

## Pearson Education Introduction To Political Science Books

Political ScienceAn Introduction, Global Edition

For courses in Educational Policy and Educational Leadership: For potential and current K-12 administrators From a leader in the field-a comprehensive text covering education policy and the policy process that encourages future educational leaders to be proactive-and gives them a firm understanding of educational policy and the important political theories upon which it is based. While expressing the belief that it is important for today's school leaders to know how to track educational policies and to seek to influence them, Frances Fowler, a well respected authority in the field of educational policy, recognizes that most leaders have little or no background in political science policy studies and even less experience with the state politics of education. For these future and current administrators, Professor Fowler presents essential background information about the cultural, economic, demographic, and institutional roots of educational policy. She identifies and describes the major policy actors, and gives educators in depth descriptions of each stage of the policy process, complete with numerous examples of how policy unfolds in the development of educational policy.A goal of the book is to ensure that educational leaders understand the basic political theories that underpin educational policy development. To that end, the author provides an example of how to apply this knowledge in everyday practice.

For courses in Introduction to Political Science Grasp the ever-changing nature of politics around the world Revel(TM) Understanding the Political World gives students deeper insight into the continually evolving nature of international politics. Exploring the subject matter from a comprehensive and comparative standpoint, authors James Danziger and Lindsey Lupo use real examples from different international political systems to demonstrate how politics are understood throughout the world. By prompting students to explain what they know, the authors bring abstract political concepts into focus by connecting them to students' lives. In order to provide a contemporary view of global politics, the 13th Edition has been updated with the latest data and information, as well as a reformulated final chapter that analyzes partially developed countries such as Indonesia and Saudi Arabia. Revel is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, Revel replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, Revel is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook. NOTE: Revel is a fully digital delivery of Pearson's content. This ISBN is for the standalone Revel access card. In addition to this access card, you will need a course invite link, provided by your instructor, to register for and use Revel.

Understanding the Political World: Pearson New International Edition

Understanding the Political World: Pearson New International Edition PDF eBook

Understanding the Political World offers a comparative perspective on how politics works at the global, national, group, and individual level. ¿ Focusing on how fundamental concepts in political science relate to real political events, this bestselling text surveys political behavior, systems, and processes throughout the world and asks students to evaluate and apply this knowledge. Through an engaging writing style, numerous examples, and the instructive use of visuals, Understanding the Political World encourages students to think like political scientists and to critically examine new and enduring political realities and challenges. ¿ Teaching and Learning Experience Personalize Learning: MyPoliSciLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. Explore Concepts and Current Events: Drawing on recent political events from a discussion of the economic crisis in the context of Ireland to the Iraqi people's struggle to create a democracy, this text surveys the discipline of political science and shows how political scientists analyze real-world politics. Improve Critical Thinking: "Compare," "Focus," and "Debate" boxes encourage students to think comparatively and to develop political arguments. Engage Students: A new four-color design and numerous photos offer a current and lively reading experience. Emphasize Learning Outcomes: New learning objectives in every chapter focus students on what they need to learn. In MyPoliSciLab, study plans based on the same learning objectives give students follow-up reading, video, and multimedia activities for further practice. Instructor Support: An instructor's manual, test bank, and PowerPoint presentation provide more teaching resources. In MyPoliSciLab, ClassPrep¿collects class presentation resources in one convenient online destination.

Teach students how - not what - to think about politics. REVEL(TM) for Introduction to Political Science: How to Think for Yourself about Politics helps students gain the skills they need to think critically about a wide range of political topics - and to become more comfortable with politics itself as a result. In order to help introductory students navigate the shifting space of complex ideas that characterizes politics, author Craig Parsons offers a systematic presentation of a wide variety of political practices and ideologies, as well as the differing explanations for why people act as they do. In a time of low trust in government and rising distaste for politics, this fresh overview of political science invites students to engage these subjects in a way that is both supportive and open-minded. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience - for less than the cost of a traditional textbook. Explore the Fundamentals of Political Science. REVEL(TM) for Political Science: An Introduction shows students how the fundamental tenets of political science have helped important leaders make critical decisions for centuries. The authors present a balance of theoretical abstractions and applied reasoning to help students understand how to make calm, rational choices when it comes to political manipulation. REVEL for the Fourteenth Edition asks students to explore the controversial topic of exported democracy, and whether certain countries are ready and equipped to apply our form of government. By examining issues such as the Iraq war and the difficulty of adapting our own democracy in the U.S., REVEL for Political Science prompts students to form their own opinions about democracy and political science. Geared toward those learning about the topic for the first time, the authors encourage students to consider different paradigms, viewpoints, and theories when developing their own political views. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. *"This book provides an engaging and intellectually challenging introduction to political ideologies, while at the same time giving an accessible route into the subject for those new to politics. Supported by an outstanding companion website, it has strong claims to be the best undergraduate textbook on ideologies on the market." Dr. Mike Gough, University of East Anglia Introduction to Political Theory is a text for the 21st century. It shows students why an understanding of theory is crucial to an understanding of issues and events in a rapidly shifting global political landscape. Bringing together classic and contemporary political concepts and ideologies into one book, this new text introduces the major approaches to political issues that have shaped the modern world, and the ideas that form the currency of political debate. Introduction to Political Theory relates political ideas to political realities through effective use of examples and cases studies making theory lively, contentious and relevant. This thoroughly revised and updated second edition contains new chapters on global justice and political violence, as well as an expanded treatment of globalisation and the state. A wide range of pedagogical features helps to clarify, extend and apply students' understanding of the fundamental ideologies and concepts. This is comprised of: · Case studies demonstrate how political ideas, concepts and issues manifest in the real world · 'Focus' boxes encourage students to appreciate alternative viewpoints · A range of thought provoking photographs challenge students to examine concepts from a different angle · Suggestions for further reading and weblinks are also provided to help students to further their understanding Introduction to Political Theory is accompanied by an innovative website with multiple choice questions, biographies of key figures in political theory, further case studies and an innovative 'how to read' feature which helps students get to grips with difficult primary texts.*

For Introduction to Political Science courses. Exceptionally up-to-date and rich in cross-national examples, Political Science offers an unbiased and thorough introduction to the basic concepts and theories of political science. With a critical look at the major theories, it exposes students to many ways of thinking, and challenges them to think critically. Emphasizing both U.S. and comparative politics provides students with a solid foundation for connecting their studies of what is happening in the world around them.

This book attempts to fill the void in literature for undergraduate and graduate students in the Third World, particularly Nigeria. Primarily intended for introductory courses in political science and, specifically, Nigerian government, the material covers such areas as the foundations of political science, political thought, political systems, and world order.

Politics, Power, and the Common Good

An Introduction to Political Science

Political Science: an Introduction with MyPolisciLab

For courses in Educational Policy and Educational Leadership; For potential and current K-12 administrators From a leader in the field—a comprehensive text covering education policy and the policy process that encourages future educational leaders to be proactive—and gives them a firm understanding of educational policy and the important political theories upon which it is based. While expressing the belief that it is important for today's school leaders to know how to track educational policies and to seek to influence them, Frances Fowler, a well respected authority in the field of educational policy, recognizes that most leaders have little or no background in political science or policy studies and even less experience with the state politics of education. For these future and current administrators, Professor Fowler presents essential background information about the cultural, economic, demographic, and institutional roots of educational policy. She identifies and describes the major policy actors, and gives educators in depth descriptions of each stage of the policy process, complete with numerous examples of how policy unfolds in the development of educational policy. A goal of the book is to ensure that educational leaders understand the basic political theories that underpin educational policy development. To that end, the author provides example of how to apply this knowledge in everyday practice.

Teach students how -- not what -- to think about politics REVEL(tm) for Introduction to Political Science: How to Think for Yourself about Politics helps students gain the skills they need to think critically about a wide range of political topics -- and to become more comfortable with politics itself as a result. In order to help introductory students navigate the shifting space of complex ideas that characterizes politics, author Craig Parsons offers a systematic presentation of a wide variety of political practices and ideologies, as well as the differing explanations for why people act as they do. In a time of low trust in government and rising distaste for politics, this fresh overview of political science invites students to engage these subjects in a way that is both supportive and open-minded. REVEL is Pearson's newest way of delivering our respected content. Fully digital and highly engaging, REVEL replaces the textbook and gives students everything they need for the course. Informed by extensive research on how people read, think, and learn, REVEL is an interactive learning environment that enables students to read, practice, and study in one continuous experience -- for less than the cost of a traditional textbook.
