Some vampires are good. Some are evil. Some are faking it to get girls. Awkward and allergic to the sun, sixteen-year-old Finbar Frame never gets the girl. But when he notices that all the female students at his school are obsessed with a vampire romance novel called Bloodthirsty, Finbar decides to boldly go where no sane guy has gone before—he becomes a vampire, minus the whole blood sucking part. With his brooding nature and weirdly pale skin, it's surprisingly easy for Finbar to pretend to be paranormal. But, when he meets the one girl who just might like him for who he really is, he discovers that his life as a pseudo-vampire is more complicated than he expected. This hilarious debut novel is for anyone who believes that sometimes even nice guys—without sharp teeth or sparkly skin— can get the girl.

She's made a deal with a devil... THE PACT _____ Eve Weston, daughter of recently deceased con man Alexander Weston, knows a good deal when she sees it - and this one doesn't even come close. But if she doesn't want her vulnerable brother Terry being beaten to a pulp in jail, she can't afford to be fussy. In desperation Eve turns to another prisoner, a dangerous-seeming individual called Martin Cavelli. They make a secret pact: if Cavelli protects Terry then she will pay whatever it costs. But making a deal with the Devil comes at a price, and after a break-in and a viscous assault Eve begins to question her choice. It seems Cavelli is leading her straight into Hell, and now it's not only her brother's life on the line . . . NO ONE KNOWS CRIME

What did it mean for painter Lee Krasner to be an artist and a woman if, in the culture of 1950s New York, to be an artist was to be Jackson Pollock and to be a woman was to be Marilyn Monroe? With this question, Griselda Pollock begins a transdisciplinary journey across the gendered aesthetics and the politics of difference in New York abstract, gestural painting. Revisiting recent exhibitions of Abstract Expressionism that either marginalised the artist-women in the movement or focused solely on the excluded women, as well as exhibitions of women in abstraction, Pollock reveals how theories of embodiment, the gesture, hysteria and subjectivity can deepen our understanding of this moment in the history of painting co-created by women and men. Providing close readings of key paintings by Lee Krasner and re-thinking her own historic examination of images of Jackson Pollock and Helen Frankenthaler at work, Pollock builds a cultural bridge between the New York artist-women and their other, Marilyn Monroe, a creative actor whose physically anguished but sexually appropriated star body is presented as pathos formula of life energy. Monroe emerges as a haunting presence within this moment of New York modernism, eroding the policed boundaries between high and popular culture and explaining what we gain by re-thinking art with the richness of feminist thought.

Featuring an introduction by Playboy founder, Hugh Hefner, a paperback edition of the magazine's best-selling retrospective, first published in 1993, contains its most memorable articles and more than a thousand photographs and illustrations. Reprint. The real, untold, and unvarnished story of life inside the legendary Playboy Mansion—and the man who holds the key—from the woman who was Hef's #1 girlfriend and star of *The Girls Next Door*. A spontaneous decision at age twenty-one transformed small-town Oregon girl Holly Sue Cullen into Holly Madison, Hugh Hefner's #1 girlfriend. But like Alice in Wonderland after she plunged down the rabbit hole, what seemed like a fairytale life inside the Playboy Mansion—including A-list celebrity parties and her own #1-rated television show—quickly devolved into an oppressive routine of strict rules, manipulation, and battles with ambitious, backstabbing bunnies. Losing her identity, her sense of self-worth, and her hope for the future, Holly found herself sitting alone in a bathtub contemplating suicide. But instead of ending her life, Holly chose to take charge of it. In this shockingly candid and surprisingly moving memoir, this thoughtful and introspective woman opens up about life inside the Mansion, the drugs, the sex and the infamous parties, as well as what her relationships with her *Girls Next Door* co-stars, Bridget and Kendra were really like. Holly talks candidly about a subsequent abusive relationship, her own successful television series, and the hard work of healing, including her turn on *Dancing with the Stars*. A cautionary tale and a celebration of personal empowerment, *Down the Rabbit Hole* reminds us of the importance of fighting for our dreams—and finding the life we deserve.

From Playboy's classic archives comes a trilogy of stocking-stuffer-sized volumes, each devoted to a certain hair color destined to quicken a man's pulse. Blonde? Brunette? Redhead? In the fifties, sixties, and seventies, it seemed like all the Playboy models, not just blondes, had more fun. Building sandcastles in the buff, romping on tiger skin rugs, or starting pillow fights, beauties of every tress are captured in these timeless color photographs. Playboy contributing editor James R. Petersen introduces each book with a heartfelt text, and witty quotes are sprinkled throughout.

At once evocative and whimsical, this handsome collection is a perfect gift for a gentleman whether he prefers a blonde, marries a brunette, or has always had a thing for a redhead.

*From Greek drama through vaudeville and modern cinema, nothing in the theatrical experience has ever guaranteed a laugh like a man in a dress. This spectacular pictorial history examines the grand tradition of male cross-dressing in the movies through more than 700 photos, more than half of which are previously unpublished. The screen's greatest stars, from comedians like Buster Keaton and Peter Sellers to "serious" actors like Marlon Brando and Max von Sydow, are pictured in everything from bustiers to ball gowns. Just as in real life, the cinematic motives for cross-dressing are complex, ranging from plot device (*I Was a Male War Bride*) and social commentary (*Tootsie*) to the simple sight gags of Laurel and Hardy. The book explores these and myriad other reasons actors are coaxed out of dress suits and into dresses. By turns provocative, serious, and silly, *Ladies or Gentlemen* is a delightful study of a seldom-explored facet of cinema history.*

You are six years old. Every day after school your father takes you to a sprawling castle filled with exotic animals, bowls of candy, and half-naked women catering to your every need. You have your own room. You have new friends. You have an uncle Hef who's always there for you. Welcome to the world of Playground, the true story of a young girl who grew up inside the Playboy Mansion. By the time she was fourteen, she'd done countless drugs, had a secret affair with Hef's girlfriend, and was already losing her grip on reality. Schoolwork, family, and "ordinary people" had no meaning behind the iron gates of the Mansion, where celebrities frolicked, pool parties abounded, and her own father—Hugh Hefner's personal physician and best friend, the man nicknamed "Dr. Feel Good"—typically held court. Every day was a party, every night was an adventure, and through it all was a young girl falling faster and faster down the rabbit hole—trying desperately hard not to get lost.

Beat Generation great Jack Kerouac traverses the vast landscape of American counterculture in this raucous and insightful collection In these collected articles, essays, and wild autobiographical tales, Jack Kerouac, author of On the Road, leads readers down the highways and through the myriad subcultures of mid-twentieth-century America, guiding them along with his ingenious observations and brilliant command of language. He cruises to San Francisco high on Benzedrine with a barefoot blond model in a white bathing suit; traipses from New York to Florida with photographer Robert Frank and a \$300 German camera; takes a bus ride

along the edge of a precipice in Montana; and revels in the swampy blues of an old Southern bum at a Des Moines diner. On a journey of the mind, Kerouac courses through the philosophy, origins, and dreams of the Beats, those "crazy illuminated hipsters" of post-war America; describes his theory of experimental prose with the "Essentials of Spontaneous Writing"; and gives a tour of the San Francisco Renaissance, pointing out the new American poets who are "childlike graybeard Homers singing on the street." This sweeping portrait of the art, sounds, and people of a nation in transition could only be told with Kerouac's inimitable wisdom and charm.

When this beach bunny caught the eye of Hugh Hefner at an L.A. nightclub, Izabella St. James was looking for a fun break from studying for the bar. As the latest Girlfriend of the Playboy founder, her 'break' lasted two years, but life behind the gates of the Playboy Mansion was anything but fun. Sure there were parties, presents, puppies, and plastic surgery; but there was also a curfew, a strict regimen of who sits where on movie night, limited contact with the outside world, and a sex life that was anything but wild and crazy. While the E! reality show, The Girls Next Door, has been a ratings hit, each of the three Playboy Bunnies in the series has since left the Mansion in newsworthy ways: one is engaged to a football player, and Hugh's 'main' Girlfriend has finally understood that there would be no fairy-tale marriage and family with the man she literally transformed her life for. Izabella was there to witness how each of these relationships formed, where each Girlfriend fell in the pecking - and bed - order, and when, exactly, the fabled life turned shabby and cheap. From catfights to sneaking in boyfriends, from high-profile guests in the Grotto to the bizarre rituals of the octogenarian at the center of the sexual revolution, Bunny Tales is compulsively readable and endlessly entertaining! From the archives of 'Playboy' comes this trilogy of volumes, each devoted to a certain hair colour. There are nearly 250 images in all, with a classic foldout centrefold in each book.

From Playboy's classic archives comes a trilogy of mini volumes, each devoted to a certain hair color destined to quicken a man's pulse. Blonde? Brunette? Redhead? In the fifties, sixties, and seventies, it seemed like all the Playboy models, not just blondes, had more fun. Building sandcastles in the buff, romping on tiger skin rugs, or starting pillow fights, beauties of every tress are captured in these timeless color photographs. Playboy contributing editor James R. Petersen introduces each book with a heartfelt text, and witty quotes are sprinkled throughout. At once evocative and whimsical, this handsome collection is a perfect gift for a

gentleman—whether he prefers a blonde, marries a brunette, or has always had a thing for a redhead.

So begins the no-holds-barred autobiography of Monica Mayhem—a porn

star and proud of it. In her funny and disarmingly candid voice, she

reveals the ins and outs of making it big in Los Angeles, the

pornography capital of the world. Just how did a girl who was taunted

at school because her eyes were “too big,” and who carved out a

respectable career for herself trading oil futures in the financial

markets of Sydney and London, go on to make over four hundred hardcore

adult movies (and counting), win numerous industry awards, and even

land herself a role in the first Sex and the City movie? From her

troubled childhood to her first show at the famous Spearmint Rhino in

London to her favorite sex toys, Monica reveals how she built her
