Annotation: The Index is published in two physical volumes and sold as a set for \$250.00. As America's geography and societal demands expanded, the topics in The Etude magazine (first published in 1883) took on such important issues as women in music; immigration; transportation; Native American and African American composers and their music; World War I and II; public schools; new technologies (sound recordings, radio, and television); and modern music (jazz, gospel, blues, early 20th century composers) in addition to regular book reviews, teaching advice, interviews, biographies, and advertisements. Though a valued source particularly for private music teachers, with the de-emphasis on the professional elite and the decline in salon music, the magazine ceased publication in 1957. This Index to the articles in The Etude serves as a companion to E. Douglas Bomberger's 2004 publication on the music in The Etude. Published a little over fifty years after the final issue reached the public, this Index chronicles vocal and instrumental technique, composer biographies, position openings, department store orchestras, the design of a successful music studio, how to play an accordion, recital programs in music schools, and much more. The Index is a valuable tool for research, particularly in the music culture of American in the late nineteenth and early twentieth centuries. With titles of these articles available, the doors are now open for further research in the years to come.

Hi There, Boys and Girls!

The Solo Beatles Film & TV Chronicle 1971-1980

This book is meant as a companion volume to The Beatles Film & TV Chronicle 1961-1970 and covers the first ten years of the solo careers of the individual Beatles from 1971 to 1980. It is the indispensable reference book for every serious Beatles video collector, with several years worth of research and investigation into the massive amount of film material held in archives around the world. The book includes details on over 100 hours worth of solo material, with many items covered for the very first time, and is fully illustrated with over one hundred thumbnail images taken from a variety of film sources. As a bonus, the book also includes a chapter of updates regarding recently discovered and new information about films of The Beatles as a group during the years from 1961 to 1970.

A pianist in lounges and lobbies around the world, Robin Meloy Goldsby tells her warm-hearted stories by linking people she has met with places she has played. Along the way, she connects the humanity of her audiences—princes and paupers, dreamers and doers, moguls, mobsters, wanna-bes, and has-beens—with the quiet soundtrack of her peripatetic, melodic life. Goldsby's autobiographical stories and essays deliver insights into the art and craft of piano playing, the merits of live music, and how the right song at the right moment can add color and depth to a drab, one-dimensional world. Music, it turns out, connects us in unpredictable ways.

Musical Women in England, 1870-1914 delineates the roles women played in the flourishing music world of late-Victorian and early twentieth-century England, and shows how contemporary challenges to restrictive gender roles inspired women to move into new areas of musical expression, both in composition and performance. The most famous women musicians were the internationally renowned stars of opera; greatly admired despite their violations of the prescribed Victorian linkage of female music-making with domesticity, the divas were often compared to the sirens of antiquity, their irresistible voices a source of moral danger to their male admirers. Their ambitious social reception notwithstanding, the extraordinary ability and striking self-confidence of these women - and of pioneering female soloists on the violin, long an instrument permitted only to men - inspired fiction writers to feature musician heroines and motivated unprecedented numbers of girls and women to pursue advanced musical study. Finding professional orchestras almost fully closed to them, many female graduates of English conservatories performed in small ensembles and in all-female and amateur orchestras, and sought to earn their living in the overcrowded world of music teaching.

Flannery O'Connor was among the greatest American writers of the second half of the 20th century; she was a writer in the Southern tradition of Eudora Welty, William Faulkner, and Carson McCullers, who wrote such classic novels and short stories as Wise Blood, The Violent Bear It Away, and "A Good Man is Hard to Find." She is perhaps as well known for her tantalizing brand of Southern Gothic humor as she is for her Catholicism. That these tendencies should be so happily married in her fiction is no longer a surprise. The real surprise is learning that this much beloved icon of American literature did not set out to be a fiction writer, but a cartoonist. This seems to be the last well-kept secret of her creative life.

In The Lost Girl, James Morrison finds a compelling lens through the eyes of a young person trying to understand the world and her place in it. In stylized prose both elegant and spare, saturated with irony but fraught with tenderness, Morrison raises questions about modern life that become more pressing by the day.

The Little Piano Girl

The Christian's Guide to Living in the Last Days Vol.2

Dancing Hands

America's Local Children's TV Programs

Winner of the Pura Belpré Illustrator Award A Kirkus Reviews Best Picture Book In soaring words and stunning illustrations, Margarita Engle and Rafael López tell the story of Teresa Carreño, a child prodigy who played piano for Abraham Lincoln. As a little girl, Teresa Carreño loved to let her hands dance across the beautiful keys of the piano. If she felt sad, music cheered her up, and when she was happy, the piano helped her share that joy. Soon she was writing her own songs and performing in grand cathedrais. Then a revolution in Venezuela forced her family to flee to the United States. Teresa felt lonely in this unfamiliar place, where few of the people she met spoke Spanish. Worst of all, there was fighting in her new home, too—the Civil War. Still, Teresa kept playing, and soon she grew famous as the talented Piano Girl who could play anything from a folk song to a sonata. So famous, in fact, that President Abraham Lincoln wanted her to play at the White House! Yet with the country torn apart by war, could Teresa's music bring comfort to those who needed it most?

Put on a train in a strange land, they waved goodbye to a parent as they headed to an educational institution that, unbeknownst to them, was to become their new home. Separated from their loving families, they strived to meet the expectations of the grownups and, in some cases, to rebel against them. Now, independent women, compassionate mothers, and astute professionals, they look back on their youth in the 1960's and 1970's to make sense of why they were sent away, and to give meaning to the sources that have sustained them over the years. Ex-boarders themselves, Latham and Ferdows provide vivid and emotionally embodied narratives of everyday lives of the Boarding School Girls. This unique collection of stories explores key issues of identity and lifespan development to seek understanding of the influence of national, religious and family culture on development within two conflicting sets of cultural values. Combining unique qualitative data with illuminating tales of resilience and accomplishment in what is likely to simultaneously inform and inspire readers with feelings of joy and sadness, love and hate, abandonment and hope, but mainly trust and forgiveness. The stories of eleven 'little rich' Persian girls are a nostalgic reminder of their past cross-cultural ordeals, a pragmatic perspective on psychological implications of boarding school education in England, and a celebration of the possibilities of the future. The Boarding School Girls is valuable reading for students in cultural, developmental and educational psychology and the humanities, as well as clinical psychologists and educators looking at the impact of boarding school on adolescent development.
