*Now in paperback, renowned sex therapist Ian Kerner shares the unique and indispensable methodology he uses to help thousands of couples get unstuck and into sexual sync. Dr. Ian Kerner is a Sherlock Holmes of the bedroom—a sexual detective helping individuals and couples solve the mystery of their sexual distress. His secret weapon? Analyzing your “sex script.” Kerner takes a recent sexual work to a recent sexual work, examining the entire sequence of interactions—beginning, middle, and end—from multiple angles. In those details—the what, where, when, and why of the last time you had sex—all the clues of what went wrong are revealed and the mystery of how to create mutual pleasure can be solved. When our sex scripts work, we lose ourselves in mutual pleasure; but when they fail, it’s all we can do not to ruminate over the details. What can be learned by looking at your sex life in action? With wit and warmth, the nationally recognized sex therapist and author of the smash hit *She Comes First* shows readers how to tap into their erotic personalities and realize their sexual potential. Dr. Kerner provides the tools and techniques you need to assess, fix, and expand your sex scripts, as well as discuss many common sexual problems that get in the way of happy endings. With the help of decades of clinical insight, the latest sexual science and research, valuable homework assignments, case studies, and more, this insightful and original book strips away discomfort and offers couples not just the ability to talk about sex, but the ability to actually do something about it.*

A bestseller since it was first published in 1972, Alex Comfort’s classic work celebrates human physical intimacy with such authority and clarity that a whole generation felt empowered to enjoy sex. It was groundbreaking and unique in the wide range of subjects it discussed and in its reassuring authority and sense of fun. No other book has come close in providing such a wise, witty, uninhibited - sometimes delightfully eccentric - guide to lovemaking. And the original illustrations are absolutely iconic.

*From the author of three international bestsellers comes a sexual playbook for both men and women that goes a scintillating step further. If her other books were about seduction, *The Great Lover Playbook* is about keeping the sizzle alive in a relationship 365 days a year, whether you’ve been together four weeks or forty years. With one tip or technique for each day of the year, Lou provides refreshing perspectives on a variety of subjects, including:

Changing the Way We Talk to Teens About Sexuality, Values, and Health

For Goodness Sex

A Vagina Owner’s Guide to Orgasm

*A progressive, effective, and responsible approach to sex education for parents and teens that challenges traditional teaching models and instead embraces 21st century realities by promoting healthy sexuality, values, and body image in young people. Sex education today generally falls into one of two categories: abstinence-only or abstinence-based education—both of which tend to withhold important, factual information and leave young adults ill-equipped to make safe decisions. At Vernacchio, a high school sexuality educator who holds a Master’s degree in Human Sexuality from the University of Pennsylvania, has created a new category: sex-positive education. In *For Goodness Sex*, he refutes the “disaster prevention” model of sex ed, offering a progressive and realistic approach: Sexuality is a natural part of life, and healthy sexuality can only develop from a sex-positive, affirming appreciation. Curious yet fearful of being judged, young people turn to peers, the Internet, and the media, where they receive problematic messages about sex: boys are studs, girls are sluts; real sex should be like porn; hookups are better than relationships. Without a broader understanding to offset these damaging perceptions, teenagers are dangerously unprepared intellectually and emotionally to grow and develop as sexual beings. *For Goodness Sex* offers the tools and insights adults need to talk young people and help them develop healthy values and safe habits. With real-life examples from the classroom, exercises and quizzes, and a wealth of sample discussions and crucial information, Vernacchio offers a guide to sex education for the twenty-first century.*

*Winner of the 2021 SSTAR Consumer Book Award! What makes sex magnificent? What are the qualities of extraordinary erotic intimacy and what are the elements that help to bring it about? Is great sex the stuff that people remember nostalgically from the “honeymoon” phase of their relationships, or can sex improve over time? **Magnificent Sex is based on the largest, in-depth interview study ever conducted with people who are having extraordinary sex. It gathers the nuggets for remarkable sex from the “experts”, distilling them into an attainable blueprint for ordinary lovers who want to make erotic intimacy grow over the course of a lifetime. Looking at factors including individual and relational qualities, empathic communication and the myths and realities of magnificent sex, this book offers accessible and evidence-based guidance for lovers and therapists alike. It is replete with frank and often humorous interviews with straight and LGBTQ individuals and couples, those who are “vanilla” and “kinky”, monogamous and consensually non-monogamous and healthy and chronically ill. This illuminating book explores the implications of the findings to develop a model that effectively tackles the common problems of low desire and frequency. The “cure” for low desire is to create desirable sex!***

*Are you one of the thirty percent of women who has difficulties with orgasm? Do you want to experience greater sexual satisfaction? In easy to read language, *The Elusive Orgasm* provides a full overview of women’s sexual pleasure, covering sexual triggers, stages of arousal, the power of mind, and how women differ from men. Longtime clinical psychologist and sex therapist Dr. Vivienne Cass reveals all the causes of women’s orgasm difficulties -- and how to remedy them. In *The Elusive Orgasm*, you’ll learn: What an orgasm is How the clitoris is much more than “a little button” The stages of a woman’s arousal The five types of orgasm difficulties The twenty-five causes of those difficulties Self-awareness via quizzes and questionnaires Sexual and non-sexual changes to help you orgasm Step-by-step plans to help you and your partner An extraordinarily thorough, all-inclusive exploration of every possible reason why women have orgasm challenges. *The Elusive Orgasm* gives you the tools to discover the source of your own orgasm difficulties, along with straightforward remedies.*

This book taught me so much about female desire. A must read! Cherry Healey Did you know that there is an orgasm gap of around 30% between heterosexual couples when they have sex? in *Mind The Gap*, Dr Karen Gurney, a clinical psychologist and certified psychosexologist, explores not just this gap, but the gaps in our knowledge of so much of the most important aspects of sex and love that you’ve been led to believe about female sexuality isn’t actually true. And that, despite what you might think, it is possible to simultaneously feel little to no spontaneous desire and have a happy and mutually satisfying sex life long term. Exploring the mismatch between ideas about sex in our society and what the science tells us, *Mind The Gap* explores the sexual problems. Coming science with case studies, practical exercises and tips, this is a book for anyone who wants to better understand the mechanics of desire and futureproof their sex life, for life.

Did you know that the clitoris has 8000 nerve endings, twice as many as the penis? Here is everything you’ve wondered about the female orgasm and how to make it happen. A witty, well-researched and revealing guide to giving your lover an orgasm every time. More than just foreplay, Ian Kerner argues that oral sex is the key to a great sex life for both partners. A detailed anatomical information, essential to both beginners and experienced lovers. It’s time to close the sex gap and create a level playing field in the exchange of pleasure, and cunnilingus is far more than just a means for achieving this noble end: It’s the cornerstone of a new sexual paradigm, one that exuberantly extols a shared experience of pleasure, intimacy, and can bestow upon a woman.” Ian Kerner

A NEW YORK TIMES BESTSELLER An essential exploration of women’s sexuality that will radically transform your sex life into one filled with confidence and joy. After all the books that have been written about sex, all the blogs and TV shows and radio Q&As, how can it be that we all still have so many questions? The frustrating reality is that we’ve been lied to — no one has the answers. Come as You Are reveals the true story behind female sexuality, uncovering the little-known science of what makes us tick and, more importantly, how and why. Sex educator Dr Emily Nagoski debunks the common sexual myths that are making women (and some men!) feel inadequate between the sheets. Underlying almost all of the questions we still have is a resounding Yes! We are all different, but we are all normal — and once we learn this, we can create for ourselves better sex and more profound pleasure than we ever thought possible. PRAISE FOR EMILY NAGOSKI ‘As a literary work, Nagoski’s book deserves plaudits for the rare achievement of merging pop science and the sexual self-help genre in prose that’s not just battlecry, but in a world keen to sexually homogenise women from the gap of their thighs to the shape of their mons pubis, the sentiment lands like a bomb.’ *The Guardian* ‘Come As You Are screams female empowerment loud and proud.’ *The Independent*

The Elusive Orgasm

Supersex

A woman’s complete guide to pleasing her man.

We ’ve been thinking about sex all wrong. Mainstream media, movies, and porn have taught us that sex = penis + vagina, and everything else is just secondary. Standard penetration is how men most reliably achieve orgasm. The problem is, women don ’t orgasm this way. We ’ve separated our most reliable route to orgasm—clitoral stimulation—from how we feel we should orgasm—penetration. As a result, we ’ve created a pleasure gap between women and men: 50% of 18-35-year-old women say they have trouble reaching orgasm with a partner 64% of men vs. 91% of men said they had an orgasm at their last sexual encounter 55% of men vs. 4% of women say they usually reach orgasm during first-time hookup sex In *Becoming Cliterate*, psychology professor and human sexuality educator Lou Maltz exposes the broader cultural problem that ’s perpetuating this gap, and why we can do about. Pulling together evidence from biology, sociology, linguistics, and sex therapy into one comprehensive, accessible, and prescriptive book, *Becoming Cliterate* features: Culture & historical analysis of female orgasm (spoiler: the problem ’s been going on for ages) An anatomy section (it ’s all custom under the hood) Proven techniques for cliterate sex (it starts with training the sex organ between your ears) A comprehensive final chapter for men (because you don ’t have to have a clitoris to be cliterate) By dispelling the lies, misunderstandings, and myths that have been holding us back, *Becoming Cliterate* tackles both personal and political problems and replaces them with updated outcomes and practical skills needed to change our collective perspective on sex. It ’s time to finally inform women and men on how to have satisfying experiences in bed that benefit both parties. The revolution is coming—and *Becoming Cliterate* offers a radical, simple solution to progress and pleasure for all.

Sex. After. Baby. These three words are spoken in hushed voices over playdates and at playgrounds. But while we may whisper them to our closest girlfriends, or joke about them after one too many beers with the guys, when it comes to talking with our partners about what’s really going on (or not going on, as the case may be) in our child-proofed bedrooms, more and more of us find ourselves tongue-tied and tiptoeing. Are you part of the “sleepless, sexless” club? You just might be, if you’d rather just go to bed than go to bed with your partner. The mind-blowing sex you once had now just blows. The TV is turned on more than you are. A playdate sounds better to you than yet another bad date night. The baby gets more kisses and cuddles than you do. You’re beaten down from always having to initiate sex. Foreplay has become chore-play. “Let’s get it on” are now fighting words. But it doesn’t have to be this way. According to bestselling author Ian Kerner, Ph.D., and “naughty mommy” Heidi Raykel, it really is possible to do the hokey pokey and keep up the hanky panky. Ian and Heidi often bring very different perspectives, but they agree that sex matters . . . a lot. It’s the glue that holds couples together and keeps lovers from becoming simply roommates or co-parents. Funny and frank, *Love in the Time of Colic* will help parents take the charge out of this once-taboo subject, and put it back where it belongs—in the bedroom.

In this remarkable new book, Dr. David Schnarch, world-renowned sex and marital therapist and author of *Passionate Marriage*, offers a groundbreaking approach to resolving sexual difficulties and the relationship problems they cause. By showing couples how they can turn their worst sex and relationship disasters into personal growth and spiritual connection, Dr. Schnarch offers couples the best sex of their lives. In addition to taking an unflinchingly honest, realistic, and erotic approach to sex, Dr. Schnarch reveals the complicated emotional interactions hidden within couples’ most private moments. Resurrecting Sex speaks of compassion, partnership, generosity, and integrity in adult sexual relationships, offering hope to millions of people — golden-anniversary marriages, newly formed couples, and single alike — who are struggling with sexual difficulties. Uplifting, provocative, and heartfelt, the book is organized into four sections: A crash course in sex Explanation of how sexual relationships really work Medical options and bionic solutions Vignettes of couples changing their sexual relationships Resurrecting Sex addresses all major sexual issues, including male erection problems such as rapid orgasm and delayed orgasm; women’s problems with arousal and lubrication, difficulty reaching orgasm, and low desire; full coverage of Viagra (for both men and women); and other sex-enhancing drugs and medical options. Rather than dwelling on sexual techniques, this sympathetic book shows how to cure the rejection, hostility, and emotional alienation that often accompany sexual problems. Its unique method helps couples develop the love, affection, and commitment that prevent divorce and strengthen families. Generous of spirit, enlightened, and insightful, *Resurrecting Sex* is destined to make the world a better place to fall in love.
