

Picnic Borders For Word Documents

An enhanced eBook featuring fifteen videos from investigative reporter Greg Palast's globetrotting, Sam Spade-style investigation—including extraordinary footage of pre-dawn stake-outs of billionaire financial vultures, narrowly avoiding prison in Azerbaijan (shot with a spy-pen camera), exploring the inside a whale carcass in the Arctic and trekking deep in the Amazon rainforest. Watch as Palast connects the dots of corruption between the oil industry, the financial sector, and the government. On April 20, 2010, BP's Deepwater Horizon exploded in the Gulf of Mexico, killing eleven men and spilling million of barrels of crude oil into the water. Days later, a confidential cable arrives on investigative reporter Greg Palast's desk from a terrified insider. He has the real, hushed-up facts of the disaster—facts that can only be found buried in the files of a Central Asian dictatorship. Taking him and his team of journalist-detectives from the streets of Baku, where Palast searches for a brown valise full of millions a small Eskimo village where he hears first hand of the depth of deceit and heartbreaking environmental devastation, to a burnt out nuclear reactor in Japan to Chevron's operations in the Amazon jungle, Vultures' Picnic charts the course of Palast's quest to bring the truth of the BP disaster to light. Along the way, we see the many other crimes perpetrated by the energy giants of the worlds, the banks that fund their lies, and the governments that turn a blind eye. Like a page-turning spy thriller, full of mystery, intrigue, and featuring a reporter with the guts to get arrested, chase down insiders, or stakeout a Vulture in the still of a winter morning, Vultures' Picnic is pulp non-fiction at its best. It's a journey into the corrupt heart of Big Oil, and behind it, Bigger Finance, exposing once and for all the corporate vultures that feed on the weak, and poison our planet.

Shows how to use PowerPoint to create business presentations, including charts, graphs, hidden speaker's notes, backgrounds for overheads, and matching handouts

The extraordinary diversity of New Jersey is captured in this revised and up-to-date edition of This Is New Jersey, for forty years a classic and one of the most popular books ever written about the state. History, current problems, and opportunities for the future are skillfully blended in a book that makes it clear that there is a lot more to the state than can be imagined by those who speed through it on any of New Jersey's numerous interstates or railways. Ranking forty-sixth in size, but sixth in population, New Jersey is the most urban and densely populated of the fifty states. In spite of that, the state truly deserves its nickname, Garden State, and it has a large recreation industry. John T. Cunningham examines the state county by county from the hill country to the city belt; from the dairy farms to the Jersey shore. Historically, settlement in New Jersey goes back to the Lenni Lenape Indians, to the colonists, and to the state's place as the crossroads of the American Revolution. To those who do not know the state's byways and quiet towns, it appears that highways abound. Yet there are also many thousands of acres of precious woodland preserved by park commissions in Essex and Union counties. In northern New Jersey alone, there are more than a million acres of hardwood forests. In southern New Jersey, over a million acres of the fascinating Pinelands account for almost a quarter of the total state area. New Jersey is a land of lakes and mountains, of fishing docks and two-hundred-year-old houses, of farms and factories, of old universities and new commuting towns. This fourth edition retains the popular pictures of each county courthouse, the heart of county history andadministration. This fully redesigned edition is enhanced by several four-color and over 100 black-and-white illustrations by noted New Jersey photographer Walter Choroszewski.

A Word task-oriented reference book organized around how you do things, not how Word does things. Rather than moving menu by menu through the application, the book discusses the kinds of things people want to accomplish, such as changing the way the text looks, changing the space between lines, changing the page numbers, etc. It's a problem-solving book.

The Great American Mosaic: An Exploration of Diversity in Primary Documents [4 volumes]

Red Schuhart is a stalker, one of those young rebels who are compelled, in spite of extreme danger, to venture illegally into the Zone to collect the mysterious artifacts that the alien visitors left scattered around. His life is dominated by the place and the thriving black market in the alien products. But when he and his friend Kirill go into the Zone together to pick up a “full empty,&” something goes wrong. And the news he gets from his girlfriend upon his return makes it inevitable that he'll keep going back to the Zone, again and again, until he finds the answer to all his problems. First published in 1972, Roadside Picnic is still widely regarded as one of the greatest science fiction novels, despite the fact that it has been out of print in the United States for almost thirty years. This authoritative new translation corrects many errors and omissions and has been supplemented with a foreword by Ursula K. Le Guin and a new afterword by Boris Strugatsky explaining the strange history of the novel's publication in Russia.

This manual will help in building evidence for a sample portfolio for CLAIT Advanced 2006 Unit 4. The step by step exercise based approach of this book gradually builds up and extends your knowledge of complex documents. Useful data files are supplied with the manual which allow you to practice the different software features.

The twenty-first century has opened with a rapidly changing map of Christianity. While its influence is waning in some of its traditional Western strongholds, it is growing at a phenomenal pace in the global South. And yet this story has largely eluded the corporate news brokers of the West. Layered as it is with countless personal and corporate stories of remarkable faith and witness, it nevertheless lies ghostlike behind the newsprint and webpages of our print media, outside the camera's vision on the network evening news. Miriam Adeney has lived, traveled and ministered widely. She has walked with Christians in and from the far reaches of the globe. As she pulls back the veil on real Christians--their faith, their hardships, their triumphs and, yes, their failures--an inspiring and challenging story of a kingdom that knows no borders takes shape. This is a book that coaxes us out of our comfortable lives. It beckons us to expand our vision and experience of the possibilities and promise of a faith that continues to shape lives, communities and nations.

The Congressional Record is the official record of the proceedings and debates of the United States Congress. It is published daily when Congress is in session. The Congressional Record began publication in 1873. Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States (1789-1824), the Register of Debates in Congress (1824-1837), and the Congressional Globe (1833-1873)

Loved for its visual and flexible approach to building computer skills, the ILLUSTRATED COURSE GUIDE: MICROSOFT OFFICE 365 & WORD 2016: INTERMEDIATE is the ideal resource for learning more complex Microsoft Word 2016 skills, regardless of the reader's experience level. Each two-page spread focuses on a single skill, ensuring that information is easy to follow and absorb. The ILLUSTRATED COURSE GUIDE divides important Microsoft Word 2016 concepts and skills into three manageable levels -- Introductory, Intermediate, and Advanced -- making it perfect for mastering the skills needed in any learning environment. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Vultures' Picnic

Between the World and Me

The bestselling author of The Best Democracy Money Can Buy offers a globetrotting, Sam Spade-style investigation that blows the lid off the oil industry, the banking industry, and the governmental agencies that aren't regulating either. This is the story of the corporate vultures that feed on the weak and ruin our planet in the process-a story that spans the globe and decades. For Vultures' Picnic, investigative journalist Greg Palast has spent his career uncovering the connection between the world of energy (read: oil) and finance. He's built a team that reads like a casting call for a Hollywood thriller-a Swiss multilingual investigator, a punk journalist, and a gonzo cameraman-to reveal how environmental disasters like the Gulf oil spill, the Exxon Valdez, and lesser-known tragedies such as Tatitlek and Torrey Canyon are caused by corporate corruption, failed legislation, and, most interestingly, veiled connections between the financial industry and energy titans. Palast shows how the International Monetary Fund, World Bank, World Trade Organization, and Central Banks act as puppets for Big Oil. With Palast at the center of an investigation that takes us from the Arctic to Africa to the Amazon, Vultures' Picnic shows how the big powers in the money and oil game slip the bonds of regulation over and over again, and simply destroy the rules that they themselves can't write-and take advantage of nations and everyday people in the process.

#1 NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER • NAMED ONE OF TIME'S TEN BEST NONFICTION BOOKS OF THE DECADE • PULITZER PRIZE FINALIST • NATIONAL BOOK CRITICS CIRCLE AWARD FINALIST • ONE OF OPRAH'S “BOOKS THAT HELP ME THROUGH” • NOW AN HBO ORIGINAL SPECIAL EVENT Hailed by Toni Morrison as “required reading,” a bold and personal literary exploration of America's racial history by “the most important essayist in a generation and a writer who changed the national political conversation about race” (Rolling Stone) **NAMED ONE OF THE MOST INFLUENTIAL BOOKS OF THE DECADE BY CNN • NAMED ONE OF PASTE'S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY The New York Times Book Review • O: The Oprah Magazine • The Washington Post • People • Entertainment Weekly • Vogue • Los Angeles Times • San Francisco Chronicle • Chicago Tribune • New York • Newsday • Library Journal • Publishers Weekly** *In a profound work that pivots from the biggest questions about American history and ideals to the most intimate concerns of a father for his son, Ta-Nehisi Coates offers a powerful new framework for understanding our nation's history and current crisis. Americans have built an empire on the idea of “race,” a falsehood that damages us all but falls most heavily on the bodies of black women and men—bodies exploited through slavery and segregation, and, today, threatened, locked up, and murdered out of all proportion. What is it like to inhabit a black body and find a way to live within it? And how can we all honestly reckon with this fraught history and free ourselves from its burden? Between the World and Me is Ta-Nehisi Coates's attempt to answer these questions in a letter to his adolescent son. Coates shares with his son—and readers—the story of his awakening to the truth about his place in the world through a series of revelatory experiences, from Howard University to Civil War battlefields, from the South Side of Chicago to Paris, from his childhood home to the living rooms of mothers whose children's lives were taken as American plunder. Beautifully woven from personal narrative, reimagined history, and fresh, emotionally charged reportage, *Between the World and Me* clearly illuminates the past, bracingly confronts our present, and offers a transcendent vision for a way forward.*

This title is packed with everything from quick, clear instructions for new users to comprehensive answers for power users. And it's complete in one volume. In short, "Running Microsoft Word 97" is the authoritative handbook you'll keep by your computer and use every day. The CD-ROM features a searchable version of the book, Microsoft Internet Explorer add-ons, and ready-made sample files.

This book focuses on preparing the user to pass the associated Microsoft Office User Specialist (MOUS) certification exam. Its step-by-step tutorials show how to complete the required procedures in a clear, concise, and direct manner. The tutorials are organized to match the order of the skill sets and skills being measured as published on Microsoft's MOUS website. Skill sets include inserting and modifying text, creating and modifying paragraphs, managing documents, working with graphics,, customizing paragraphs, formatting documents, customizing tables, creating and modifying graphics, customizing Word, workgroup collaboration, and using mail merge. For MOUS Certification.
