"Laura Lynne Jackson is a psychic medium and the author of the New York Times bestseller The Light Between Us. She possesses an incredible gift--the ability to communicate with loved ones who have passed, convey messages of love and healing, and impart a greater understanding of our interconnectedness. Though her abilities are exceptional, they are not unique, and that is the message at the core of this book. Understanding "the secret language of the universe" is a gift available to all. As we learn to ask for and recognize signs from the other side, we will start to find meaning where before there was only confusion, we will see light in the darkness. We may decide to change paths, push toward love, pursue joy, and engage with life in a whole new way. In Signs, Jackson is able to bring the mystical into the everyday. She relates stories of people who have experienced these uncanny revelations and instances of unexplained synchronicity, as well as those drawn from her own experience. There's the producer whose lost child appears to her as a deer that approaches her unhesitatingly at a highway rest stop; the name tag of an ER nurse that lets a terrified wife know that her husband will be okay; the Elvis Presley song that arrives at the exact time of her own father's passing; and many others. This is a book that is both inspiring and practical, deeply comforting and wonderfully

motivational in asking us to see beyond ourselves to a more magnificent universal design"--

This work includes a new excerpt -- about the past, present, and future of humanity -- from a sacred manuscript of Tibetan origin, known as the secret Book of Dzyan, which was written in the most ancient language of Senzar approximately one million years ago.

Armchair Fiction presents extra large science fiction double novels with original illustrations. "Dark Destiny" by Dwight V. Swain is the first novel. He was known throughout the system as Sha Haral, a fierce space warrior with a lust for power. He'd blasted his way back and forth across the spaceways many times. However, Haral's fortunes had taken a turn for the worse, and he soon became a downtrodden, bitter would-be conqueror haunting the dives on a backwater planet called Ulna. But his fate took an unexpected turn when a beautiful blonde-haired priestess, fleeing from a space pirate's hordes, fell into his lap. From this priestess Haral learned of an ancient woman-goddess who, according to legend, lay sleeping in a lost city surrounded by a legion of terrifying monsters. This ancient goddess, whose face was half-hidden by a jeweled veil, was known as a woman of ultimate beauty, possessing secrets of great power. And she still lay there, in her crumbling city, waiting for someone to awaken her... The second novel, "The Secret of Planetoid 88," is by Ed Earl Repp. Dane Cabot was just one of many slaves of the dictators--"The Hundred" as they were known--who ruled Earth with an iron hand. After a joy ride to a distant planetoid, Cabot

returned to Earth to find himself falsely accused of murder. There was no trial--The Hundred didn't operate that way. He was soon sentenced to die. But when a mysterious stranger interceded, Cabot found himself a stowaway on a space cruiser headed for Io, moon of Jupiter. There Cabot found a tiny colony of rebels with a master plan for the eventual freedom of Earth's enslaved populace. But radiation from Jupiter's Great Red Spot was slowly destroying Io. So Cabot and his fellow rebels found themselves in a desperate race against time. Could they orchestrate their plans before the rising tide of planet-wide disintegration overtook them? Deep in the void of space was a secret, a secret that was the key to freedom--if they could find it in time...

Set in China in the late 1800's, *The Secret Language of Women* tells the story of star-crossed lovers, Zhou Bin Lian, a Eurasian healer, and Giacomo Scimenti, an Italian sailor, driven apart by the Boxer Rebellion. When Lian is seventeen years old, she accompanies her Swiss father, Dr. Gianluca Brasolin, fluent in Italian, to tend the Italian ambassador, at the Summer Palace of Empress Dowager, where she meets and falls in love with Giacomo. Through voyage and adventure, their love intensifies, but soon is severed by Lian's dutiful promise as the wife to another. Forbidden from pursuing her chosen profession as a healer, and despised

because she does not have bound feet, she is forced to work in a cloisonné factory while her in-laws raise her daughter, Ya Chen. It is in Nushu, the women's secret writing, that she chronicles her life and her hopes for the future. Rebelling against the life forced upon her, she empowers herself to act out against the injustice and becomes the master of her own destiny. But her quest for freedom comes at a costly price: The life of someone close to her, lost in a raging typhoon, a grueling journey to the Yun-kang Caves, and a desperate search for beauty and love in the midst of brutality. This indispensable astrological text addresses the question we all ask at some point during the course of our lives: "What is the purpose of my life?" It identifies, based on birthdate, what, on a soul level, someone came into this lifetime to achieve, in other words, their karmic signature. Gary Goldschneider and Joost Elffers take the reader on a spiritual quest around the astrological galaxy that culminates in a sense of purpose and truth. In addition to the great inter-personal benefits, this book also contains thousands of tidbits of information regarding the astrological signs of actors, musicians, and world

leaders.

From the book: Who would not say that it is impossible for man to trace out things in heaven? Yet this impossible thing, by the surpassing grace of God, becomes possible; for he who was caught up unto a third heaven traced out things in the three heavens through having heard unutterable utterances which it was not permitted for man to speak. Who can say that it is possible for the mind of the Lord to be known by man?

Astrology is finally getting personal! From the best-selling author of The Secret Language of Birthdays comes a revolution in charting your horoscope based on both the date and time of your birth that makes all other horoscope books irrelevant. With his "Personology" system, Gary Goldschneider has created a unique method which divides each of the twelve signs into five sub-types-such as Aquarius-Pisces Cusp, Pisces I, Pisces II, Pisces III, and Pisces-Aries Cusp-thereby sub-dividing the astrological year into 48 personology periods. The precision this allows is far beyond anything available in any other astrology book and provides a groundbreaking new way for readers to look not only at their own lives, but their interactions with those around them. The book comes packed with easy-to-follow charts covering the sun, eight different planets, and, unique to this book, the rapid fluctuations of the moon for every year from 1900 through 2025. The result is an unprecedented level of precision, as well as a beautifully illustrated volume destined to become the

one and only book horoscope readers will treasure for the next twenty years.

Do you wonder if you have an important call with destiny? That you have been selected for something? A cause of a higher purpose? Well you have been chosen and the why, when, where and how is the subject of this book. Explore Your Destiny is divided into four sections. Each section supplies one more piece of the puzzle for you to place, so you can look at your life's arc with new insights. 1.Why - Why are we here and why must we live what we are living through right now? It's the age old expression, that we all say at one time or another, "Why me?" Well there is a reason and it will be explained to you. 2.When - In what period along your souls timeline is all of this happening? Yes, there is a greater context of your soul, which you may not be aware of. Knowing your relative position in the path to perfection will guide you to understanding your current life. 3.How - How does all of this occur? How does the entire process affect your destiny and actions? What are the rules of the game? Knowing the structure and comprehending the basic laws that direct your life provides you with a point of view that will put everything into perspective. 4.Where - Where is this world that plans our destiny? Are there good places to be and are there bad? Where does the earth fit into the logical structure? You will see where the regions that you are striving to attain are and

where you may be living in your not-to-distant future. Imagine a class of disenchanting, turned-off teens, mostly males. Then imagine those same students feeling poorly about themselves - feeling they are dumb because they have not been told it takes time to learn a second language. Imagine adults passing through their lives and finally one sticks around to show them they are loved. They are safe. They are good. Just imagine.

An illustrated guide to the occult history, serpent magic, and practical application of the I Ching • Reveals how the sacred language of the original eight trigrams of the I Ching was discovered by a wisdom serpent known as Fu Xi • Explores how the I Ching formed the basis of the earliest Taoist philosophies, its complex correlation with human DNA, and its relationship with artificial intelligence • Provides new contemporary analysis of each of the 64 hexagrams, their changing lines, and archetypes of the I Ching • Includes original artwork highlighting the serpent magic within the system and tools to help you interpret the I Ching based on your own individual experience One of the oldest books in the world, the I Ching has been used in China for millennia to open a dialogue with divinity, gain insight and wisdom, and pull aside the curtain of reality to reveal the light of the heavens. Yet, despite its popularity over thousands of years, few understand its mysterious origins, symbolism, or occult

connections. In this illustrated guide, Maja D'Aoust applies her significant experience as a professional practitioner and scholar of the I Ching to provide a history of the oracle, explain the mechanisms at work behind it, and offer a new experiential approach to its interpretation. The author begins by examining the discovery of the I Ching by the first mythical emperor of China, Fu Xi, a divine being with the body of a serpent. She reveals how Fu Xi's eight original trigrams, also called the Ba Gua, provided a sacred language of symbols that allowed for communication between the diviner and the spirit world. Using the I Ching's principles of cosmology as a basis, the shamans of ancient China developed the earliest Taoist philosophies of nature, medicine, martial arts, and mathematics as well as ecstatic practices, war strategies, birth and death rituals, agricultural systems, and alchemical studies. D'Aoust further shows how the I Ching relates to the mathematical sequences of biology and human DNA, examining the correlation between the serpent's tail and the double helix. She reveals how the ways the oracle connects with your own inner knowing parallel the ways in which DNA repairs itself. Providing a new analysis of each of the 64 hexagrams and their changing lines and archetypes, the author explores each hexagram's meanings in depth, alongside original artwork highlighting the serpent magic within the system and tools to help you interpret the I Ching

based on your own individual experience. Revealing how the oracle holds complex networks of meaning that language alone fails to capture, D'Aoust offers a new understanding of the Book of Changes and its many hidden lessons.

I lived in a world of darkness, never to see the light again. It's been eleven years since my father cursed Crystal City, since he condemned me to a life of loneliness and misery.
