Taking the beauty of Jesus out of our church buildings and into the world Church buildings are important. They give us a place where we can gather, but ultimately they're just buildings. They're not the real church. We are. Our impact shouldn't end when we walk out the doors of the church. That is the moment that it should begin. Christianity to Go shows you how to let God transform your life into something so beautiful you can't help but attract people, inspiring you to go out into the world and shine. God wants to point to us and say, "Look what I've done with him, with her, and with them! I've restored them. No, they aren't perfect yet, but someday they will be. Look at their beauty! I'm so proud they're Mine!" Jesus makes us beautiful by clothing us with love, joy, and spiritual strength. Get up and leave the building. People are waiting for you to

show them your beauty because your beauty points them to Jesus.

The answer to your need is locked in prayer. While prayer has not been a "hot" topic for many Christians, it is the most substantive course one could ever enroll in. I haven't met a person who didn't want to be better. I haven't spoken to an individual who didn't want to have the best job and the best spouse, attend the best school, and experience the best life. But in our attempt to have the best, we often look to people to give us what only prayer can give. We look for things that can only be received via spiritual transfer. What we really need is prayer. Pastor John Hannah shares insights on how prayer is the most under-utilized tool in the treasure chest of Christianity, and it is a MUST HAVE. Just Pray explores the call, the seat, and the warfare of prayer. When you finish this book, not only will you have practical tools to improve your prayer life, but also an encyclopedia of benefits that will help you to experience your best life now. This book will show you how to deepen and intensify your prayer life and gain wisdom on how to access heaven on Earth in powerful and yet practical ways.

Most people visit a church for the first time either by invitation or reputation. Many books have been written on the subject of personal evangelism and the importance of being a bringer. This book however, explores the power of reputation—specifically, God's

reputation as upheld and reflected in a church's culture. Based on the story of the Queen of Sheba's visit to King Solomon and how her initial encounter with his kingdom left her breathless and astounded, this book explores the profound effect a church's culture can have on the heart of a seeker as they pursue rumours of King Jesus and His Kingdom. It warns that Kingdom-culture doesn't happen by chance, but only as every member of the King's household lays down their own comfortable and familiar culture to surrender instead to the common culture of Heaven. This book has been written to inspire every Christian to vigilantly uphold Heaven's culture when living, loving and serving in the Fathers House— their local church. It implores us all not to waste another minute in engaging our God-given gifts and talents to create Heaven on Earth so that the Kingdom of God might be revealed in all of its glory to a world that is in desperate need of its wisdom, power and atmosphere. Only then, having tasted Heaven, will lost people truly desire to seek out this Kingdom's magnificent King!

Russell Evans writes, our relationship with God was restored with honor, and honor is the system God has built for blessing our relationships with Him and others. Honor affects every part of your life your family, your job, your finances, and your church life. In fact, it affects everything. God has a great deal more for us than the narrow slice of life so many of us experience more abilities, blessings, and inheritance. He wants us to experience heaven on earth to live life and to live it abundantly. He wants you to operate in your gifts and abilities, but honor is the key that releases these things in your life. Honor is the foundation of the kingdom of God, and it unlocks the possibilities of heaven.

How Do You Develop a Thriving Relationship with God?

How do we help our congregations navigate the journey of worshipping in a multicultural context? Innovative worship leader Sandra Van Opstal gives leaders and churches guidance, providing biblical foundations for multiethnic worship and practical tools for planning services that reflect God's invitation for all peoples to praise him.

This timely book offers a panoramic overview of the enduring significance of religion in modern Australian society. Applying sociological perspectives and contemporary theories of religion in society, it challenges conventional assumptions around the extent of secularisation in Australia and instead argues that religious institutions, groups, and individuals have proved remarkably adaptable to social change and continue to play a major role in Australian life. In doing so, it explores how religion intersects with a wide range of other contemporary issues, including politics, race, migration, gender, and new media. *Religion and Change in Australia* explores Australia's unique history regarding religion. Christianity was originally imported as a tool of social control to keep convicts, settlers, and Australian Aboriginal peoples in check. This had a profound impact on the social memory of the nation, and lingering resentment towards the "excessive" presence of religion continues to be felt today. Freedom of religion was enshrined in Section 116 of the Australian Constitution in 1901. Nevertheless, the White Australia Policy effectively prevented adherents of non-Christian faiths from migrating to Australia and the nation remained overwhelmingly Christian. However, after WWII, Australia, in common with other western societies, appears to have become increasingly secularised, as religious observance declined dramatically. However, *Religion and Change in Australia* employs a range of social theories to challenge this secularist view and argues that Australia is a post-secular society. The 2016 census revealed that over half of the population still identify as Christian. In politics, the socially conservative religious right has come to exert considerable influence on the ruling Liberal-National Coalition, particularly under John Howard and Scott Morrison. New technologies, such as the Internet and social media, have provided new avenues for religious expression and proselytisation whilst so-called "megachurches" have been built to cater to their increasing congregations. The adoption of multiculturalism and increased immigration from Asia has led to a religiously pluralist society, though this has often been controversial. In particular, the position of Islam in Australia has been the subject of fierce debate, and Islamophobic attitudes remain common. Atheism, non-belief, and alternative spiritualities have also become increasingly widespread, especially amongst the young. *Religion and Change in Australia* analyses these developments to offer new perspectives on religion and its continued relevance within Australian society. This book is therefore a vital resource for students, academics, and general readers seeking to understand contemporary debates surrounding religion and secularisation in Australia. From his own experience of pursuing God's presence and encountering Him, Andy offers an invitation to step beyond just knowing about God, to really knowing Him by experience, and being used by Him to impact others. His thought-provoking

insights from the Bible, along with personal stories of discovering God will inspire you to live a life of uncompromising worship in an increasingly secular world. In a unique and relatable format, 'Jesus Over Everything,' has been written to correspond with one of 'planetboom Music's' releases, also by the same name. Each chapter, sharing its title with one of the tracks, is an explanation on how to live out the message behind the song. Discover how:

To live with Jesus as the Lord of your life
Run to God with your issues, instead of running from Him
Praising God is a major key in your life
To put Jesus over everything in your life

GENERATION Z is called and equipped to rise above the global storm we are experiencing and initiate the greatest awakening our world has ever seen. They are ready. They are willing. They are born for the storm. Generation Z is officially the largest generation in the world today. They are creative, driven, entrepreneurial, and technologically advanced. Generation Z comes of age in an unique time. This generation is surrounded by turbulence: a global pandemic, racial tensions, political upheaval, economic unrest, and social tensions not experienced by previous generations. They live in a tumultuous life-sea where the waves are high, the winds are strong, the intensity is unceasing, and the challenges feel insurmountable. This new generation, born between 1997 and 2012, has never witnessed a calm sea. Social harmony, economic stability, physical tranquility, and domestic peace have all been very distant during this period. While those from earlier generations are often disturbed by it all, Generation Z considers these storms a part of their existence. They are survivors, and they are being equipped by God for maximum kingdom impact during a time when the world needs them the most. *Generation Z: Born for the Storm* is written as a book of hope for this new generation. It examines the environment surrounding Gen Z and tries to understand who they are. It also looks at the unique qualities God is forming in Gen Z believers. The book inspirationally describes qualities already emerging and predicts qualities that will emerge as Gen Zers take their place of leadership in the world. Each chapter focuses on a person or persons from the Bible whose names begin with "Z" and who embody qualities God is forming in this new generation. This is not an exhaustive volume on Gen Z. It is simply a snapshot in time connected to the timeless truths of Scripture that will help us reflect upon, respond to, and empower the most important generation to ever live. Their potential is beyond description. Gen Z will take the negative circumstances they have been given and, by God's grace, turn them into positives. Generation Z is ready. God is equipping. The Holy Spirit is moving. The world is waiting. The winds are blowing, and the waves are roaring. Spiritual history is going to be made because Generation Z is born for the storm.

Considering the amount of responsibility a video/visual team carries in a large service, and how much specialised technical skill there is to learn... he was amazed. How Christianity Spread to the Ends of the Earth

It isn't just a catchy name for a magazine, but a supernatural way of living that will become more real to you every day as you journey through life in relationship with Jesus Christ, your Lord and Saviour.

The Truman Parable follows the example of Jesus by using a modern-day parable to communicate the truth. THE STORY... Clark is intellectual, logical, and a hardened cynic. He has no time for superficial people that focus on feelings and happiness. Clark lives his life according to the facts. But has he been deceived? Is the world that he lives in really as bleak and grey as it seems? Is there no hope for a better future? Clark's perception of life is deeply challenged as he struggles with how to discern between truth and illusion. Through a riveting story and a biblical explanation, David reveals the tragedy of a global deception that has millions of Christians living a life without a revelation of true spiritual authority. Get ready for an explosive declaration of an exciting spiritual reality which can be yours TODAY! WHY CHRISTIANITY IS SO MUCH MORE Have you ever felt like you were stuck in a world that is grey and boring? Do you struggle to see yourself as a son or daughter of the living God? Many believers feel like there is something more to experience in their Christian journey, and they are right. We have subtly drifted away from the truth of God's original intention for mankind to walk in spiritual authority. The good news is that Father has so much more in store for you. Imagine what it would be like to experience a relationship of deep affection with God as a member of His family! David McCracken invites you to join him on this journey of revelation and wonder as you discover your place in God's kingdom. •Develop the spiritual authority that is rightfully yours •Reclaim your divine inheritance •Grow in intimacy with your Father •Discover God's original purpose for humanity •Breakthrough from the mundane to the miraculous ENDORSEMENTS "What a glorious, creative and triumphant work by our dear friend David McCracken! He has a rare ability to help us see the unseen, painting pictures through words that become handles of hope to hold onto." Darlene Zschech, Hope Unlimited Church "I recommend this book to anyone who wants to break out of just 'coping' with life and step into the abundant life that Jesus came to restore!" Russell Evans, Global Senior Pastor, Planetshakers "The entire parable is riveting reading and David's application is purely inspirational and transformative... you will read the Bible enriched, stand up empowered and start 'seeing' your life in brighter shades of brilliance after The Truman Parable!" DJ McPhail, Global Leader, Liberty Church "In this powerful allegory, David shows the discovery of coming to the realisation that your "yesterday" was the illusion and that biblical sonship is the truth. Rick Godwin, Summit Christian Center

Take two reality pills and call me in the morning. Swine Flu. Financial meltdown. It's been a bad year for pigs and pigs in suits. The only thing for it is a good dose of Catherine Deveny, who each week in the Age puts everything into perspective with her trademark iconoclastic wit. Free to a Good Home includes her thoughts on gifted children and breakfast television, sexy billboards and the bill of rights. She reflects on her youngest child's first day at school, and on how to be happy in hard times. Fearlessly funny and always provocative, Deveny is the perfect antidote to the modern world's ills. Can anyone explain why I did this? I went to the chemist and bought this crap I put on my face to make me look younger. I put the jar on the counter. The chemist girl said, 'Is this stuff any good?' I said, 'Yeah.' She said, 'Really?' I said, 'I'm sixty.'

Eyes like saucers, mouth agape, she gasped, 'OH MY GOD! Sixty! Toula! Fatima! Kelly! Come and check out this old lady. She's sixty!' So the other chemist girls scurried over and after a bit of oohing and aahing one said, 'Oh my God! Sixty? You look like you're forty-five!' I'm forty. Chemist girls, one. Smart-arse, zero.

In Dreams of Flight, Fran Martin explores how young Chinese women negotiate competing pressures on their identity while studying abroad. On one hand, unmarried middle-class women in the single-child generations are encouraged to develop themselves as professional human capital through international education, molding themselves into independent, cosmopolitan, career-oriented individuals. On the other, strong neotraditionalist state, social, and familial pressures of the post-Mao era push them back toward marriage and family by age thirty. Martin examines these women's motivations for studying in Australia and traces their embodied and emotional experiences of urban life, social media worlds, work in low-skilled and professional jobs, romantic relationships, religion, Chinese patriotism, and changed self-understanding after study abroad. Martin illustrates how emerging forms of gender, class, and mobility fundamentally transform the basis of identity for a whole generation of Chinese women.

The Journey of a Lifetime

If your life were a dish, how would it taste? Would it be sweet with flavors of peace, joy, and love, or would there be an aftertaste of envy or unforgiveness? Just as we can taste and see that the Lord is good, how would God, Jesus, and the Holy Spirit like the taste of our life? The four lessons are: Follow the Recipe, the Flavor of God, the Two Tables, and Extend Your Palate. PastorChef is a four-week curriculum designed for children ages 6 to 12. The 4-disc pack includes Raw files and is presented in DVD, PowerPoint, and Hotkey format, featuring video preaching, object lessons, memory verses, illusions, bonus features, music clips, animations, training clips, notes, and quizzes. It teaches kids about the link between food and the Holy Spirit.

The name of Jesus and his teachings captured peoples hearts and minds throughout much of the world long before Christianity was legal. Long before armies and governments protected or supported it, and then long after Emperor Constantines reign as many leaders misused it for

their own gains or religious views. Christianity also survived brutal persecutions during many centuries, including the present. Its growth seems inexplicable. While there are innumerable possible explanations for this, in the final analysis there are relatively few viable answers. One leading contender is that there really is something to the mystical power of the Holy Spirit, and the life-changing message of Jesus recorded in the New Testament. Another is, at the least billions of people have held passionate beliefs in Jesus's miraculous powers over life and death, and his eternal promises. The Pew Research Centers recent work supports the claim that Christianity is the only religion in the world with a major presence on every continent. Inexplicable traces this remarkable spread of Jesus's followers, including many of the heroic actions from those believing in his deity, and those horrific actions of those misusing his teachings. The Gospels journey is ongoing, and its story remains an engaging one. From Coptic monasteries and the Roman Colosseum to a small church in Franklin, Tennessee or mega churches in Laos or Seoul, its a rich narrative. Whether standing in the Sistine Chapel, looking at a Nestorian stone in China, or a Christian school in Kigali, this narrative continues and here we provide its historic context.

Why are Australians anxious and pessimistic? Who or what has caused our loss of trust in Australia? Why has a feeling of powerlessness crept in for so many? Has the luck really run out for the lucky country? And what can we do to get it back? Every generation believes its forebears have messed up the planet. That's how we evolve. But the mood in Australia at the moment, for all ages, seems one of gloom. People are angry. Distrustful. And not just because we are losing Prime Ministers faster than we are losing wickets! Sport, business, education, banking, farming, religion, trade unions, charities and hospitals have all lost their way through a series of scandals that we must learn from. And disillusion with our leaders is at its peak. Policy has been replaced by politicking. Commentator, author and former newspaper editor David Fagan asks the questions we all want answered as he traces the not-so-gentle decline of important Australian institutions. Through analysis and interviews with experts he explores what has defined Australia in the past and how we want to be defined in the future. Peeling back the rot that has contaminated almost everything Australians believe in, he asks: are we still the economically, socially and culturally strong country that most aspire to? Should we be

alarmed? Or has the laconic Australian drifted from believing 'she'll be right' to being a 'bloody knocker'? Has the Luck Run Out? shines a spotlight on the mistakes we have made, our national disillusion and looks to what can be done to re-set the mood of the times. And, more importantly, what we have to do to set things right.

Passionate and compelling, Greg Sheridan, bestselling author of God is Good For You, examines the role of Christianity in our modern world. 'Vividly written, compellingly argued, [Christians] will captivate believers and non-believers alike ... Jesus jumps from the pages of this book.' Richard Glover, ABC broadcaster 'You feel like you have met Jesus. I wholeheartedly endorse this book as a must read.' Russell Evans, Senior Pastor, Planetshakers International Church 'Greg Sheridan cuts through the thicket of scholars and skeptics to reclaim the New Testament and return us to the Word, as it was in the beginning.' Chris Uhlmann, political editor and columnist 'I love reading what Greg Sheridan has to say about faith. He is consistently interesting and challenging.' Nicky Gumbel, pioneer of the Alpha course on Christianity From the historical Jesus and his disciples through to the present day, Greg Sheridan has written an impassioned, informed and utterly compelling case for the truth and importance of Christianity in our lives. He presents a strong argument for the historical reliability of the New Testament, meets the living Jesus there, explores the extraordinary personality of Paul, celebrates Mary's activism and examines the magnificent richness of John. Filled with insights, intelligence, warmth and humour, Greg also introduces us to a range of fascinating Christians today, among them political leaders, and young activists offering the radical Christian interpretation of love to their generation. His book explores the journey of those who have been guided by faith, such as Gemma Sisia, whose school in Tanzania has transformed the lives of thousands of children, and the dynamic Chinese Christians pursuing their beliefs under harsh restrictions. He examines where Jesus can be found in popular culture and talks to Christian leaders - Pentecostal, Catholic, Evangelical and others - in Australia, the US and Britain. At a time when the chasm of understanding between secularism and faith has never seemed wider, Christians is timely, relevant and convincing. 'At the heart of the Christian story is the truth about the life of Jesus ... Greg Sheridan's book is a good read about Good News.' Peter Comensoli, Catholic Archbishop of Melbourne 'If there is ever going

to be a Renaissance of Christian belief to save us from the dreariness of much secular humanism, it will come from a book like Christians. I will be buying it and giving it away to believers and sceptics alike.' John Dickson, author and historian

The-five volume Oxford History of Protestant Dissenting Traditions series is governed by a motif of migration ('out-of-England'). It first traces organized church traditions that arose in Britain and Ireland as Dissenters distanced themselves from a state church defined by diocesan episcopacy, the Book of Common Prayer, the Thirty-Nine Articles, and Royal Supremacy, but then follows those traditions as they spread beyond Britain and Ireland—and also analyses newer traditions that emerged downstream in other parts of the world from earlier forms of Dissent. Secondly, it does the same for the doctrines, church practices, stances toward state and society, attitudes toward Scripture, and characteristic patterns of organization that also originated in earlier British and Irish dissent, but that have often defined a trajectory of influence independent of ecclesiastical organizations. The Oxford History of Protestant Dissenting Traditions, Volume V follows the spatial, cultural, and

intellectual changes in dissenting identity and practice in the twentieth century, as these once European traditions globalized. While in Europe dissent was often against the religious state, dissent in a globalizing world could redefine itself against colonialism or other secular and religious monopolies. The contributors trace the encounters of dissenting Protestant traditions with modernity and globalization; changing imperial politics; challenges to biblical, denominational, and pastoral authority; local cultures and languages; and some of the century's major themes, such as race and gender, new technologies, and organizational change. In so doing, they identify a vast array of local and globalizing illustrations which will enliven conversations about the role of religion, and in particular Christianity.

In Australian Pentecostal and Charismatic Movements: Arguments from the Margins Rocha, Hutchinson and Openshaw argue that Australia has made and still makes important contributions to the ways in which Pentecostal and Charismatic Christianities have developed worldwide.

Honor affects every part of your life—your family, your job, your finances and your church life. God has a great deal more for us than the narrow slice of life so many of us experience. He wants you to operate in your gifts and abilities, but honor is the key that releases these things in your life. Honor is the foundation of the kingdom of God, and it unlocks the possibilities of heaven. Original.

Asia Pacific Pentecostalism, edited by Denise A. Austin, Jacqueline Grey, and Paul W. Lewis, yields previously untold stories and interdisciplinary analysis of pioneer foundations, denominational growth, leadership training, contextualisation, and community development across East Asia, Southeast Asia, and Oceania.

With the fast pace of our culture today, people struggle more than ever developing a daily relationship with God. And, often, those who do have a daily time with God may find themselves doing it out of duty rather than a personal relationship with Him. Pursue God helps readers develop an authentic daily relationship where they are inspired to pursue God. First, by discussing “Why” to pursue God, and secondly “How” to effectively pursue Him.
