosity gets the better of her and she opens it, thereby unleashing all the ills and evils into the world. But as Pandora despairs at what she's done, she sees one final thing remains in the box - a small thing called hope.

The past holds everyone in its thrall, and Oz, Alice, Raven, Break, and their acquaintances are no exception, especially as recollections of the tragedy of Sablier elude even those who were present. Indeed, with his own body playing host to Jack Vessalius, the hero of Sablier, the likelihood of Oz escaping the past seems nigh impossible. But given a renewed lease on life by Elliot Nightray - the legitimate heir to the Nightray dukedom, of all people - Oz is eager to keep moving forward by learning all that he can about the events that came to pass all those years ago. To this end, he and his friends seek an audience with another of the four great dukes - Duke Rufus Barma. But it is not a glimpse into a hundred-year-old disaster that is revealed to them in the Duke's presence, but rather one into Break's lamentable, shockingly unforgettable past...

In a monumental history of WWI, Germany's leading historian of the first great 20th-century catastrophe explains the war's origins and course, revealing how profoundly it shaped the world to come. Jörn Leonhard treats the clash of arms with a sure feel for grand strategy, the tactics of arms and attrition, and the grim fate of frontline soldiers.

Pandy, Alcie, Iole, and Homer travel to Rome to search for another deadly evil--greed--and encounter Julius Caesar, and the Roman gods.

"Pandora Lynch lives in Alaska with her single dad, an online therapist for Silicon Valley's brightest and squirreliest. Homeschooled by computer and a self-taught hacker, Pandora is about to enter high school to learn how to be normal. That's the plan at least. NorCal runaway George Jedson is a hacker too--one who leaves the systems he attacks working better than before. After being scooped up by a social media giant, will George go legit--or pull off the biggest hack ever? Not even his therapist knows for sure, but maybe the headshrinker's daughter... After meeting in cyberspace, the two young hackers combine their passions to conceive a brainchild named BUZZ. Can this baby AI learn to behave, or will it be like its parents and think outside the box?"--Provided by publisher.

"An imaginative and stunning tale of the perfect future threatened . . . a book of epic proportions not unlike Frank Herbert's Dune or Isaac Asimov's Foundation trilogy."—SFRevu
The year is 2380. The Intersolar Commonwealth, a sphere of stars, contains more than six hundred worlds interconnected by a web of transport "tunnels" known as wormholes. At the farthest edge of the Commonwealth, astronomer Dudley Bose observes the impossible: over one thousand light-years away, a star . . . disappears. Since the location is too distant to reach by wormhole, the Second Chance, a faster-than-light starship commanded by Wilson Kime, a five-times-rejuvenated ex-NASA pilot, is dispatched to learn what has occurred and whether it represents a threat. Opposed to the mission are the Guardians of Selfhood, led by Bradley Johansson. Shortly after the journey begins, Kime wonders if the crew of the Second Chance has been infiltrated. But soon enough he will have other worries. Halfway across the galaxy, something truly incredible is waiting: a deadly discovery whose unleashing will threaten to destroy the Commonwealth . . . and humanity itself.

Double Down on Demons

The Pandora Room

Ten thousand years ago, our species made a radical shift in its way of life: We became farmers rather than hunter-gatherers. Although this decision propelled us into the modern world, renowned geneticist and anthropologist Spencer Wells demonstrates that such a dramatic change in lifestyle had a downside that we 're only now beginning to recognize. Growing grain crops ultimately made humans more sedentary and unhealthy and made the planet more crowded. The expanding population and the need to apportion limited resources created hierarchies and inequalities. Freedom of movement was replaced by a pressure to work that is the forebear of the anxiety millions feel today.

Spencer Wells offers a hopeful prescription for altering a life to which we were always ill-suited. Pandora 's Seed is an eye-opening book for anyone fascinated by the past and concerned about the future.

A young girl finds that she CA bring others people's dreams--and nightmares--to life.

Anne Rice, creator of the Vampire Lestat, the Mayfair witches and the amazing worlds they inhabit, now gives us the first in a new series of novels linked together by the fledgling vampire David Talbot, who has set out to become a chronicler of his fellow Undead. The novel opens in present-day Paris in a crowded caf é , where David meets Pandora. She is two thousand years old, a

Child of the Millennia, the first vampire ever made by the great Marius. David persuades her to tell the story of her life. Pandora begins, reluctantly at first and then with increasing passion, to recount her mesmerizing tale, which takes us through the ages, from Imperial Rome to eighteenth-century France to twentieth-century Paris and New Orleans. She carries us back to her mortal girlhood in the world of Caesar Augustus, a world chronicled by Ovid and Petronius. This is where Pandora meets and falls in love with the handsome, charismatic, lighthearted, still-mortal Marius. This is the Rome she is forced to flee in fear of assassination by conspirators plotting to take over the city. And we follow her to the exotic port of Antioch, where she is destined to be reunited with Marius, now immortal and haunted by his vampire nature, who will bestow on her the Dark Gift as they set out on the fraught and fantastic adventure of their two turbulent centuries together. Look for Anne Rice's new book, *Prince Lestat and the Realms of Atlantis*, coming November 29, 2016.

Anda loves Coarsegold Online, the massively-multiplayer role playing game that she spends most of her free time on. It's a place where she can be a leader, a fighter, a hero. It's a place where she can meet people from all over the world, and make friends. Gaming is, for Anda, entirely a good thing. But things become a lot more complicated when Anda befriends a gold farmer -- a poor Chinese kid whose avatar in the game illegally collects valuable objects and then sells them to players from developed countries with money to burn. This behavior is strictly against the rules in Coarsegold, but Anda soon comes to realize that questions of right and wrong are a lot less straightforward when a real person's real livelihood is at stake. From acclaimed teen author Cory Doctorow and rising star cartoonist Jen Wang, *In Real Life* is a sensitive, thoughtful look at adolescence, gaming, poverty, and culture-clash. This title has common Core connections. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Crescent Beach Mall of South Carolina was your basic modern shopping center—boutiques, eateries, movie theaters, and a packed parking lot—until the very fabric of reality unraveled. Now the mall is a supernatural oddity known worldwide as “Pandora’s Box.” People travel from miles around to have their chance inside: some emerge with amazing stories, some leave the mall insane, and many are simply never seen again. Sebastian makes a bundle offering tours into the bowels of Pandora. To assuage his conscience, he gives visitors fair warning: if they have personal demons, they should not go inside. Problem is, the Box, as the locals call it, is most seductive to the worst kind of customers—haunted, twisted and desperate misfits—people who should never be allowed to visit a world that reflects their warped souls. The locals of Crescent Beach realize the magical effects are spreading beyond the confines of the haunted shopping complex. Children’s toys become weapons, pets mutate into monsters, and the flow of time itself is corrupted. Sebastian is no longer the only one in over his balding head. Sheriff Valerie Dunn is there to back up the morally bankrupt tour guide, but can they withstand the power—and temptation—of Pandora’s Box? Time to hit the mall; check your psychological baggage at the door.

Kaleb Holten's father's debt to an underground group The Association has just been called in, and the man can't pay the loan. After the Great Economic Collapse there are no laws that cannot be broken. And Kaleb is forced into a ten-year sentence of servitude where he will have no say, no rights, no value and yet be coveted and protected as if he were a priceless treasure. Leo Roan, has slipped the noose the Association bound him with by breaking his addiction to ambrosia and Kaleb Holten was supposed to be his last assignment as a doxie Master. But something about the boy begins weaving a new net that will not only ensnare him but the conscious darkness inside, that craves pain, agony, suffering, and death.

Computing technology is constantly evolving and changing, developing and consolidating its position as a vital component of our lives. It no longer plays a minor part in society - it is embedded in, and affects, all aspects of life, from education to healthcare to war. Dealing with the implications of this is a major challenge, and one that can impact upon us, both personally and professionally. As a consequence, it is vital that all in the computing industry make wise decisions regarding their conduct. Using case studies and discussion topics drawn from entertaining real world examples, *Pandora’s Box* examines the background of a wide range of vital contemporary issues, encouraging readers to examine the social, legal and ethical challenges they will face in their own careers. Written in an engaging style and packed with international examples, this book addresses topics which have come to the forefront of public consciousness in recent years, such as online crime, piracy and peer to peer file sharing. Comprehensive coverage is provided of digital entertainment, censorship and privacy issues, presenting a rich source of context in which to consider ethical matters. Suitable for students on computer science degree programmes, as well as those taking IT related modules on other courses which consider the impact of technology on 21st century living, *Pandora’s Box* is an essential read and a unique and timely textbook. The heavens grieve as Mother Earth frantically fights for her life. The explosions rippled in the heavens allowing destruction to ensue. The undulant impact caused pulsars, quasars, red and blue giant stars to detonate far too soon. The discharge sent repercussions the neighboring nebulas. This place where birth is given becomes a cradle of death. With the last star winking out all of the heavens go dark. Death’s insatiable appetite is heading for Earth. Reaching out its hand and overcome with the desire for human

obliteration. One child will stand-alone possessing the power of all universes bringing time and space to a standstill. Born with two souls, blessed with three graces, and having a predator's heart the heavenly stars will cry out this child's name. Life ever present and death waning. Lifeblood springs from royalty and the seer of dreams. Where there is despair, hope will shine through. This child is a castle that stands tall in the middle of a storm sheltering all in need. It's a slayer of monsters, and a warrior for the common man. Spiritual assassins sent to devour this child, breaking its mind is a must do. So begins the battle of wills.

There are two kinds of people in the world at the present juncture: the dreaming & awake; the sheeple & un-sheeple; the shadow keepers & the light-bringers. Many people have one foot in both worlds. If you are in limbo, awake... or want to be, this book was made to serve YOU. ***** What you have before you is a masterpiece spawn to pioneer the New Renaissance on "New Earth" in this era of the 21st century Golden Age. Despite a wee bit of irreverent sass, this book is meant to be earnestly undertaken. Bold predictions are made, for the future of our civilization. ***** The mass devastation we currently see taking place on the world stage: war, division, conflict, corruption; crime, injustice, poverty, illness, disease; pollution, wildfires, twisters, death, destruction & disaster... is all just the PURGING of a long lineage of UN-grace, if you will. There is no other way to rid the planet of it, than to draw it to the surface for release, to be transmuted to light. Any stuck pattern & program must unearth in order to be gone for good. Make sense? ***** THIS is what "Pandora's Box is Burning" means. The future of our species depends on it. The burning of Pandora's Box is the catalyst for Humanity's Final Frontier, which is... World Peace, Ahimsa & the law of the land becoming LOVE. Hence, the symbolic transformational feat of the rising phoenix portrayed on the front cover. This is the stage in human evolution where everything is coming to a head on purpose, to be cleared or burned into the fire of transmutation, so PEACE can be possible. Man's turning point, is GOD'S TURN. ***** Note: This book is the final installment of "Thee Trilogy of the Ages" series, which is more like a collection, so the books can be read in any order. ***** "Wel--come--to--your---life, there's no turning back." ***** BookonFire Press~In Love We Trust Self-

Pandora's Box

Leaving her safe, lovely life in Santa Barbara for her husband's native Czechoslovakia after the fall of communism was the biggest adventure Pandora had ever undertaken, and establishing her lingerie boutique Pandora's Box in Prague the culmination of a cherished dream. But there are other kinds of dreams, dreams that lurk at the edge of our consciousness, and making her husband's fantasy a reality initiated her into a world of sexual ecstasy beyond anything she'd ever imagined. Coffee Time Romance And More rating: 4 coffee cups. .."incredibly erotic, and whether the scenes involve f/f, f/m, or f/m/m etc. you always feel right there in the moment." Erotica Revealed rating: Two thumbs up!. "It's erotic but manages to be gentle to its characters (and reader) even when there are threesomes, foursomes, or moresomes in play. Pandora would be a perfect book to pass to someone dipping their toes into erotica for the first time, and, as Christmas approaches, a good gift for someone in that scenario - there's enough titillation and frank prose to give a sense of the genre, but nothing so shocking as to startle someone not used to the style and content it generally holds. That might mean that people who've read a lot of erotica will find Pandora plays it a little safe, but I enjoyed the softer touch. And it was certainly a welcome change to find women who were taking what they wanted, and not being consistently and constantly submissive. Pandora works with Ty to explore her sexuality - and, most of the time - takes charge of her own path." Publisher's note: Like the best travel writing, erotic fiction should take us places we wouldn't necessarily wish to (or get to) visit, and excite and inspire us. Reminiscent of the classic film Emmanuelle, Pandora, an American in Prague is a landmark work of women's and female erotica. Ms. Myonas' beautifully

rendered erotic imaginings take Pandora from her first tentative lesbian encounter, through every conceivable menage combination, and finally to the best sex a couple ever had on vacation, the latter showing that a work of erotica can also be very romantic. If you like your romance with more than a touch of spice, wit and color, and characters who don't just live on the page, you're going to love Pandora.
