In 1931, William C. Craver became the Executive Secretary of the Colored YMCA. He was highly effective in implementing changes in structure and operations of the developing YMCA as it joined as a branch of Houston YMCA. Craver was also instrumental in the Y's growth in programs and services by expanding the work of the Colored Branch YMCA of Houston. The Colored Branch YMCA of Houston moved to the Pilgrim Building located at 1217 Bagby Street and West Dallas Avenue in 1935. This change in location brought on a new designation for the branch. Both programs and services increased to the extent that the need for a permanent building designed for YMCA activities became an impelling need. In September 1948, Executive Secretary William C. Craver hired Quentin R. Mease as a program director to initiate a special expansion program for young men. Shortly after arriving on his new assignment, Mease convinced his colleagues to change the name of the Colored Branch YMCA located in the Pilgrim building to the Bagby Street Branch YMCA and succeeded William C. Craver as the executive secretary in 1950.

What Effective Schools Do Writing a Successful Thesis Or Dissertation

You have things of greater value inside of you, for example, your metaphorical vault, than you realize. The precious things in your vault are more valuable, powerful, and life-altering than money, jewelry or physical property. Unlike the thieves and robbers throughout history who could figure out how to break into the best of vaults, so many find it hard to reveal the treasures inside themselves. This is especially true for women. So many of us are so focused on caring for others that we don't take the time to figure out our true selves. But I'm here to change that with this book. I'll share with you the six secrets I've discovered that will help you realize your fullest potential - something every girl and woman deserves to achieve. To this end, each chapter details one of the seven secrets to feminine power. I use the word secrets not because these things are unknown to the world, but because, like the golden Buddha, they're hiding in plain sight. They're out there, but we don't see the value in them. Because of constant demands from the outer world, you may have focused, drawn, and anchored the energy of your own life in external conditions that have become our problems and limitations. And, like many, you may have been unclear about your innate gifts and power and fooled by the history of male influence on the world. Now you can learn to leverage your feminine power to become all you can be. There's no time like the present. Let's begin.

An Examination of Grade 1 in Texas Public Schools : Technical Report

The Texas Model for Comprehensive School Counseling Programs is a resource to develop effective and high quality comprehensive school counseling programs that align with Texas statutes and rules governing the work of school counselors. It outlines a process for tailoring school counseling programs to meet the varying needs of students across an array of school districts through implementation of the four components of school counseling programs, Guidance Curriculum, Responsive Services, Individual Planning, and System Support. With this resource, a school counselor will learn to use campus-specific data to identify the unique needs of a campus and design a comprehensive school counseling program to meet those needs. Recognizing the important roles of the entire educational community, the Texas Model for Comprehensive School Counseling Programs provides examples of how parents, teachers, administrators, principals and school counselors can best contribute to implementation of each of the four components of comprehensive school counseling programs. It provides a developmental framework for a school counseling program curriculum that includes activities at each grade level to enhance students' educational, career, personal and social development.
