When you're out and about enjoying the countryside the last thing you need is to lug around several different guides to wildlife, geology and meteorology. But there are plenty of things you'd like to look up if you could. How do you light a fire when all the wood is wet? Are those fox

tracks or dog tracks? Is it going to rain? Generally there's nothing you can do but hope for the best, or maybe phone a friend if you can get reception, and they're in, and they know the answer... That's where this comes in. It has the answers to more questions than you'd think could fit into such a handy volume. You'll find out pretty much anything you need to know, from basic first aid to how to escape from quicksand; help with navigation; identifying constellations, seashells, burial mounds, and animal tracks; which wild food you can eat and how to recognise it; weather lore, such as which clouds indicate what kind of weather. This is the only book you really can't do without when you're out and about. So you can ditch that library of guidebooks and slip this in your pocket instead. This beautiful hardback edition has both dust-cover and gold embossing on the spine making it the perfect gift. Every Pocket Bible is lovingly crafted to give you a unique mix of useful references, handy tips and fascinating trivia that will enlighten and entertain you at every page. At the start of this fourteenth adventure for Amelia, which continues the wartime theme begun in Lord of the Silent, it is New Year's Eve, 1917. Risking winter storms and German torpedoes, the

Emersons are heading for Egypt once again: Amelia, Emerson, their son Ramses and his wife Nefret. Emerson is counting on a long season of excavation without distractions but this proves to be a forlorn hope. Yet again they unearth a dead body in a looted tomb - not a mummified one though, this one is only too fresh, and it leads the clan on a search for the man who has threatened them with death if they pursue the excavations. If that wasn't distraction enough, Nefret reveals a secret she has kept hidden: there is reason to believe that Sethos, master criminal and spy may be helping the enemy. It's up to the Emersons to find out, and either prove his innocence or prevent him from betraying Britain's plans to take Jerusalem and win the war in the Middle East.

Jason, a twelve-year-old autistic boy who wants to become a writer, relates what his life is like as he tries to make sense of his world.

First came video and more recently high definition home entertainment, through to the internet with its streaming videos and not strictly legal peer-to-peer

capabilities. With so many sources available, today's fan of horror and exploitation movies isn't necessarily educated on paths well-trodden – Universal classics, 1950s monster movies, Hammer – as once they were. They may not even be born and bred on DAWN OF THE DEAD. In fact, anyone with a bit of technical savvy (quickly becoming second nature for the born-clicking generation) may be viewing MYSTICS IN BALI and S.S. EXPERIMENT CAMP long before ever hearing of Bela Lugosi or watching a movie directed by Dario Argento. In this world, H.G. Lewis, so-called “godfather of gore,” carries the same stripes as Alfred Hitchcock, “master of suspense.” SPINEGRINDER is one man's ambitious, exhaustive and utterly obsessive attempt to make sense of over a century of exploitation and cult cinema, of a sort that most critics won't care to write about. One opinion; 8,000 reviews (or thereabouts).

Alexia Tarabotti, Lady Maccon, has

settled into domestic bliss. Of course, being Alexia, such bliss involves integrating werewolves into London High society, living in a vampire's second best closet, and coping with a precocious toddler who is prone to turning supernatural willy-nilly. Until, that is, she receives a summons that cannot be ignored. With husband, child, and Tunstells in tow, Alexia boards a steamer to cross the Mediterranean. But Egypt may hold more mysteries than even the indomitable Lady Maccon can handle. What does the vampire Queen of the Alexandria Hive really want from her? Why is the God-Breaker Plague suddenly expanding? And how has Ivy Tunstell suddenly become the most popular actress in all the British Empire? TIMELESS is the final book of the Parasol Protectorate series: a comedy of manners set in Victorian London, full of werewolves, vampires, dirigibles, and tea-drinking.
