*Developed by language-learning expert Catherine Bruzzone, the French for Children program is a fun and effective way for your child to learn the French language and culture. This introduction gets your son or daughter speaking French right from the very beginning and keeps him or her engaged with a wide range of activities and games that keep language-learning fun*

*Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.*

*NATIONAL BESTSELLER • For anyone who wants to learn a foreign language, this is the method that will finally make the words stick. “A brilliant and thoroughly modern guide to learning new languages.”—Gary Marcus, cognitive psychologist and author of the New York Times bestseller Guitar Zero At thirty years old, Gabriel Wyner speaks six languages fluently. He didn't learn them in school—who does? Rather, he learned them in the past few years, working on his own and practicing on the subway, using simple techniques and free online resources—and here he wants to show others what he's discovered. Starting with pronunciation, you'll learn how to rewire your ears and turn foreign sounds into familiar sounds. You'll retrain your tongue to produce those sounds accurately, using tricks from opera singers and actors. Next, you'll begin to tackle words, and connect sounds and spellings to imagery rather than translations, which will enable you to think in a foreign language. And with the help of sophisticated spaced-repetition techniques, you'll be able to memorize hundreds of words a month in minutes every day. This is brain hacking at its most exciting, taking what we know about neuroscience and linguistics and using it to create the most efficient and enjoyable way to learn a foreign language in the spare minutes of your day.*

105 Essential or Fundamental French Verbs is a bilingual French-English manual which presents an innovative learning method for those who wish to master the French indicative mood. By classing the verbs in terms of frequency of use, both oral and written, the teacher or student is able to progress logically and at his own rhythm. In order to help English speakers learn the correct French pronunciation, a simple color coding has been applied to signal complex sounds and to indicate silent letters. To reinforce a cumulative learning experience, each new element is subsequently recapitulated through diagrams and tables that show how it is used in the different tenses, as well as how these are formed. MARIANNE YAYANE VERBUYT is a teacher and educator with a passion for transmitting knowledge. After more than two decades working within some of the most renowned scholastic institutions in Europe and the United States, as a co-author of the book, "Apprendre malgre le handicap ou la maladie" and as the primary educator highlighted in the acclaimed documentary, "Sur la route couleur de sable," Marianne decided to apply all of her pedagogical experience to understanding the mechanisms of learning. Integrating feedback from her many students, she figured out a coherent and innovative way to communicate the complexities of the French language to a non-Frenchspeaker. The simple and graphic aesthetic of this manual is intended to transform the student into a powerful participant in his or her own learning process."

Learn Italian through the power of story. A simple Italian story for beginners! Enjoy the process of learning, don't beat yourself up. You don't need to read boring text books anymore. Italian A Short Story for Beginners is a story written just for you. The captivating nature of story makes learning fun and easy because your attention is focused and the context will help you determine what is being said. This book is loaded with simple sentences, practical scenarios, and common phrases any student of a second language would not only want to know, but NEED to know. Alternating vs Solid Text Alternating Text Alternating Text, Parallel text or interlinear text is when your target language, in this case Italian, is presented with the translation directly to the side or below respectively. A text may be presented with the literal translation of every word, or a sentence/paragraph translated into a more colloquial or natural way of expressing an idea. We find this second way to be of more value as it emphasizes patterns which are critical to learning any language and as you will see, most languages have unique idioms. An idiom is a phrase or pattern that expresses something other than its literal meaning like "what's up?" You're asking how someone is doing, not what's above them in the sky. Alternating text has many advantages over a traditional text body. Mainly you are able to very quickly glance down to see the translation of the idea your reading in Italian. No time is wasted flipping through glossaries and you don't risk losing your place in the book because the translated idea is presented right there on the same page within a glances reach. Solid Text A traditional text body or text written entirely in one language has advantages of its own. Mainly, you are forced to interpret new or unfamiliar words based upon the context and your own memory. Context is extremely important, not only in grasping the true meaning of what is being said, but developing your capability to infer what new words mean. This skill is of the upmost value. When you meet a Italian speaker for the first time, odds are they will say a thing or two that you don't know or can't understand. Your ability to infer the meaning of a given word can greatly improve the quality of such an experience. This will expedite the learning curve and boost confidence. It is inevitable that you will make mistakes, don't let that

stop you from conquering a new language. Solid text also forces you to recall definitions, sentence patterns, and the meaning of various expressions. Without a quick translation available, you will be challenged and grow. Alternating + Traditional So, which style of text did we choose to include in this book? Well, each is so valuable that we couldn't pick one over the other. Thus, we included BOTH! We've presented the story first in its entirety with a Italian and English alternating text. Each paragraph is presented with its translation below. Second, we presented the entire story in Italian. So now you can use this awesome tool in a way that best suits you and your growing level of understanding. So, if you're interested in finally picking up Italian, you're just a click away.
